The moment that Youth awakens, Everyone will Shiver in his presence..... Humans Unfair To ME , Millions Of Corpses Cover The Ground.

HEAVEN IS AGAINST ME , MY FURY WILL BURN THE HEAVENS ITSELF.....

Chapter 2

Prologue

Heaven's Boundary,

.....

Night as deep as thick ink, So dark that everything is intractable, no trace of light, Not a presence of single life, Such a frightening silence that any one will be flustered.

Above thousands and millions of powerful planes ,Heavenly planes is the centralized power,most powerful and more sacred than any other planes. That Holy heaven Which always seems very majestic, Why is tonight so dark? So quiet?

Suddenly!

Towards North above the city ,a strange crack suddenly appears in the void.Two ten feet long bones of dead big hands quietly extended from the fissure and hold down both sides of the crack and ripped the crack open.

With the expansion of the crack,a pair of large hand huge head and upper body finally drilled out of the crack.In the head within the hollow eyes shining a strange red light,On his white skeleton is shining with dense dark grey runes,which releases a suffocatingly frightening dead gas,even the near by air has become stagnant under it's flow.

“Chi Chi !”

Sudden quick movements start to happen,Near the male above the city one after another crack starts to appear,one by one flesh and blood corpses of humans and monsters drilled out of the cracks,there whole body filled with strange dark grey runes.There are numerous bodies wrapped in dark grey gas,one can only see a pair of bloody red eyes from within,in a short period of time heaven's near by void was completely occupied.

Innumerable Giant skeletons, human corpses, beast corpses and demon soldiers overspread the void , dense and numerous soldiers shrouded the sky,faintly shining dark grey gas coming out of their bodies blocks the light from passing them,originally sacred heaven today actually appears jet black and the city below also appears silent and inferior.

“Ha Ha Ha

A long laughter broke the surrounding original strange atmosphere,one of the empty cracks disappear ,a whole body wrapped in black and red robed old man slowly shows up.This old man,looks pale,no trace of colour,but also full of old wrinkles . His two long eyebrows drawn to his two ears,a pair of pupils shine with sinister and vicious red light .

“The Immortal Ming(underworld) emperor ! ”

The moment the black an red robe old man appears, Those innumerable demon soldiers,the skeleton giants,the demon corpses and the beast corpses all bent down on one knee , issued a tidy but respectful salute.

The Ming emperor has not paid any attention to the fanatics of subordinate,he is staring at the grand great city under his vision , in the dark red pupil fiery intent is shining .

Six Thousand Six Hundred Centuries !

He attempted for a full Six Thousand Six Hundred Centuries ,only to enter heaven this day!

He waited over Six Thousand Six Hundred Centuries , only to sit on the throne of imperial heaven's !

Nine Yang heaven ! (Nine Gods of Heaven/Celestial Emperor)

Ming Emperor silver grey long hair, calm pupil sometimes shines with a sinister and vicious red light and sometimes dark,clearly revealed at this moment he could no longer constraint his innermost feelings.Suddenly,inexhaustible anger leaps out of the body of the Ming emperor , Then he slowly raised his hand , index finger pointing to heaven .

“Wooo... !”

“Jie Jie !”

“Chi Chi !”

With Ming emperors command ,demon soldiers ,skeleton giants , human corpses, beast corpses , all started howling towards the sky, countless brutal , cruel , evil , foul and rancid breath would instantly release all out.

In an instant after the call the colour of the cloud changes void started shaking , wind blows violently !

“Bang Bang Bang !”

The giant skeleton started taking giant strides forward,with his huge hill like stature , every running step ,causes earth quakes , produces ripples , sound waves came like beating of war drums .

“Xiu Xiu !”

Demon soldiers and human corpses started moving,with black weapons in hand ,which simultaneously sparkles with the dark grey gas coming out of it ,converging into a unit of dark grey death gas they move forward in all directions

“Hum !”

The beast corpses have also attacked simultaneously , crawling or flying or jumping , such as locusts dense and numerous goes forward turbulently,crazily destroying everything , swallowing all that comes in the way !

However,when all invaders approach towards the buildings of city,nearly three feet away..

“Buzzzz ... !”

At this moment , formerly the city that appeared dead came to “Life” !

In those towering walls of the city, attics of the magnificent palaces .above the ground , around the corners ,Seven coloured Fu wen(runes) abruptly emerged out .

Those runes emerged in all directions shining and sparkling .

At the same time the , millions of flowers ,insects , beasts ,fish , birds , carved on the tall and magnificent buildings of heaven started moving surprisingly like coming back alive, various swimming, stretching ,exudes a breath of life ,brought together into a unit under the shinning runes ,formed alight shield that envelops the whole heaven, like the whole heaven is inside a cage .

“Bang !”

Tall giant skeleton in numbers of hundreds extremely powerful , started hitting the runes light shield ,instead of shaking the shield the bones of the giant turned into dusts ,but the guard shield was not swayed.

“Bang !”

The grey death gas falls on the rune guard shield, afterwards the seven colour runes in the shield started shining, inside and outside shining as snow bright, the dark grey death gas was driven out in a instant thousands of feet away without a trace .

“Nine Heaven’s lock star !”

Ming Soldiers whole body covered in magnificent black aura will exude a helpless sighing sound , immediately cups one hand across the chest to report to the Ming Emperor : ” Your majesty, this Nine Heaven’s lock star usually absorbs the energy sent by Nine Heavenly stars, precipitated in heavens every corner, it is said that there is no upper limit to accommodate the force . I am afraid the energy saved up for many years, before these energy is consumed , it is very difficult for our army to capture the city.

“Hmm...”

Ming emperor will not look at this soldier just sneer, but the soldier’s body thrown back immediately, body flesh , bones even black weapon turned into ashes .

“Messing with the moral of my army , that is the end of your fate !”

The Ming emperor looked around with red eyes , any military officer on whom the red eye falls the whole body to tremble , with cold tone he said : “Nine Heaven spent 3000 years studying Nine Heaven’s lock star , it is arranged a new array every 2000 years again. This array is also 1600 years old just how much energy it has left. I will give you 12 hours , no matter what the casualties , at all costs , to break open the array !”

All around kneeling on the ground said yes , one of the few leading skeleton generals stood up , his dark grey runes on the body started shining stimulating the whole body like a dark mountain with a shaking roar : “To Attack !”

The other soldiers did not say much, calling out the most formidable magical powers, the corpse soldiers, beast soldiers , demon soldiers started to attack seriously.

“Do Not bother with it ! ”

At this time within all sorts of noise and attacks a calm and ordinary voice sounded , but those words pierced into everyone’s ear .

Those sounds as if contained infinite charm ,unexpectedly trillion armed forces cannot help but peacefully quiet down, stopping there ongoing attacks .

With end of those words ,the entire light shield covering the heavens went down suddenly ,vanished without a trace,the hundreds of carvings of beasts stopped moving.The various seven coloured runes carved on palaces also no longer shine’s.

The entire palace in the front restored it’s original appearance , but in the southern courtyard of that palace,doesn’t know when but a man has appeared .

Dressed in simple long robe,both hands leaning on seven coloured long sword,very casually sitting on the stone staircase .

That Person finally appeared !

Trillions of soldiers of army felt a sudden shock in their hearts , though the man did not issue a trace of majestic powerful momentum ,that person looks like full of health,straight eyebrows slanting upwards and outwards,the face such as knife,but the semblance is actually very old,must be floating in vain , howeverThat person produces a frightening feeling in their hearts,it is not inferior than their master Ming Emperor, even surpasses their master faintly .

No one knows his name , long ago his friends used to call him Wu Ming.(Nameless)

He only spent 3000 years in achieving the imperial throne,in history it is shortest time taken by anyone to reach the throne,but also said to have great martial knowledge.

He sits in the heavenly throne ,ruled for 7000 years,because of the emperor is nameless, so the world according to his martial cultivation which has reaches the extreme boundary of yang ,in his later years known as Nine Yang Heavenly Emperor .

At this moment,before the ming army the nine yang emperor,Wu Ming(nameless) ,finally appeared.

“Old fool , you know my life is near its end , therefore you came to give me a ride ? ”Wu ming asked smiling.

“Well, Nine Yang Emperor,not seen for thousand years ,did not expect for so much crap or are you so thick skinned ! ”

Ming Emperor coldly “Today the four imperial army far away in the horizon, and has own matters to grind, 1 million god soldiers are also along with them in continuation of war , there morale is lax continue to die and scattered into dust .”

“Now you , a mere loner, and on its way to imminent death ,before dying, do you have any last words you want to say ? ”

“Sure , old fool you understand my heart know that i have something to say

Wu Ming Sigh loudly ,said : “If you really want to break through this array you have to consume 50 % of your military strength, when it will happen? 10 days or half a month ? More importantly,even if you have finally broken through here, and finally killed me successfully, how many of will live through this slaughter to walk out alive? That’s What I am worrying about

“Well, Nine Yang Emperor ,you have peerless martial talent but in vain, failed to become an immortal , because this silly feeling ! Mere soldiers, common lives are just but like stray dogs, if you couldn’t see through this point, how will be able to become a immortal ? If your nonsense are only these can not sit around and listen to them any more , unsheathe your dragon sword and let me give you ride to your death !” Ming Emperor hands out of thin air a long sickle shaped weapon

appeared,waved the weapon ,deep death gas filled both sides air entirely...

“Well , I always say i love peace,instead of imminent death,but also if you have no mood to talk then again

Ignoring the threat of Ming Emperor ,Wu Ming casually sitting there ,butfrom inside of his body,do not know when but emerged a ragging fire.

bright flame soon covered whole body of wu ming,including the sword leaning on his hands.

The sword that accompanied him through out his life following his orders , World Dragon Sword !

“Boom ! ”

Soon the flames broke out ,dragon sword in the hands of emperor suddenly broke into pieces of debris flying out in all directions .

Bright red debris disregard everything and penetrate the entire underworld army, instantly disappeared in the sky.

Ming Emperor's hand the sickle slight movement but did not attack , because he understands ,dying Wu ming's last attack ,if he tries to attack the pieces ,then wu ming's desperate attack will make him a painful price .

“Old friend ,This life cannot lead you into the immortal territory , I am really sorry ...”

In the heaven Mu wing's Flame debris disappear quietly gazing afar,quite a while , he sighed ,turned around to see Ming Emperor : “Old fool , Though your surprise changed my life ,but in the end you are not immortal,so in the future,do not rule excessively .I know that you do not care about life much,But may be there will be a occasion where heaven will ultimately help you and me out of loop .Probably, in my life immortality ,there is a little opportunity for it

“In the future to carry on the legacy of Nine Yang Emperor is not for you, I will not let you destroy what is left. Everything will be left for the successor....”

As the body of the Emperor continues to melt, temperature of the fire reaches infinitely hot, infinite dazzling brightness in the moment, the emperor and flame disappears with heaven and earth.

Nine heavens on the stone stairs in front of the palace of Nine Yang Emperor no trace of presence is left .

As if the Wu ming emperor doesn't exist between Heaven and earth.

Heaven once again restores the silence and darkness .

“Your Majesty ,We must Start the kill”

I do not know how long , hundreds feet away a soldier finally said .

“Whatever , you idiot ! ”

Ming Emperor Now angrily decided to leave the place , tearing the void , he turned and left the heavens .

“Oh

That silly soldier hearing this surprised for a moment, after some serious thought , going toward the tall silent heavenly palace , where no one rushed to , suddenly a violent fluctuation appears and his huge body is thrown down directly from air.

At the same time , heaven was violently shaking , in heaven all countless buildings under the nine heavens lock star array was totally covered as if wearing a layer of gold coat .

Subsequently, the whole heaven full of dazzling extreme gold runes

When the gold runes disappear after half stick of incense time, left all army staggering and dumbfounded, surrounding area several hundred miles huge city vanished, disappeared completely, leaving behind in the ground an ugly giant gulf.

Life of one of the legendary invincible emperor of the history comes to an end, at the end of a old life a new reincarnation slowly kicked off.....

A NEW JOURNEY.....

Chapter 3

Chapter -1

Heaven's Xing continent , Shen Wu country , Tianyu city

“ Ah .. Ah.. ,it hurts ! ”

Jiang Yi slowly opened his eyes, feeling his body, especially the head,waves of tearing pain spreading from it. He barely holds up the upper body, his lips curled up towards the eye, and saw that he is still lying near the medicine field in the Western Hills of Tian ridge.

He touched his forehead ,his forehead was swollen like egg with exaggerated pain .Jiang Yi's heart suddenly filled with unquenchable fury. Early this morning when he rushed to the western Hill's medicine fields , he runs into Jiang Ruhu and other family young masters who were stealing medicine , to exchange it for pocket money to spend . The behaviour of these playboys are not taken seriously ,the family guards generally turn blind eye , as if they have not seen them.

But of course Jiang yi did not know the inside story,after meeting them he could not bear the urge to stop them. He has not thought that he will be ganged up and beaten by opposite party's several people maliciously .He just regained consciousness .

“Jiang Ruhu , I just asked you to do the right thing , but you were actually this ruthless.....Well , one day I will collect this depth with interest from you ! ”

After murmuring a few words fiercely, Jiang Yi intends to stand up , but a firm pain runs through his body and he fell down again .His entire body covered with large and small wounds ,feeling so much pain his delicate face distorted, his head

still groggy .

What a pity except for afterword scolding from two elders, and increased time in punishment, What will I get....

Jiang Yi's Jiang family is one of the five respected families of Tianyu city. There are many children within the family so the status among children is extremely strict.

In the Jiang younger generation the status is most honoured, naturally has the young masters of various respected blood lines , as well as juniors with ordinary blood lines . And the direct blood line young masters like the Elder Son and some remarkably talented collateral branch young master are without doubt the existence of uppermost layer. But Jiang Ruhu and those all collateral branch young master's natural talent is ordinary, therefore there status within Jiang juniors is second rate.

As for Jiang Yi

Although in some sense he is also a collateral branch young master, but his actual status can not be compared with ordinary juniors, It is much higher. Especially in recent years, because of his Nominal young master status, he is insulted and bullied by various playboy young masters of other branches and wounds he receives will vary each time. Especially this time he was beaten so badly that he was unconscious the whole morning.

“Strength !”

“Strength !”

“Without formidable strength ! I Jiang Yi will be stepped over by Jiang Ruhu for whole lifetime, and face every possible way humiliation! I don't want such a life, absolutely not ! “While recalling the early morning scene ,Jiang yi's vein swells up, fist clenched so tightly that even the nails dig deep into the palm .

He stubbornly lifted his body that heavy head feeling increasing, ignoring the

strange eyes of others, enduring every step , limped away towards home. Along the way , he felt tremendous pain so much that his handsome face twisted with pain , eyes full of resentment

.....

12 years ago ,in the past when Jiang yi was only three years old , big elder holding him pronounced that he will become the most formidable member of the Jiang family . Thus being a collateral junior master , he has such a high status .

He was 5 years old when with other children of the family he practised the foundation martial skill. That time he revealed his astonishing Martial Art perception . Various complex and hard foundation skills, he could do it easily like playing with clay, which made him famous as Jiang's Boy Genius .

Two years later , however, everything was reversed

He was seven that year, family juniors at the age of seven will practice the Yuan force as per conventional training. Jiang yi was specially bestowed by a high grade river system Yuan force law “Jiangshui jue (River water to destroy Law)”, that only a direct blood line junior can practice

Then before the eyes of many people, Jiang Yi unexpectedly worked hard for a whole month and reluctantly refined several trivial insignificant river system yuan forces. Even the worst ordinary juniors of the family, only needed to spent 3-5 days to achieve that effect.

In Xiang continent, there are five elements , so everyone by means of the basic world of strength refines yuan(elementary) forces, because only if the body has vigorous element force, one can display a variety of powerful supernatural martial arts, splitting mountain open, flying through sky, etc. But if there was no elementary force, even supernatural martial art was practised again and again, even with tens of thousands of martial art Skills to cast out,you can only to be a waste!

Jiang Yi's Martial perception, strong body and intelligence was unexpectedly

very rare? That made everyone in Jiang family stunned!

After confirming the results, big elder personally went to pick a law for Jiang yi, but after trying number of laws and consulting many elders, Jiang yi was not even able to cultivate the lowest grade law, so he was even below ordinary students.

Having no alternative.....

Even if jiang yi practised many secret laws, elementary laws of each type and experimented nearly for a year but his refinery achievement of one month was not comparable to certain talents practice for one day.

Why in the world would such two extremes coexist?

When the big elder worried, finally decided to get Jiang Yi a physical checkup thus discovered a startling secret – in the periphery of Jiang Yi's Dantian, there was a seal unexpectedly, was similar to a fine thin film in ordinary, which bounded Jiang Yi's entire Dantian perfectly, restricting inside and outside filtration, greatly reducing the Yuan force speed passing in and out of his Dantian!

In other words, this strange seal was the chief criminal because of which Jiang yi could not store yuan force in his Dantian!

So big elder passed an order to draw the design of that seal, it resembled a mystical strange dragon shape covered with Fu Wen(runes), but anyone could not understand those Runes , let alone explain it

After determining Jiang Yi could not practice, big elder adopted him. Henceforth he stayed at home all day, reading various types of symbols old books, looked around for Rune master, hoping one day to break the seal.

Time is like running water, when Jiang Yi was nine years old, the big elder kept a letter for Jiang and once again left. In His departure for entire six years there was no news at all, just like vanishing into thin air.

From peerless talent to waste, but also made the family loose the most consecrate support, that made Jiang family strength to damage greatly.

Since then ,jiang yi was treated as a culprit, no longer a high status person, even though he always insisted on practice, in the missing period of 6 years his own yuan forces struggling to upgrade from zero to a single layer of dao territory. His status in family kept on dropping lower and lower . Only two years ago he was forced out of the family and was admitted to the homes where the servants of West Hospital live ,even he had 6 months before the final decision. Only at 16 years old, a final confirmation can be made for a Jiang Family's child ,if one cannot practice to Dao territory triple those family children will be responsible for the waste material work such as an inventory of family medicine field, harvest chores such work.

“OhThe real men did not grow up brave from childhood, recollecting many heroes were also useless, they do not know if I as a young slave will later grow up to be a hero, will they be worried about my appearance.....”

The thought of being slave, Jiang Yi's grim expression on his face finally calms down, it seems that the body is not so painful any more. Although hard day, but he has not given up, always felt that if he is going to continue to fight the most important is courage, and with this sentiment he remembered the little girl with whom he grew up, like brother and sister never abandoning each other.

.....

“Bang!”

In the ruined yard in Jiang western hospital, the gate was opened suddenly, almost could not persist Jiang Yi's staggering and tottering passing through by the gate. His brow is tight, in the pupil is the colour of pain,wipes the remaining bloodstain from the corners of the mouth .

The room does not have the familiar dim candlelight, does not have that familiar delicate form,he bent down on the table and panted for breath for some time.Then Jiang yi begin to light the candlelight and saw a note on the

table.

“There is steamed bread and meat gruel in the pot,Xiaonu is going to a relative’s house,will come back tomorrow, do not worry! Young master must take rest!”The hand writing is very ugly and crooked but after Jiang Yi looks through it his heart is in acid.

Relative? This stupid girl.....

12 years ago, according to dim memory he has his mother died of illness, he was carried to this Tianyu city by the big elder in the right hand, but at that time the big elder left hand was hugging another child,it was Xiaonu.In the Tianyu city besides the clansman of Jiang He and Xiaonu, does not know other people,then who is a relative for her?

Jiang Yi is actually very clear, for these years he was treated even more badly, even Jiang Ji’s monthly cash silver money was also reduced again and again. If Xiaonu does not exit to work, not to mention the basic compounded drug needed to lead a pious life , only fear he could not have enough meat to supplement his body

Many times Jiang Yi also wanted to exit to work and gain some silver money to subside home, but was firmly prevented by Xiaonu .She said odd business is done by slaves, he is the young master of Jiang, the young master must be a person of important matter in the future eventually, how can he do these despicable odd jobs outside?

“Important matterYoung master? The Young Master of shit! Ha ha ha ha”

Jiang Yi laughs, that laugh is completely miserable, he swayingly returns to the bed to lie down again, the head is getting more and more painful, as if his head will explode in next flash, before long he once again dozes off, even the dinner was not eaten.

That night, Jiang Yi had a dream.....

When he opened his eyes, Xiaonu was cooking, her back looked to him like a exceedingly weak body ,looks tired.

He was about to go up to help, but he saw a tall slender tall white-haired old man holding a lot of books to walk into the room, the books in the arm were piled on the table and sternly told him that inside these Laws he will definitely find a suitable practice.

“Great Grandpa, you were all right” Jiang yi’s whole face covered in tear stains called out towards the old man.

Xiaonu also lit a candle, said “Master Come on!”

Therefore he complied with the sound, took a book conveniently from the table,an old book, opens the first page, at present is actually a flower, saw only dozens black small seal script typefaces in that old book , first page unexpectedly flies out of the book , neatly moving in the mid-air, kept spinning around his head .

“World is vast, the martial road is only eternal, wants the yang law, must repair oneself first”

Jiang Yi kept reading those small seal script characters dazzlingly, his heart was surprised, those black small seal characters were revolving around him, hovering in air unexpectedly, such as small tadpoles full of life and breath.

Jiang Yi was looking positive, did not realize that at the moment, small seal characters started to transform!

Those dozens of black tadpole-like character suddenly disbanded the formation; minions dancing with claws rushed towards his head, one biting to his body, and even wanting to drill into his eyes and ears!

“Ah, ah, do not”

Jiang Yi suddenly awakens from the dream and started howling in the pain,

whole piece face immediately twisted, the body kept twitching unceasingly.

After Full half incense time, tearing pain was slowly disappearing.cold sweat dripping down Jiang Yi's, hair upside down, quite a while passed before he sat difficultly.

“So it was a dream ah

“No, no!”

Jiang Yi says with a long sigh but suddenly the complexion changes and has an expression as if in shock.

Because at this moment, he discovered that suddenly in his own mind were unexpectedly many dozens black small seal script characters!

These writing and the writing's he saw in the dream a moment ago are exactly the same, like the small tadpole, revolves, turns over cheerfully and hovers in his mind

Chapter 4

Chapter-2 : Mysterious Characters

Jiang does not need to pinch himself to find out if it was a dream or not because he was hurting all over the body. And sky is still dark, big elder's is not back and little slave is still outside for work, and certainly there is no pile of secret book of laws on the table.

But if he was not dreaming, then.....

Jiang closed his eyes carefully, cautiously looking inside his mind, he once again sees those dozens of black seal mysterious characters, every word is very clear, black skinny, full of life, definitely not an illusion .

“Fortunately temporarily did not have any adverse effects.”

Jiang Yi thinking for a long time, hitting and shaking his head, finally came to an conclusion that the black seal characters are not harmful to him. Repressed throughout his life mental capacity far exceed his peers.

“Three past midnight, it's already this late, quick I have to process these wounds as fast as possible, so as to avoid the nagging of little slave when she comes back.

This time jiang Yi was out of sleep completely, looking out of the window, the light's the oil lamp, suppressed the ache in whole body, applies medicine to wounds, after that returning to bed sat cross-legged.

To recover the injury as soon as possible, it is essential to tune the outer drug with inner qi.

After applying the outer medicine, the internal qi must regulate the blood to clean and repair the wound quickly. Therefore jiang yi after applying the medicine used the River water to destroy law to run, rotating the yuan force of Dao single layer in his dantian, helping his wound to quick restoration.

[NOTE : FOR DETAILS ABOUT River water to destroy LAW ,Yuan force ,dao layers read chapter 1]

“First Calm like water, to strive for veins and meridians like water calm, virtuous, benevolent, sharp and perfect. The martial world is vast, the immortal road is eternal, want the nine yang, must prepare oneself first.....uhhh...No, made a mistake

Although Jiang practice is restricted by the seal, but he is pretty hard working and serious while practicing. But this time does know why obviously somewhat absent minded, good thing yuan force did not travel wrong meridian. However dozens black characters in his mind at present swaying, making him unable to calm his mind.

“UN.... Un..... But great grandpa always told me unless the reliability of the power law is confirmed, do not practice it...”

Jiang Yi meditated several of these black small characters repeatedly, felt that this mnemonics are totally different than the numerous elementary force merit law he tried practicing in childhood, it is very strange. But once the thought of curiosity has taken birth in heart, it cannot be stopped.

Go ahead!

A small half hour later

Jiang Yi opens both eyes slightly disappointedly, this nameless mnemonics can indeed practice, can bring forth a tiny wisp of elementary force, but the refinement of elementary force cpmpared to the River water to destroy LAW is very less

“Heal with River water to destroy LAW ! What the hell”

People's pubic region can only run one element force, which is well known as Xing continent common sense, but when jiang practices the unknown characters discharges a elementary force in public region, when refines it using River water to destroy LAW a wisp of yuan force is produced in public region which is unexpectedly black.

Xing continent, after practicing a law, will produce variety of colors for each force, these colors are generally the color of elementary force or depend on the type of law they practice.

For example, like Jiang Yi River Gong practitioners' river element force produced the colour must be blue, but if he practices flames gong of fire the elementary force colour is red.

In jiang family, jiang in his childhood due to his physique as well as relation with big elder attempted many heart laws, experience on colour of many yuan forces. Besides the river system merit law mostly is blue colour, the fire merit law mostly is the red, for example wooden merit law mostly greens, soil series merit law mostly yellowBut he had not seen what can bring forth the black colour elementary force!

He tried to control it, but practice speed is too slow, even the colour is useless ah! Another powerful elementary force law, practice did not reach next level, it is also useless!

Jiang yi is too tired to think, black yuan force in public region did not bother to control ,he casually allowed it to flow to the left hand small strip of meridians, so that tomorrow he can extract it from body.

He calms the mind finally, with total concentration on River water to destroy LAW for healing his body.

.....

“Jiang Yi, come out quickly!”

I do not know how long, outside the hospital suddenly sounded full of shouting, Jiang Yi heart startled to hear that voice immediately, wake up from meditation, bad feeling arises in his heart.

This sound he is very familiar, he in the family is responsible for medicine field that side Tian Gong steward. One who takes care of medicine fields for family, every day report should be made to him, but yesterday after beaten by jiang ruhu completely forgot about it.

Jiang Yi sets out hastily, reorganizing the tattered clothes gown carelessly, walks toward outside.

The weather was greatly bright, morning air was very fresh, Jiang Yi felt after overnight siting in meditation therapy, the injury restored much, spirit has also fully recovered several points.

Was only a pity that institute entrance was the Chinese gown middle-aged person who was spoiling the fun of positive morning into negative. when jiang yi heard sound of footsteps, did not look back just bowed down.

“Salute ! the Head in Charge “

Jiang Yi lowers the head to hold the fist in the other hand to salute, a corners of the mouth bitterness and astringency, he is collateral branch young master now gone down in the world that he must salute to a young steward

The head has not turned head with calm and cool voice interrogated “yesterday why didn’t you make a report on 4th medicine field ?How many time do you slack on work ?”This matter if I reported to punishment hall ,you will not even receive a copper dim this month.

“I

Jiang yi wants to tell the matter about jiang ruhu but stopped at the last

moment, because father of jiang ruhu is chief manager of family direct head of the steward. If this matter is known head will not help him instead punish him even more.

“I..... What?”

Rong turned to look at jiang yi maliciously “if within two hours you do not repot the exact quantity get ready for punishment from punishment hall”

Steward leaves with long strives away from the yard, jiang yi returns to room, washes the face, drnk the meat gruel and left for the field.

Although walked lamely, but did not have yesterday like ache obviously, so Jiang Yi mood has also improved much.

Half an hour after he arrived in the Western Hills.

Jiang family mainly cultivates a herb called, yao cao[iris grass]. Iris grass is type of spirit grass, although the lowest quality, but still a category of elixir, which common people cannot afford. In fact, Jiang takes the iris grass as primary materials to manufacture medicines to build up one's health the blood pill, the object of main supplied to the family juniors and outside military, is the military officer in army.

Jiang Yi stood on drug field, looking inside the dense green grass field medicine ginseng leaves, bitter face while thinking how he was beaten yesterday until he was in this coma, how he managed to endure home

He shook his head, Jiang Yi forcing himself not to think, moving from one to another. Head gave him two hours, if not reported in time, not only going to be scolded but salary would be cut too.

Jiang Yi walked toward the front side of the inventory side, when he came to third drug field, suddenly noticed a faint sound coming from the front. He looked up and he looked, actually saw in the distance a figure sneaking within the weeds.

“Some people stealing the medicine!”

Jiang yi eye a cold intent flashes, but he didn't move rashly like yesterday. He turned a blind eye and continuing doing his work, because he didn't want trouble.

“Ha, I also think who is that? Jiang Yi, turns out to be you this waste?”

A moment later, some indistinct familiar sounds convey from the thick patch of grass together, a short and stout form drills, is on the face of fat is the meaning of ridicule.

“Jiang Bao!”

In Jiang Yian the hatred dodges, this person of course he knew ,that was yesterday he and Jiang Ruhu steals the medicine together, beat him with family collateral branch juniors together, was Jiang Ruhu's renowned lackey. It is estimated that this male servant thinks he was injured, today should not climb mountains, runs greedily to steal drugs secretly?

Enemies meet, exceptional anger!

But Jiang Yi actually does not dare to begin, because this Jiang Bao, although the natural talent is not good, has no interest to practice, but has practiced after all these many years, he also has the dao boundary double strength. But he only dao boundary single layer the strength, yesterday was also injured, if at this moment shows off power, perhaps will lose.

“Jiang Yi, knowing the limitation immediately rolls to descend the mountain, did not say anything that should be an eyesore in this. Jiang Yi want to do his job, meaning that but the opposite party obviously has not actually given up, in Jiang Bao's pair of mean pupil is an ominous light staring at Jiang Yi.

He clearly understood , jiang yi does not care they are stealing drugs.

Seems like you learnt from your mistakes!

Jiang Yi really do not wish to interfere, because he want to go back and report the quantity to head. His monthly salary depended on it.

So he still stubbornly standing still, silent.

“It seems like you no longer need lesson ,even the brain of you this waste can be miraculous!”

Jiang Bao sank his face, his eyes flashed fiercely, drink soon burst, the body jumped up, right fist surrounded by red spiritual power, like a meteor-across the sky.

“Human Rank high-grade goods martial skill meteor fist? Jiang Bao, you

Jiang Yi moves back fast, is mad and angry, has not thought that this Jiang Bao had not said two lines and started to attack, moreover gets started with the big move! His wound also recovered today, today only feared that must have one misfortune after another.

“Splash!”

The opposite party armoured hand came from out of the blue, Jiang Yi with no preparation is considering only to avoid, he was not paying attention to the ground gully to be uneven, therefore one in the anxious drawing back process makes a false step to lose the personal appearance, when he was recovering, the fist of opposite party already close to him.

Panicked, closed his hands towards the fist and attempt to trace the unknown black force that he stored up yesterday. When he was running full force the river yuan law, and called the black element force it also started running up.

“Ah? Bad! I can’t control

He suddenly wake up, scared almost out of his wits. He is now in this stage where, his body’s yuan force of different properties at the same time is running, or if they collide, then different attributes per force start a riot in his body , then his body meridians and veins are likely to explode

However

What ! the next flash makes him even more surprised, the black elementary force that coming out of that nameless mnemonics practice, collides with the blue river system elementary force of that river water practices law, actually which he had thought to be chaotic, instead was in perfect harmony the perfect integration, walked randomly in the passages through which vital energy circulates freely.

“WHAT! NOUnexpectedly fused?”

Jiang Yi blinked, this secret passage is lucky, but saw that the fist of opposite party is near him, he subconsciously continuation revolution of elementary force, the personal appearance turns toward the side avoids the fist , simultaneously both hands also continue to attack toward the heavy blows that Jiang Bao makes.

“Bang!”

The sound of sinking sound resounds together, was not Jiang Bao has actually hit Jiang Yi, but was jiang yi hit jiang bao that short strong stature such as the broken gunnysack flies upside down unexpectedly exited five to ten feet, this layer on layer pounded to fall on the ground.

“what—”

The miserable peerless vast cry resounds together , Jiang Bao in the ground unceasing tumbling, the right hand that he fired a moment ago in a strange shape soft is drooping, probablyKept off by his left hand, that showed elbow

joint was completely jerked out of shoulder?

“This, this

Jiang Yi does not dare to believe, he is looking at his own left hand, after a while made a sound .A moment ago, astonished muttered: “Doesn’t that yuan force clearly belong to the black elementary force and river system elementary force perfect integration? Moreover is the might after fusion is unexpectedly so terrorist? I think my strength increased at least 2-3 times of usual strengths a moment agoHow otherwise possibly to hit Jiang Bao so far?”

Chapter 5

Chapter 3 : Mysterious Black Yuan Force

Jiang yi looked at Jiang Bao rolling on the ground, both of them could not accept the present result. Xing continent almost everybody practices martial arts, martial arts have a stern ranking system to distinguish strong from weak, first stage is Zhuding[Dao] Territory, Second Stage Zifu Territory, Third Shenyou[Spirit] Territory and so on..... Each territory is divided into nine stages based on strength of yuan force, therefore strength standards of each stage are also entirely different.

[Note : I am going to call first stage as dao , second as zifu and third as spirit,because it will be easy to remember and read.....]

For example Jiang Yi is now Dao Territory first layer, has strength of one horse , strength is equal to 420 jin . But Jiang Bao who is at Dao double layer has strength of two horses about 840 jin. In different human bodies there will be some difference in strength but before the overwhelming superiority of yuan force , this difference is generally not worthy of mentioning.

However

In fact Jiang yi has 120 jin fore, after fusion of river system elementary force and black elementary force of the mysterious characters , how could he be able to throw Jiang Bao 4-5 feet away?

A few moments ago Jiang yi under reflex used the martial skill “Stone Break Hands”, even though he has amazing perception, this move was very difficult to practice, but he has reached a very high degree of efficiency for which he was even praised by big elder. However before such vigorous elementary force , not only did not have any injury but also the move he used reluctantly even

dislocated Jiang Bao's shoulder, how is this possible?

Such a strange situation, except the fusion of black and blue elementary force which allowed his power to rise exponentially, there is virtually no other way to explain it.

Just

But fusion of different yuan forces has deadly result. At least in realm of dao territory, even touching other yuan force can create problem, it can result in yuan force disorder, fracture of meridians, rupture of public region turning into a useless waste, it is common sense in Xing continent.

"Ah, ah Jiang Yi you bastard, you f***king dare break my hand, you're gone, you are dead!"

A voice full of hatred made Jiang Yi pull back, he saw Jiang Bao howling in pain, while ferociously staring at him, that plump fat face has a hideous colour clearly full of hatred.

"Hmm!"

Jiang Yi suddenly thought, yesterday these people beat him and most ruthless was this Jiang bao. And today he did not say any thing but this guy once again tried to put hands also by using Meteor Fist, he once again tried to beat him to lose consciousness or even life ah

A ruthless colour flashes Jiang Yi's face, since the opposite party is injured, then today he can not let him escape at all.

"After I finish I do not know what will happen, but Jiang Bao Today you are definitely finished!"

His body jumped up from the ground, a stride rushed towards Jiang Bao, half way in air his leg twisted in air, in a blur made a clean sweep towards the body of Jiang Bao.

Middle Grade Martial skill,Serpent whip legs !

Jiang Bao never expected this guy who has always been pretty mixing and honest will actually take the initiative to attack him? His face suddenly emerged a panic look. His left hand was seriously injured at the moment, constantly tearing pain has tortured him enough to choke, how can he fight back? At The moment he can only use his left hand on the ground to crawl, which made him exceptionally embarrassed.

“Phew!”

Although Jiang Yi Yuan force is short, but control of the martial art is unusually skilful, since made a commitment to clean up the other side, how Jiang Yi could let Bao escape? Serpent whip legs vividly played out, long legs as they are generally made of snake bones sweep again on back Jiang Bao.

“Bang!”

“Bang!”

.....

When Jiang yi vented out the last attack,Jiang Bao pitifully rolls on the ground screaming again and again and rolled down 10 feet away.The latter was suppressing the left hand pain, is thrown into confusion to contort one's face in agony to crawl, at the same time shouted: “Jiang Yi, you wait for me!” At the same time without wasting any time he runs away.

“Well

Jiang Yi has not gone to pursue, instead with some surprise is looking at his own both legs, many leg attacks that he displayed a moment ago fully, actually can only kick Jiang Bao ten feet far ? The strength compared to before was obviously less, obviously restored to the normal level

Jiang closes the eye leisurely, is feeling the changes in body carefully. Now the yuan force inside the meridians have no trace of black yuan force.

Maybe.....

Jiang yi pondered : "It seems black yuan force was too less, yesterday after practising the mysterious mnemonics for half hour, i gave up because the result was not satisfactory, therefore storing the rest black yuan force in left arm. When a moment ago used the stone break hand skill, the black yuan force was consumed thus the power of serpent whip leg was reduced.

"Um Regardless, first must clean the field, after completing the task, must go back and study well!"

Jiang Yi at this time heart beating a little faster, unknown indefinable road filled with excitement. Accidentally he picked up a enhancing strength approach, even his problem of slow refinement speed is not changed, but at least let him casually beat Jiang Bao. His heart which was stuffed and suppressed for years was finally happy to vent out.

Jiang yi only spent half an hour and the inventory of iris grass was maintained. Then he rushed through the hill, although the body injury is not all good , but he has become lively as ever again.

After reporting to head in charge ,Jiang yi hurried back to his yard. It was still deserted , apparently small slave has not come back. But Jiang yi did not think much ,got into house jump on to bed and started meditating.

He must practice the mysterious mnemonics that he obtained in the dream to refine the black yuan force.

After less than half an hour

Without any accident, jiang yi refines a wisp of black yuan force once more in his public region. Reaching inside the public region of his body Jiang yi quitely stares the black yuan force, it is as is one inch long hair, more he looked at it more

happy he became.

Jiang Yi got excited again, this force that looks like fine strand of hair, but at desperate time became his life saving straw.

“Let’s try fusion again !”

He carefully guide the black yuan force to left hand and the running the river system yuan force from public region to the left hand.

“Sure enough and the perfect blend!”

Two different attributes yuan force such a perfect fusion ,jiang yi face shows a colour of ecstasy,leaps out of the bed,swung his fist facing the heavy quartzite bed rock.

“Bang !”

Ground startled, hard quartzite bed rock at the moment fragmented into two, his left fist smashed through the bed, the entire fist deep into the stone below the soil.

Strength increased by a lot, otherwise breaking this quartzite bed at least needed the strength of two horses.Jiang yi extracts the arm slowly,although the gown was tattered,arm also showed some blood stains ,but he has not cared at all.His body shivering excitedly.

This is merely a wisp of black yuan force.....

If refine unceasingly, when the black yuan force more in number ,his strength will get more and more formidable ?

“Practice! Must Experiment! Practices some again, tried several times.”

Jiang Yi shook his head, forcing himself not to laugh, eyes on the spot earnestly

sitting and practice together, this time it was a full two hour before he stopped practising.

“It’s really is difficult to practice black yuan force, two hours have passed also barely able to extract six thread

Jiang yi worriedly grabbed his head ,but putting the troubles aside,quickly jumps of bed,pushing the black yuan force to right hand and then the river yuan force fusing it once again smashed a punch on quartzite bed.

“Bang !”

Hist fist once again deep into the soil.

Jiang extracts the arm leisurely, excitedly walks back and forth in the room, suddenly footsteps stop, thinks of a matter: “This black elementary force, since can make the fist strength increase, then leg strength should also.....?”

“Phew!”

He looked inside the room which has become completely messed up,laughed turn his head leaped out of the front door,arriving at the back yard he stands firmly,transferred the black yuan force to the

right leg fusing with the blue yuan force stepped on to a quartzite ground.

“Bang!”

Similarly the ground splits,half of jiang yi leg was into the ground – the leg’s strength seems to be higher than the fist!

“Ah Let’s Try knees!”

“Boom!”

“Try elbow!”

“Boom!”

Jiang yi full of delight, as long as black yuan force fused with blue yuan force, my strength of martial arts will increase by 2-3 times. Also the remaining two black yuan forces after fusion, jiang yi transporting it through the body when it reaches the heart he doesn't have the mentality to spend it.

However.....

When transferred the yuan force towards the head, the force started a new pattern, that fusion force passes through the meridians of left eye and black light passes through the eye, jiang yi subconsciously winking the eye, when opens the eye again the world seems completely different.

Jiang yi can see very clearly at the moment, all very dull, he can clearly see a spider on its web in the corner and as if at The movement that spider crawls is much slower, is ordinary like world is in slow motion.

“Damn!”

He closes the eye hastily, opens once more, present picture actually still very clear. Changes an angle, sees only in the distant place dim corner, a grain of rice carried by reptile, its carrying it on the back, it crawls slow such as snail

Jiang Yi has thought of something suddenly, looks fiercely toward the distant place by the courtyard that outside scenery similarly is much clearer, in dozens feet away in space flies a mosquito to see clearly the path.

“Buzz -“

After several time glancing in the four directions , his left eyes suddenly became blurred. after closing and opening the eye again , his eye has returned to normal. he can see the spider in the corner, but unable to see it clearly.....

Jiang Yi quickly awakens, instantly induces that black elementary force, discovered that really has been consumed, in the eye the elementary force that remains is completely blue in colour,

“This black elementary force is unexpectedly so mysterious, it can also make the vision strengthen!”

Jiang Yi efforts to restrain himself not to laugh emotionally, running again the last trace of black yuan force toward veins of the right eye.

Sure enough

The whole world becomes clear again, the flow of time seemed to slow down

“so amazing.....”

Jiang yi was very, very excited as a child who found a new toy. He will look inside the room again and again corner to corner, he looked towards the window, and had a very different feeling for this new world, while finally started irrepressible laughing again.

“Ha ha ha, Yeah, it really is a treasure, God has eyes ah

Has not waited for Jiang Yi to look again, the black elementary force once more consumes, the world restored to the original design.

Think again, he noticed the body has not left any black yuan force – the hard two hour practice before the accumulation of six black silk Yuan force, he has squandered over time of half stick of incense.

“Practice! Practice!”

Jiang Yi rubbed his eyes, his face full of tender ecstasy of colour, he immediately sat down, this time he was ready to practice longer and extract

more black yuan force to study more.

After more than an hour

This time he was waken up, by a dull collision of gate together.

“Bang!”

The courtyard of his house was a young girl wearing a homespun cloth long skirt to stagger along, startled of young girl whole face, flushed to yell:”Jiang Yi Master, Master Jiang Yi come out, your little slave was hit, if you do not go, fear that her life is gone

“Little slave!”

Jiang Yi whole body trembles, opens the eye suddenly, the facial colour instantaneously becomes fierce , such as an enraged the Lion King.The long hair to neck raises up like fire, his body rises with a spring from the ground, crazily shoots to go towards the front courtyard

Chapter 6

Chapter 4 : Jiang Xiaonu

The young slave's full name was Jiang Xiaonu, according to big elder his mother purchased the abandoned baby when he was one year old as the maid servant for him. Although in status she is a maid servant, but both of them grew up together as siblings, after big elder has gone missing both of them bound by common destiny. If not for Jiang Xiaonu refuelling for him, he wouldn't have been able to stick with this situation .

If you touch a dragons precious object, you will invite the wrath of the dragon.

For Jiang Yi precious thing also thatJiang Xiaonu!

Therefore after hearing the Xiaonu has an accident, inside Jiang Yi immediately violent anger rises up, whole face looking fierce rushing towards front courtyard, the young girl who came to notify saw Jiang Yi like a wild animal had a severe ominous feeling and breath had a scare.

Jiang yi shouts a roar " Xiaonu, What happened? Chunya , You tell me quickly what happened to my Xiaonu ?"

The young girl who came to notify, Jiang Yu knew her she was daughter of a Jiang old servant residing near by, usually both her and Xiaonu exit the house frequently to work together.

Chunya is scared, with a weeping voice started to explain :" Master Jiang yi , Xiaonu was hit in the Fengyue Building , that steward said that Xiaonu has

spoiled a beautiful painting and wanted her to pay the money, otherwise must kill her, you must find someone to save her quickly or"

"FengYue Building !"

Jiang Yi eyes are cold ,he knows that this feng Yue building in the east city biggest brothel.He also followed Xiaonu one time to find that, she helps them in washing bed sheets in the backyard of the building,in exchange for meagre amount of money.

"Find Someone ?"

Jiang Yi shook his head,after big elder went missing,everybody treats him like a nobody, who will help him ?Also if such disgraceful matter was known to the family ,fear that if Xiaonu is not Killed by the Feng Yue building,must be killed my the punishment hall.....

"Chunya ,You first go back ,remember ,do not say about this matter to any body !"

Jiang Yi eye's reflect a trace of ruthless colour ,ordering chunya ,he bolted away from the courtyard.Time is running out ,he did not have much time to think about and can only go alone, even is he has to die he will bring Jiang Xiaonu Back alive.

Chunya saw jiang yi to go ut as a gust of wind,covered with murderous intent,she quickly chased crying a few times :"Jiang Yi Master , you must not be impulsive, the guards protecting the FengYue Building strength is very formidable....."

But she just chased out saw that jiang yi's figure has moved dozens of feet away,takes a turn and disappeared inside the corners.

Chunya rubbed the eyes, whole face surprised thought :"What? Was the Master Jiang Yi speed so fast? Isn't he Dao boundary single layer? This speed can be most likely caste by Dao Boundary double or triple "

.....

Jiang YI speed indeed increased 2-3 times, under the desperate situation he used a black yuan force in the left egg, speed such as lightning moving through the wind, in several breath time he reached the avenue from the west gate, luckily on the road has not run into clansman of jiang, otherwise definitely would have suspicions.....

Unfortunately!

He once again running a few hundred feet away speed slowed down the black yuan force has been consumed, and he was about to mobilize black trace element force, continue to wake up to speed very quickly, he stopped.

He has just more than an hour to practice, black yuan force to extract only five strands, if all consumed now, if there is conflict in the Fengyue building, what force will he use?

“Xiaonu, you must insist on living !”

He can only operate blue yuan force, biting the full floor rushed toward brothels along the way because of running too fast, he almost hit a few people. Fortunately, Fengyue building is in the eastern side of the city Jiang yi spent only half stick of incense time to arrive at the East cloud street where the Fengyue building is located, his eyes locking the building electricity running through his body, he bolted toward the building.

“Grand pa, Come inside to play! We fengyue floor have the most beautiful and pleasing girls that can truly make you enjoy your stay”

“Yes, Uncle get inside ! Our fengyue girl recently learnt to play a new flute song, can be very beautiful while watching the moon.....”

Has not reached the building, sounds of two male drawing customers to the building faintly transmitted, in evening the fengyue building was open for

business.Jiang yi spent nearly two hours in west medicine field,then went home studied the black yuan force for few hours, learning the capabilities of black yuan force has completely forgotten the time,not at all suspicious why Xiaonu did not come back.....

Thinking of this,his heart full of endless guilt,he does not take a turn towards backyard ,like a gust of wind rushed into the building,passed through the hall to directly enter the back yard.Outside two males busy in drawing customers did not pay attention to jiang yi,inside a middle-aged but still attractive procures noticed the guest to visit, turning her curved waist, flattered to welcome: "Yo, what does this little elder brother come to do anxiously? My family's girl"

Jiang yi is no mood to hear this procures nonsense,he glanced the surrounding,eyes swept to see a door straight back yard, body bolted towards the door.

"Bang!"

Gate unlatched, Jiang Yi hits directly with his shoulder, breaks into the backyard vision to sweep off like knife in all directions.

"Where is Xiaonu ,how i cannot see her ?"

The backyard is very spacious, several female servants are washing the clothing in the wooden basin, does not have the form of Xiaonu. However he noticed that several female servant looks are not obviously right, on face some colours of fear, vision unceasingly is sweeping off to a room in backyard corner.

"Do not hit, Sir do not hitEven if You kill the young slave, i cannot sell myself into servitudeSir do not hit, I will find a way to pay the money"

Suddenly –

In the backyard corner room he hears together the faint sobbing and begging for mercy sound, the Jiang Yi whole body shakes, immediately yelled: "Is that Xianu !"

“Phew!”

Jiang Yi as a lightning rushed towards the house, he gave a heavy kick to the room door. At this moment his leg has fusion force, the le muscles full of strength, the door instantly fall apart, crashing down.

Jiang Yi body shot into the room, his eyes as a knife-like swept inside the room, looked at the ground he was almost mad with rage. The room was not big, inside has a strong man beating an emaciated small girl, the small girl whole body rolled on the ground, the whole body is shivering, weeping and wailing plea, but that good chap actually as before unceasingly beats.

“Bang !”

Seeing Xiaonu's so miserable type, Jiang yi mind generally exploded with anger, without thinking anything directly runs wild, the body shoots to go toward that person like a gust, elementary force crazily wells up inside the fist, a fist pounds down towards that person's chest.

“Who are you ?”

Jiang Yi bursts into room, naturally has alarmed the man in room, brawn man was startled, but saw the blue yuan force coming out of the fist of Jiang Yi actually sneers: “Dao boundary single layer also to dares to come dissolute this place? Court death !”

Dares to come to the fengyue building to cause trouble, this youth no matter who to him Dao bounndary double this single dao boundary youth seems likefart.

Ground 14 or 15-year-old small girl also awakens, sees Jiang Yi who is flushed with violent anger, small face was scared completely, going all out shouts: “Young master you are not his match, leave me alone, quickly walk away !”

“Um?”

Jiang Xiaonu shouting reminded Jiang Yi, he has assembled a black yuan force immediately at the maximum speed, wells up toward the fist, fuses with the blue elementary force in the fist .

“Bang!”

“!”

The elementary force just fused, two fists clash on, Jiang Yi the body moved backwards 34 steps, all right!

But the opposite party actually unexpectedly body such as broken kite flying upside down, numerous rolls and upturns collision into the wall, holding one arm which has smashed bones kept screaming

“What

Jiang Xiaonu blinked, looks at own young master, the pupil filled with confused colour, is this young master of her family? Her family young master how became so fierce

“Xiaonu, go !”

Jiang yi was not confused, since this Fen yue building can become the biggest brothel of East city, must have a big influence to support in the back. He scanned the building, but saw clearly in the hall corner had several protecting guards, if they were enclosed then it is dangerous.....

He quickly carries the small girl on the back runs outside the room, to run away from the building directly. As long as return to the Jiang family, the members of this fengyue building do not have the courage to cause trouble there, knowing that Jiang is one of the five respected families of the city.

However –

Jiang Yi just carried the Xiaonu to rush to the entrance, the backyard front door four forms shoot in , instantaneously encircling the room , a man of effective appearance flashed, far away screamed: “Hmm! Dares to cause trouble in the Fengyue building,small bastard, do you want to die that inadequately?”

The female servants doing laundry, panic-stricken running all over the place in all directions,to the Jiang yi is no different than a dead person, Xiaonu also trembled in fear

“Three Dao boundary double, a man Dao boundary triple !”

According to the speeds of those protect guards, Jiang Yi judged four people strengths, the innermost feelings are also a flurry, so many protect guards how does he deal? Especially one person is Dao boundary tertiary.

Fortunately, over the years suppressing life, made his mental capacity far from peers . He forced himself to calm down, sight swept away, eyes locked on that steward, shouted:!! “I have no interest to cause trouble in the fengyue building, you would not have mercilessly beaten my maidservant, I would not have come ! This matter arrives at the city main government office, I do not fear! You can attack me freely, looked whether I will fear?”

Responding to Jiang yi’s words the four forms exploded towards him, several fists came out of the blue.

Jiang Yi facial expression cold, clenching teeth slides towards the room,puts Xiaonu on the ground, uses a wisp of black yuan force in the fist,pound towards the dao double layer who was moving towards him.

“Phantom Fist ”

Behind was Xiaonu,so Jiang Yi in order to prevent any harm to her directly used the high grade martial skill, which is the only advanced martial art he learned in the Jiang Family.His fist instantly turned into three blurs, giving the impression that his fist at this moment is divided into three, each very real, rushed to the front of that guard’s left shoulder, right shoulder, forehead at the same time.

“what?”

The protect guard on seeing the three fist shades, both hands on natural instinct blocks the face and right side, who would have thought Jiang Yi the real fist actually pounds to his left shoulder.

Bang!

Without any accident, this Dao boundary double protect guard passes with a boom, the body flies upside down, together even hitting with the security guard in the back fling out together.

“Hunh...! What !”

The cold crashing resounds together, two protect guards fly upside down, that Dao boundary tertiary moved in a flash, lifting his hand towards Jiang Yi's chest is using a palm !

Dao boundary double and Dao boundary tertiary strength disparity is obviously very big!

The speed of this protect guard is fast Jiang Yi unable to respond . Moreover the strength was also stronger, he can judge from the force coming out of his palm.

Although Jiang Yi responded at the maximum speed, twisting his body to avoid the palm, simultaneously using “Stone break hand “to push toward the opposite party palm, attempting to counter balance the strength. But what makes him helpless is that person's palm stopped both his attacks and taking a swing landed on his chest.

Dao boundary triple strength, is not something that current he can resist completely.....

Bang!

His body was thrown away and heavily collided with the wall, even Xiaonu was pushed away by the force of that palm.

Felt that both hands tingling with numbness , the left chest transmits a tearing pain, looking that the palm of opposite party changes to attack once more , Jiang Yi bitter and astringent was muttering at heart: “Ended,It’s over ! Seems like today both he and Xiaonu, they can not go out of this Fengyue building

Chapter 7

Chapter 5 : FengYue Building

” Ahhh...”

Xiaonu hit her back of head on the ground cried of pain. But she recovered quickly ,watching the security guard rushing to attack Jiang Yi ,she rushed towards the body of guard clinging to one of his leg shouted : ” Master , leave me Alone , Run ! ”

” Xiaonu ! ”

Jiang Yi body trembles ,Xiaonu has no strength, her attempt is futile ,is it not just like a fly trying to shake a tree?If this guard kicked her , won't she die ? In this dangerous moment his mind running fast , suddenly he got a sudden inspiration ,seems likein the afternoon during the research, when the black yuan force circulates in the eye, Didn't the time slow down ?

“Lets Try ! ”

His mind moves ,immediately blue yuan force revolving fiercely fuses with a wisp of black yuan force and runs through the meridians then quickly circulates in the left eye.

At the same time!

He uses his only remaining black yuan force in public region to move towards right hand, five wisps of black yuan force that he practised before completely

used up, if this time he was unable to beat this Dao triple boundary, then he and Xiaonu can only wait for their death.

“Ping !”

In his left eye black light flashes, this world changed once more, all things become clear,As if the time slowed down. He sees at present that palm still approaching, but the speed was obviously slow several times, he also noticed that protect guard realizes Xiaonu on his foot, his left leg moves covered with yuan force to trample Xiaonu.

“Guards Trick ! Coiling Hand !”

Suppressing the violent anger and tearing pain in the chest, Jiang Yi shouted to attract the opposite party attractions, simultaneously both hands such as two dragons coiling toward the palm of opposite party.

What !

The opposite party attention was attracted by this big shout, has not paid attention to Jiang Xiaonu again, sneers, his palm, sweeps toward Jiang Yi both hands!

In this guard’s opinion, absolute power can rule over all martial art, not to mention Jiang Yi can not have this strength playing the power of martial art, just as Jiang Yi resorted to “Stone Break hand” as he easily slid towards the guard.

“Okay !”

Jiang Yi wanted this effect !

If were a moment ago, perhaps the opposite party palm sweeps, his both hands definitely would be hit back and wounded, because the opposite party two stages above him , the speed was too fast, cannot see clearly the path that his palm sweeps!

But now –

Everything is different !

His left eye vision absolute terror, the time as if also slowed down several times, therefore he can see clearly the path that the opposite party palm sweeps with ease. Also can judge how to avoid ahead of time, andSeeks chance for the attack!

He revolved the black fusion yuan force in right hand , then moved towards the left-hand corner ahead of time, and evaded the palm of opposite party with ease, turning the fingernail into the hand knife, sliced towards his carpal bone maliciously!

“Click!”

A crisp sound from broken bones, his strength increases 2-3 times after using the fusion of black yuan force, which is just slightly weaker than the force of Dao triple , which used fully with hand like real knife, splitting opposite party's wrist is also normal thing.

“Ahhhhh.....”

Guard cries of pain, holds a breath of cold air, whole face is full surprised colour, instantly retracts the palm, but will Jiang Yi allow him to retreat so easily, both hands like claw , run “Coiling hands” grabbed him by the arm, body also stick up, he shouted: “Double Dragon Seizing Pearl” left hand two fingers to puncture toward the opposite party both eyes like arrow!

“Court death !”

Although this protect guard is injured, tied down the right hand by Jiang Yi, somewhat flustered for a while, but cis Dao boundary tertiary after all, the reaction rate is much faster, another big hand changes to the sharp claws to launch immediately towards the Jiang Yi left hand two fingers, wanting to break off his two fingers.

“Good , Completely fell in trap !”

Jiang Yi eyes have kept a look at every actions of the guard , at this moment seeing left hand of opposite party has taken the opportunity of sneak attack immediately happy, already prepared a good counter the right knee is suddenly going for the lower part of the body of this protect guard.

The opposite party attention was attracted by Jiang Yi left hand, this moment innermost feelings violent anger, mind is in mess and thoughts in chaos , who will expect Jiang Yi true attack is the knee? Until the lower part of the body hit by one attack, a rending severe pain was transmitted suddenly he quickly awakened.

The human body places crowded with most nerves, one is the head, another is the lower part of the body! Therefore “has pulled up cloudy leg” just like “monkey will steal the peach” this kind of strategic move, although was despised, but is actually most practical.

“_”

Jiang Yi although does not have the black yuan force fusion, but also has the strength of a horse, immediately that Dao boundary tertiary to call out pitifully immediately, the body instinct bent, the palm that grasped the left hand of Jiang Yi also loose out , held the lower part of the body howling in pain.

Such a good opportunity ,Jiang Yi has beaten the guard to such a terrible extent lying on ground like dog.His right hand being released from the guard's palm, his look swept towards the girl on the ground ,shouted : “Xiaonu !”

Jiang yi and Jiang Xiaonu grew up together since childhood,their mind are in harmony like interlinked,hearing this shout Xiaonu responded immediately, loosened both hands that grasped the left leg of opposite party , but Jiang Yi threw a kick directly, Dao boundary tertiary rolling on the ground to fly away..

In blink of time !

From the moment Dao triple border Warrior rushed to kick out Jiang Yi to now, in fact, only a short time passed more than a dozen breaths. At this moment outside the remaining of protect guards want to rush in, actually noticed that a form was trampled to fly out, immediately frightened first one shrinks does not dare to rush. In the so short time, Jiang Yi wounds them continuously, and one of them them is Dao boundary tertiary? How will the guards dare to rush the initiative to take a beating?

The door guard eyes filled with fear and hesitation , Jiang see this clearly ,he strived to go outside the gate of the house ,he looked towards the insolent guard sneered : “Huh? Why not attack ?”

Jiang Yi does not draw back instead advances, threatened,guards wounded by him a moment ago frightened continuously, unexpectedly the opposite party person's body shrinks withdraws two steps, the footsteps staggers, almost falls down

“Little bastard, you court death!”

He responded quickly and immediately became angry out of shame, was he frightened unexpectedly by a child? At that moment lifts the hand forms a fist, rushes away toward Jiang Yi.

“Not good -”

The Jiang Yi secretly very unhappy, his black Yuan force used up completely, in the eye also the black light dodges gradually to blur, obviously the eye's black yuan force has consumed cleanly. Without the black yuan force, how he a solid Dao boundary single layer , will be the match of Dao boundary double protect guard?

“Stop!”

At this moment a voice suddenly came from not far away, this made him rejoice extremely,because this voice stopped the guards .

That was the man in charge os the building,walking several steps his vision sweeping over Jiang Yu non-stop ,opened the mouth to ask : “Illusionary Step ?” “Phantom Fist ?” “Coiling Hands ?” Are you a junior of Jiang ? May i ask whose son are you in the family ? i know several masters of Jiang actually.

Jiang Yi facial colour cold, really behind has a big influential support to this Fengyue building in the dark, will otherwise a young steward know the Martial Skills of Jiang?

His innermost feelings complained of hardship secretly, although the opposite party recognized him as the juniors of Jiang, today does not dare to kill him absolutely. But if this matter, was known by family punishment hall, his punishment is the minor matter, but Xiaonu discredited the family reputation fear that must be killed.....

He can only clench teeth to support, shouted coldly: “Does not matter i am which family juniors? You dare to beat my maidservant mercilessly today, which is truth if known to me do not fear.”

“Ha ha ha !”

That steward laughed, mocking looking at river Yi said:? “Truth ? i gave your made some extra money asked her to work in the hall ,but she does not go to work and ran into the hall,ruined our paintings that our treasure pavilion buys at high price.....But you cam into my building wounded our guards ! Since you must say the truth,what do you say we go to your family punishment hall ? Ahem....Today i will follow this matter to the end ”

“Well

Jiang Yi speechless, mainly because of Jiang punishment hall is the reason he is frighten by opposite party,he took a deep breath, calms the heart secretly violent mood, my mind quickly running, is trying to find a solution.

He quickly clarified the thinking,the opposite party guards are wounded by him, but also recognized the Martial Skills of Jiang clearly, then why did't this steward shot? Instead ordered the protect guard to stop. Since the opposite

party does not dare to hit temporarily, can discuss matters? That was easy to do, so long as can preserve his and Jiang Xiaonu life, other things are all right..

He told himself to be calm secretly, looked up that steward, said indifferently: "What do you want?"

"Is very simple!"

The steward's pupil effectively sinister and vicious swept on Jiang Yi and Jiang Xiaonu, sneers saying: "Either to pay for damages , or leave behind this girl as slave for 10 years, or.....You leave behind a hand !"

"what?"

Jiang Xiaonu the whole body shivers fiercely, firmly holds Jiang Yi the arm, falling tears in torrents from the eye do not ask for money, she clenches teeth to say in a low voice: "Young master, your slave is not good, you walk quickly, leave Xiaonu alone. "

"What stupid thing are you saying ?If i don't care , who will care ?"

Jiang Yi back to stare, cold rebuke few times. But it is a revolution within the mind, I recall just came in to hear the cries of Xiaonu, though he did not know specifically what was happening at that time, but guessed a bit.

Obviously this steward sees Xiaonu although thin weak and pale but looked carefully facial features are fine, ready to pick up and grow beautiful in a few years, so deliberately set the trap wanted her to prostitute in brothel after a few years for them to earn dirty silver.

However whether or not the opposite party plot or not, the matter of today there is the no solution !

Fight, he did not have black yuan force, do not say there are two guards who are not hurt, this steward obvious strength is not low..Only one outcome, he crawled back to the Jiang house

To request, it is more impossible,to leave this Jiang family run far away,once this matters known to Jiang family matter more serious consequences ,then remaining only had manage according to the request of opposite party.

Just

Left hand is not possible, with one hand he becomes really a waste, regardless it is to save Xiaonu? This is more difficult than to kill him.

Then.....can only pay for damages !

Problem....He was so poor that he did not have money to buy new trousers in last two years ,if he had money.....?

Chapter 8

Chapter 6 : A Huge Debt

Although does not how to compensate ? Must compensate at any cost ,Jiang Yi grinds his teeth to ask : “How much do i have to pay ? ”

The main steward smiles spookily , superficially saying :” This painting was bought from the treasure pavilion ,at the cost of 12 golds,I do not want more than the original price for compensation,otherwise ,heyeven if we kill you , we will also have reason to do so .”

“Twelve Golds ? ”

Jiang Yi eyes shrink ,he receives only one or two pieces of silver every month from Jiang family.Ah.... Even he could not sell himself for twelve Golds , it seems that group has made their mind to keep Xiaonu Here .

“Should I fight them ?”

Jiang yi shook his head, to fight these many ,and he did not have any black elementary force left,fear that they would have to stay behind.

The main steward said well ,even killing them today is not an important matter ,Jiang will definitely not investigate .The steward has very astute eye guessed correctly from the clothes of maid servant and young master,that he is very low status in the Jiang family,So he would not dare to be noisy.

After thinking for a while, he can only bite the bullet and said: “Paying the

money is no problem , but you have to give some time ,in month I will Pay 12 gold coins, if can not pay, i will offer my hand ”

“One month ? ”

The sinister and vicious pupils of the main steward has narrowed ,shaking his head said : “Verbal statements are not good enough ,if you ran away what would I do ?Either leave behind something as mortgage ,or leave behind this girl .”

Jiang Yi had a headache, he would have to leave a precious thing ? or he have to leave behind Jiang Xiaonu ? This month was ruined from the beginning.He took out a token from his bosom , turned , handed out a token in his hand and said :”I put this for mortgage ! after a month I ill come to redeem it .”

This token was given to him by head in charge,for free access to the medicine fields.Jiang family had strict regulation ,if the punishment hall knew that Jiang yi Has put the token for mortgage,there will be heavy punishment.But at the moment he was out of ideas,only can make a risky move.

“Oh ! Really a member of Jiang family ”

That steward received the token, on the face cannot show the facial expression of anticipation, but he has not complied immediately, instead lowers the head to hesitate.

The time passes by bit by bit, Jiang Yi whole body tightens, the back started to break into sweat, Jiang Xiaonu attractive big eyes are also disturbed and tight, whether today they can go out of this FengYue building safely, in this effective moment.

“Good!”

Finally, that steward looks up to Jiang Yi, with a nod was saying: “I give your Jiang family face, this Jiang junior however have to keep your word. Certainly If one month later you do not pay the money, I will take this token and go to your Jiang punishment hall to ask for money, you can leave.”

“Lets Go !”

Jiang Yi feels relieved, clenching teeth, mutually supported by the arm with the young slave, goes out of the love affair building backyard slowly, walked toward Jiang Family Courtyard.

Although on his face does not have any mood fluctuations, but innermost feelings are bitter and astringent – this steward prepared his death hole, one month , if he could not pay cash, this FengYue building will visit the Jiang family, and punishment hall will definitely break his and Jiang Xiaonu's legs.....

.....

FengYue Building is not that far away from the Jiang House , but it took half an hour for Jiang Yi and Jiang Xiaonu to reach home. Both were injured, but fortunately while beating Xiaonu that brawny guy did not use yuan force , Jiang Xiaonu received some skin flesh wounds, did not have a fracture, otherwise fear was that Jiang Yi will not know how to go back.

Back in the Jiang West field , is already dusk of evening. West field was very busy at the moment , all the Jiang family servants lived there, all coming home after work. Along the way both met a lot of family servants, but no one cares about them, most of them looking with fancy eyes, some even exposed mocking smile.....

After suffering all these years , actually both of them are not alarmed by the strange sights , enter there own yard , Has not yet entered the room Jiang Yi's both legs grown soft , holding the left shoulder with pain partly kneels on the ground , in gulps gasping for breath.

He received a blow from the protect guard who was a Dao tertiary , although he used " Stone Break Hand " , to keep off, but it is estimated that bone still has cracked , but still with this wound he continued the fight it just added more to the injury , at this moment cold sweat started to flow down his forehead.

“Young master, Young master, you are all right !”

Jiang Xiaonu was flustered, kneels hastily, on a dirty small face covered with guilt, was repeatedly asking in tears.

Jiang Yi waved his hand, mouth barely showing a smile, hand touched the small Xiaonu's head and said: "Xiaonu, do not cry, I'm fine, your young master not so easy to fall."

"Ah, Yeah, sir most powerful ! "

Jiang Xiaonu reluctantly nodded, but still crying, said: "But Master, Where do you earn twelve Golds in a month ? Oh, your slave is no good, implicated the young master"

"Say ! What did you implicate ? "

Jiang Yi face sank, eyes stared, and rebuke: "Xiaonu , later cannot speak such nonsense again! This world I only have you as a family member, anything is not as important as you, understand ? "

"Um, the young master was best !"The young slave's heart became muddled, the tears fall like rain drops.

"Well, I believe Master, I'll find a way, Lets go in."

Jiang Yi struggled to stand, supported by the arm with Jiang Xiaonu entered the room. Entered in the room, Jiang Xiaonu holds him to sit down on the bed, dried the tears lights candle, hurried to bring the medicinal ointment, must apply medicine to his wounds.

Jiang Yi actually smiles bitterly to shake the head saying: " Stop, you this stupid girl, what I received is internal injury, go and bring that therapy compounded drug that the family grants, puts down this medicinal ointment , later apply some of it to your wounds."

Jiang Xiaonu embarrassingly scratching the head, the small face filled with

awkward colour, turns around lamely to walk hastily.

On road while coming back, Jiang Yi inspected the injury of Xiaonu and found it not too to be serious, so at this moment did not go to manage her, while looking at the flickering candlelight , worried at heart

From yesterday to the present, the matter that had happened were too many, making his head turn into a state of chaos , he shook his head, Thinking of the solution comes after healing , its the best principle .

Jiang Xiaonu was holding a white small porcelain bottle and one bowl of clear water has come in quickly, placed it at the bedside to ask: “Young master, now will you have the compounded drug? First eat some thing? OhHasn’t the young master eaten at noon? Or do I go and fix two bowls of noodles first?”

“No!”

Jiang Yi shook his head and said: “?. The house is there no meat, I’ll heal better with it .”

“Okay!”

Jiang Xiaonu quickly takes out some meat, she had often gone out to work, afraid of Jiang Yi being hungry had prepared some meat too , at the moment it just came in handy.

Quickly Jiang Xiaonu brings the dried meat, after chewing the dry meat with some water, Jiang Yi then has the time to ask: “Xiaonu, today what was the matter? I always felt that this matter was not normal, did you intentionally destroy Fengyue building painting ?”

Jiang Xiaonu paused,she blinked, confused, said: “Destroy I? What authority do I have? I also do not have money

“Stupid girl!”

Jiang Yi then helpless, did not explain, directly asked: "You speak in detail what had happened."

"Ah"

Jiang Xiaonu hastened to tell him in great detail about today's event again, after finishing before continuing confused and asked: "? Master, Do you have a problem ?"

Jiang Yi did not speak, fury has erupted within his eyes, according to what Jiang Xiaonu said ,and what he saw today in the Fengyue Building,He was now hundred percent sure, This matter today was completely planned by that manager of the Fengyue Building .

Jiang Xiaonu every other five days will go to the Fengyue building to work with the Chunya , helping in cleaning the clothing and bed sheets of the girls in building, originally they continuously work in the backyard , never in the front courtyard and in the hall, As for natural disposition of Jiang Xiaonu she will not run all over the place arbitrarily.

In the past after washing the clothing, originally a Fengyue building takes them into the hall, but that person has not appeared today,a female servant took the "initiative" and called Jiang Xiaonu and she went inside the hall with the clothing, together.

Jiang Xiaonu worried that Jiang Yi is alone at home, wants to complete quickly to go home earlier , took the clothing and entered the hall with that female servant, finally just went in "has been careful" but she stumbled for a moment by a protect guard, and hits a table near the wall "exactly", but on the table was a painting that was bought at a high price.

Then that steward appeared, maliciously slapped Jiang Xiaonu , then made the protect guard bring Jiang Xiaonu to the backyard , to make her either lose money, either signs the indenture of a person sold into servitude

Xiaonu is silly, even if were sold also not for much money, But Jiang Yi since childhood intelligent, naturally pondered over understands.After putting out one

breath, complexion becomes fierce, clenching jaws sinks to exclaim: "Good, is good you Fengyue building, dares so to entrap Xiaonu? Sooner or later one day, this young master completely will smash your Fengyue Building to pulp"

"Young master, do not be impulsive, I hear the influence behind the Fengyue building to be very formidable, you are not their match !"

Seeing Jiang Yi facial expression, Jiang Xiaonu is somewhat startled. Immediately awakens quickly, the big eye opens the eyes surprised to ask: "Oh, is not right, how was young master's your strength so formidable? A moment ago You were quite fierce, injured those several bastards"

"NoThat you leave alone, believe me! Xiaonu, perhapsAfter some time, I can help you live a comfortable life, no need to work."

Jiang Yi remembers that mystical black Yuan force, the mind surges once more, has eaten the remaining dried meat hastily , prepared to finish therapy immediately, to study that black Yuan force carefully again. He has a feeling, perhaps this mystical black yuan force, can let his lifeHas the earth-shaking change.

"! The young master is quite fierce, the young master refuels." Jiang Xiaonu no longer asked immediately the big eyes narrowed like crescent moon, showing a colours of worship.

They ate the dried meat, Jiang Yi inspected Xiaonu's injury once more, after determining has not injured to the bone, made her return to Chunya to help her spread the medicinal ointment, but also said her, the matter of today not to say to the people of family.

Jiang Xiaonu listened to Jiang Yi words since childhood,asked a few questions of concern to go out limping,seeing the thin back in exceedingly poor candlelight Jiang Yi,s looks were as if looking at ones loved one.

After the Xiaonu walks, Jiang Yi then sits on the bed, reorganizes the mind that was in great confusion.

Yesterday he was injured by Jiang Ruhu et al., fainted in the morning, went home in the sleep mind to present nameless mnemonics inexplicably, then he practised a mysterious black Yuan force according to the nameless mnemonics, by this black Yuan force, he had beaten Jiang Bao in the morning maliciously, went to the Fengyue building to rescue Xiaonu, but actually owed the huge debt of next 12 Golds

“12 Gold ?”

Thinking of these, Jiang Yi the corners of the mouth have pulled out, a month where does he go to get so much money? He has hit Jiang Bao in the morning, feared that is his boss Jiang Ruhu will find out quickly?

Although Jiang Ruhu the natural talent is ordinary, but has a good father , never to lack compounded drug for practices the , the strength achieved has Dao boundary Fourth Layer , even if he used the black yuan force fear that was also very difficult to defeat.

“Black Yuan force, It’s all up to you !”

Jiang Yi pursed the lips, eyes flashed a colour of hope . This Black Yuan Force so magical, if some careful research, can also discover a new ability, then perhaps he will be able to get out of this predicament

Chapter 9

Chapter 7 : Exploded Dan Furnace

“Ahhh.....”

A trace of pain transmitted from the left shoulder, that made Jiang Yi Sober , he can only force himself to not think about it temporarily , or better to say until the wound recuperates.

He takes out a decadent small pill to swallow from the small porcelain bottle with clear water , this is the most common healing drug that the Jiang Family refines , the human rank low-grade goods ,Huang Shen Dan.

The Heavens Xing Continent, the Martial system had developed, the compounded drug, weapon and merit law and feat of arms have the equivalent of distinguishing right from wrong, from weak ones to strong , each divided into the Human Rank , The Earth Rank , The Heaven Rank , each equivalently divided into three Grades.

For example, The River Destroy Law that Jiang Yi practices , is the Human Rank top grade Merit Law, for example the highest rank Martial Skill that Jiang Yi knows is ” Phantom Fist ” which is also Human Rank top grade goods.

Jiang Yi identity is collateral Master, according to Jiang's home rule, he should receive three immortality drugs monthly to aid cultivation “Yuan Dan soul”, as well as two Human Rank immortality product “Black Shendan ”to heal accidentally injury during practise.

Unfortunately, the last two yearsHe was treated as he never existed by Jiang Family , not only the monthly pay was deducted again and again , even immortality has become the lowest level of human-order low-grade “Yuan force Dan” and “Huang Shen Dan”, the number also had became one.

This Huang Shen Dan strength is very weak, coordinated with some medicinal herbs refinements with the western field’s Iris grass , the effect is to merely improve blood circulation . Jiang Yi had not planned to heal himself completely by this preliminary compounded drug , after swallowing, immediately he decided to run River Destroy Law, started therapy.

“Uuhhhh

Sat cross-legged for a full hour, Jiang Yi opened his eyes, helpless in his eye, he just ran the River law few moments ago to heal when he found that three bones in the left shoulder had few cracks , to heal this injury he had to sit and meditate for a day and night completely .

As for the efficacy of that compounded drug should be left alone, this compounded drug rank was too lower, the efficacy is too weak , moreover volatilizing is too slow , it takes nearly an hour to mix in the blood then it moves towards the wound.....

“Jiang Ruhu tomorrow will perhaps look for me, must study the Black Yuan force first, this internal injury must be suppressed temporarily, later again to recuperate

Jiang Yi has pondered for sometime, gives up healing decisively, starts the extension to practice the nameless merit law, the refinement of Black Yuan Force.

After two hours time!

He opened his eyes again, feeling the six strands of black Yuan Force in pubic region , his “look” is more lovely, this is his treasure, without this Black Yuan Force, today would have been absolute disaster .

“Study it how ? Afternoon fists, legs, elbows, eyes have tried, now should try the ear?”

Jiang Yi mind a move, since Black Yuan Force can make vision enhancement, does that also allows hearing to enhance ? Also on the nose, maybe smell will also be enhanced.

He went ahead.

Jiang Yi revolves a wisp of Black Yuan Force, assembling some blue yuan forces to fuse, controlling slowly moves randomly to go towards the head. This Black Yuan Force are too few , does not fuse with the blue yuan force fear that will not be enough to complete any function.

“Ah This Huang Shen Dan, the drug began to act, automatically nourishing the wounds, but the drug is too weak”

When the fusion Yuan force was passing left chest near the meridian, Jiang Yi subconsciously stopped for a moment within the wound.

Who knows, mutation and the emergent –

The black yuan force actually separated out from inside the blue yuan force suddenly and blended with the near immortality drug

“what?”

Jiang Yi the whole body shakes, the whole person trembles, because he felt the speed obviously with which the wound restore starts to speed up, moreover is getting quicker and quicker, the speed of finally treating has achieved original's about 5-6 times, the drug efficacy may be compared with the Human Rank high-grade goods compounded drug.

“Quite mysterious, can this black Yuan force unexpectedly enhance the efficacy of compounded drug ?”

The Jiang Yi heart beat accelerated , concentrating on treating the wound . What a pity after several breaths time the , Black Yuan Force completely consumed the speed of healing slows down, although the near by Blue Yuan Force is present ,the effect is minimal.

Jiang Yi assembles Black Yuan Force immediately , revolves it to the nearby wound and once more fuses to increase the efficiency , healing the injury fast.

Feeling the cracked bones healing quickly, Jiang Yi heart ecstatic, and soon after a clean exertion of black yuan, and continue to mobilize the black element force, for healing faster.

Soon he was very depressed, his little reserve of black yuan force, after only a short time, six strands of black Yuan Force all consumed.

In regard to wound the mood completely clear. On a little time The speed with which the wound restored was same as if he was sitting in meditation for 20-30 hours. If there was enough Black Yuan Force in just half incense stick burning time his wound would have healed 70-80 %.....

Present him regardless of anything, and immediately sat cross-legged meditation exercises refining operation nameless black yuan force. This black yuan power consumption is too fast too fast, not enough is always critical. This time he was ready to stock up, once refined four or five hour,not to sleep until dawn direct practice, must refine as much as possible, in morning at a time completely restore the injury .

However!

After three and a half hour, before dawn, Jiang Yi has stopped practising. When he opened his eyes, eyes are puzzled and depressed. Because – this Black Yuan force only ten branches, no matter how he must operate within the pubic region actually no longer produces black Yuan force

“How could this be? Unreasonable ah!”

Jiang Yi face pale, he had thought about the future and other yuan force more, try running black Yuan force to attack, to see if it has great power? If determines that a large increase in power, then even this black Yuan force the speed of practice than the original blue Yuan force is a lot slower, he would slowly change practice to this nameless Merit law.

But now he did not need to consider, with only ten thread of Black Yuan force , simply can not be completely independent attack, without fusing blue yuan force attack will have absolutely no power.

“Ten thread? Can refine only so little?”

Jiang Yi reconciled, and sat cross-legged in meditation operating nameless law, but after a small half hour, he reluctantly opened his eyes, trace of black Yuan force within the pubic region has not increased!

“Ah, then to see whether after consumption can continue to extract?”

He hesitated, assembled a wisp of black yuan force to go for auxiliary therapy, after that wisp of black elementary force consumed, he hastily sat in meditation revolving nameless merit law.

In result pubic region actually started to have the black yuan force, but after waiting for the black elementary force to accumulate to ten wisps, no longer increased

“What clever merit law is this? Is this God playing with me intentionally?”

Jiang Yi was so depressed that he could spit blood , opens the eye to sweep, discovered that outside already dawn, nearby room broadcasts the sound that Xiaonu was getting out of bed.

“No matter , later he would try again to find the solution, the time early, first must treat the wound, later also check the No. 5 medicine field inventory,if not have been stopped up by Jiang Ruhu *et al.*

Jiang Yi remembered yesterday's Head in charges howling, did not dare to delay this time, if the injury does not recover, even if he has a black yuan force combat power will be greatly reduced.

Just waiting for him to mobilize a wisp of black yuan force to a nearby wound preparation and integration of the drug, but found that after a more than three hours, the drug has been fully consumed, which is why Huang Shen Dan is indeed the lowest level of immortality, drug pitifully weak

"No! Since the blue yuan force can assist healing, my black element force is so powerful, that can quickly aid the healing ah? Why should I have to fuse the force with the immortality drug ?"

Jiang Yi suddenly thought of one thing, the mind with a swing, black yuan force can increase efficiency of the drug and can quickly heal, that's two different things. If the latter, it is sick! If He later was injured will not need to draw support from the compounded drug to heal completely

But!

What let him be puzzling is that , when he revolves the fusion yuan force to start the circulation to assist in wound healing , actually discovers current healing speed and original blue yuan force speed are exactly the same, cannot increase the speed .

This black yuan force can only increase the efficiency of immortality drugs, can not heal alone.

Jiang Yi secretly anxious, the hour is late, and if he delayed any more to check the drug field inventory, fear is also being scolded by head steward. The problem is that the injury is not good, he did not dare to go o the mountain of drug, and other fear is to be blocked by Jiang Ruhu.

"Yes, go to Dan pharmacies to receive immortality!"

He remembered this month he has not received immortality, quickly got up

casually tidied clothes walked towards the outside, found that although the injury is not so serious as yesterday, but still aching.

“Master, Where are you going ah?”

Hearing the sound of footsteps of Jiang Yi in the near by room , a small head drills out, yellow hair loosely tied ,under a sleepy eyes dim big eye also has the tear stains faintly, saw that Jiang Yi must exit very early in the morning, on the small face is very restless.

“Xiaonu , I’ll be right back.”

Jiang Yi casually ordered her to, stay at home do not go out, if someone knocks on your door to hide in the backyard . He hurried to toward the east court, wants to get back the compounded drug immediately, restore the injury quickly.

Fast out of the West Hospital, Jiang Yi moved towards the south where the Dan pharmacy was. Jiang’s family was starting to liven up early in the morning, but no one cares about Jiang Yi this abject collateral Master.

After a stick of incense time, Jiang Yi arrived at Dan pharmacy, quailed at the door of his church looked inward, to see Dan pharmacy elders in? He was responsible for the alchemy of family ,name is Liu Jiang ,family elders temper is but weird anomaly.

Finally, what let him very speechless is, in a hall wearing a brown long gown, has hair dishevelled, such as a lunatic old man is gathering round a Dan stove to stare with big eye to examine carefully, but usually in a Jiang collateral branch juniors do not need to go to Dan Pharmacy for drugs.

Weird temper Liu Jiang family elders is a famous name, so Jiang Yi and other Jiang junior brothers to get immortality , they both like to avoid this old man, to avoid offending this strange old man who holds an important position in family .

“What are you doing here ? Back again?”

Jiang Yi secretly retracted his head, secretly pondered them, but this time, the room suddenly burst that Liu elders explodes up: "Song Jiang, what are you doing outside stealthily ? Hasn't gone to practice ?Waste, always lazy. "

Jiang Yi the touching nose embarrassedly, walked, cups one hand in the other across the chest saying: "Jiang Yi Meet the Liu elders, I am not Jiang Song, I have come to receive immortality"

"Get immortality drug!"

Liu Presbyterian sank his face,foams with rage saying:"?! You are a waste, not to do much work every day, even you will receive immortality , no immortality"

"Well"

Jiang Yi face embarrassed, not into retreat is not, froze in place.

"Also standing for what? Get out, do not affect the old man's alchemy Seems to be tired of living ,Actually forced this old man's hand"

That Liu Jiang stared at Jiang Yi ,in the hand started to shine the red yuan force to be attached to Dan stove side wall single-handedly, but his pupil revolution, turned his head to say towards Jiang Yi suddenly: "You, come! Temper this stove's compounded drug ,have a look at the home remedy of this old man first."

"I?"

Jiang Yi was ready to go out and immediately hear the words of the elders hesitated, quickly waved and shook his head: "No, ah, Liu elders, I do not know alchemy, ah, I can not do"

Liu elders angered, Impacts of Pre vertical eye scolded: "darn thing, what is difficult, this furnace immortality is almost good, you just inject Yuan force towards this,waits for the compounded drug to coagulate to solidify Get out here! If this matter you do good, Later the old man can get you immortality,

hum!"

Saying this, the Liu elder was walking toward a nearby leaning hall on strides. Jiang Yi hesitated only to clench teeth, revolving blue colour yuan force both hands pasted on Dan stove side wall.

However

Let Jiang Yi dismay that he had just injected element force in Dan furnace , that Dan furnace such as sponge, fast automatic absorption of his element force, but also absorbs scary fast, his hands yuan meridians about to be absorbed whole within such force .

Jiang Yi did not understand alchemy, for fear of the job to be smashed, quickly in panic operated element force, desperately injection in Dan furnace . In a panic, he accidentally put together two strands of black element force fuse with the blue element force into the Dan furnace.

"Bang!"

When black elementary force injected in that Dan stove , the whole Dan furnace came with a dull exploding, Dan furnace violent shaking up, almost turn to the ground.

"Exploded The Dan?"

Next partial Chamber, immediately came a fury roar: "! That darn thing ,This Dan immortality furnace is a Human Rank top grade Shendan spirit, this old man will tear you"

Chapter 10

Chapter 8 : Earth Rank Dan

(Note: Dan – Immortality drugs / Compounded Drugs)

“Ahh ! Not Good.....”

Jiang Yi sat down on the ground, but a lot of the Dans of the furnace are out in ground, at least fifty pieces, the most important among them is the Spirit Shendan which is a Human Rank Top Grade Dan ! He has heard that Human Rank top grade Dans are sold for, a minimum of one silver, in other words if all the Dan inside of the Furnace exploded, then he destroyed fifty-two Silvers worth immortality Drugs

“Sshhhh.....!”

A brown form shoots out from the nearby learning hall , a violent atmosphere coming out of his body presses down on Jiang Yi making him unable to breath , Liu Elder’s pair of eyes swollen with wrath , he stared fiercely at Jiang Yi , single Handedly grab the Dan Furnace opened the lid,immediately checked it up.

Jiang Yi turns quiet , Secretly praying that Not too many Dans inside the furnace to be damaged , otherwise this Liu Elder ,if the violent anger explodes ,even if killed him,the family will not say anything

“Damn , this furnace almost all compounded drug has exploded, how did you work ?”

Liu elders a glance, his face was filled with more rage, his eyes as a knife swept over Jiang Yi's face, hands rolling out the Red Yuan Force, ready to beat Jiang Yi .

“Ended !”

Jiang Yi can only wait for death ,although this Liu Elder is responsible for the refining of immortality pills , but the strength in Jiang Family is among Top 10 , Thus there is no chance for him to be alive after beaten down.

“What ? ”

Suddenly ,Liu Elder's eye flashed with a surprised colour , extended the palm and received , last two remaining Dans In the Furnace His vision Full of Doubts , feeling as ifIs somewhat different from the original Huang Shendan He was refining ?

Jiang Yi survived, quickly wiped out cold sweat, nervously watching every move of Liu elders.

“This, this immortality Dan”

Liu Elder's completely disregarded Jiang Yi ,pair of eyes stared round with shock ,on the two black Dans in the Dan Furnace ,the whole face was surprised : “Is Spirit Shendan not white ?Why These two are Black ? Probably.....Was the efficiency enhanced ?”

“Black? Two?”

Jiang Yi eyes twinkle , mind moving suddenly has a very bold idea : ” Because I had injected two wisps of Black Yuan force ,Did this Dan Furnace explode ? Only Two Dans have not exploded, instead were turned into black from white ? Was also because of the two wisps of Black Yuan Forces?”

“Efficiency indeed was enhanced!”

Liu Elder's eyes looked more and more brighter , just endlessly kept talking : "This lustre, this efficiency, like, looks like it very much! Old man has refined the pill of immortality for a lifetime,Finally refined up two Earth Rank Dan?"

"Earth Rank Dan?"

Then Jiang Yi mind moves, he remembers last night healing, the black Yuan Force increased Huang Shendan efficiency by four or five times? Plus just the situation now, his heart he determined when furnace all Dans were Fried, only two became Earth Rank Dan, the Black Yuan Force is definitely the reason

"Rumbles!"

Jiang Yi hesitates, Liu Elder's suddenly swallowed down the black compounded drug , then sits cross-legged. The moment he has opened eye, pair of eye is excited and wild with joy: "Ha, this indeed is the Earth Rank low-grade Dan, 30 years! The old man finally to refine a Earth Rank Dan, the old man finally no longer a First Division Refinement Master.... "

Jiang Yi curled the lips, thought in his mind you did not refine it.....

But he did not dare say anything, honestly stood, innermost feeling expected that this Liu Elder's mood is excellent , can possibly release him

"....."

At this time outside Dan Pharmacy came slight sound of footsteps,a teenager secretly drilled in, glanced at Jiang Yi, with flattering smile on his face and walked toward the Liu elders,at the same time cupped one hand in the other across the chest saying:"Congratulates the elder, congratulates the elder, you built up the peerless compounded drug finally"

"Smack !"

The complexion of Liu elder actually changed, the hand sweeps off, the youth sweeps outside the front door directly, coldly snorted to him: "Jiang Song,you

can roll now, after today do not come to this alchemy room , stupid fellow always lazy ! ”

Jiang Yi shrieked out , secretly thinking Liu Elder really an odd person ,just a moment ago was wild with joy , then suddenly got so angry.....

Seeing Jiang Song swollen face , Jiang Yi did not dare to stay , at the same time cups one hand in the other across the chest to say in a low voice: “Liu elder you are busy.”At the same time retreats toward outside fast.

“And so on!”

Who would have thought that Liu elder Calls him, the vision locked on Jiang Yi, Jiang Yi has only been able the face to stop the footsteps painstakingly: “What does elder have to say?”

Liu Elder shameless shows smiling face suddenly, walked several steps, the big hand has patted on his right shoulder, grinned to say with a smile: “You boy is good, will be the luck of old man! UmJiang Song that waste I do not want, temporarily does not have the manpower to help, you later in this group of old man refine the pills of immortality.”

“What?”

The Jiang Yi whole body trembles, immediately swings the rattle-drum, the decisive rejection said: “It is not good, Liu elder, I do not understand the refine the pill of immortality, i cannot do anything , andI still work in medicine field now, if I help you, the steward in charge of that side What do I confess to him?”

This Liu elder temperament is so strange, in his works, if any day offended him? Under his violent anger if was patted by a palm , I may die on the spot

“Confess ass!”

Liu Elder getting angry is quicker than flipping through a book ,also with a frowning angry look said : “Old man wants someone, let alone that steward is

something to stop me , even the House Hall Grand Chancellor Jiang Yunshe do not dare to say a character.You go and say the steward about it if he does not agree this old man will tear him down.As for the understanding of refining pills ,you can study from now ,Bout you have to be better than that Jiang Song Waste, otherwise this old man will not forgive youSuch settled,you come back tomorrow morning to work, the old man has to do a good research in this Dan, ha ha ha, Earth Rank Dan"

Liu Elder held the remaining of that black Dan, assuming an air of self approbation was gone, Jiang Yi actually looked distressed almost on verge of crying.

However turns the head to think that worked in his favour as he has no need to go out to medicine field? Jiang Ruhu *et al.* don't dare to come to this area or come to his courtyard to begin with? He will have time to research the black yuan force.

"Black Yuan force?"

Suddenly, in his mind flashes through a thought that the pupil shine brightly, if his black Yuan force can strengthen the drug efficiency? That Human Rank high-grade goods Huang ShenDan, was very likely a moment ago because of the black Yuan force made the efficiency to be enhanced , turned into the Earth Rank Dan.

IfHe works in this, can't he refine the pill of immortality secretly? Refines high-quality compounded drug with the aid of the black Yuan force, Nobody can know he can take it to sell unconsciously!

Human Rank high-grade goods compounded drug 5.2 silver, ten are 52, 100 is 520, if can refine 200 Human Rank high-grade compounded drugs in one month, the huge debt of Fengyue building can be returned with ease? If refined one again a moment ago like the Earth Rank Dan, perhaps several can sell more than 12 Golds

"Ha ha!"

Jiang Yi secretly ecstasy, the pressure of a large stone in heart, and finally

down to half. Does not want to work under this Liu Elder, at this moment were glad actually.

“Um, first went to the Steward in charge that to inform of this.”

Jiang Yi walks out, gets to the entrance suddenly to remember the original goals, thinking that this Liu elder holds a special fondness to him? He has hesitated, walks toward the leaning hall gradually.

“Ha, Earth Rank Dan? Does this furnace refines Spirit Shendan into Earth Rank Dan? Is it possible that this furnace has some mystery? It is not good I must study well

In the learning hall the Liu elder is sitting cross-legged on the ground, in the hand emits the flame yuan force remaining of that black compounded drug burning, concentrates on to study, has not paid attention to Jiang Yi completely.

“Liu elder.”

Jiang Yi waiting, Liu Elder has disregarded him, has to clench teeth to cup one hand in the other across the chest saying: “I want to get Huang Shendan and Yuan force Dan

Liu Elder awakens finally, shot a look at Jiang Yi one eyes, impatient saying: “Goes to other side dwelling place to take, take as many as you want, do not come to bother the old man Well? In this Spirit shendan original ingredient, not other ingredients? How to turn into the Earth Rank suddenly? Strange, strange

“Take as many as you like ?”

Jiang Yi the corners of the mouth pulls up, to work in this place also has this welfare? At that moment immediately cupped one hand in the other across the chest not to dare to disturb the Liu elder, went out of the learning hall to return to the hall, saw other one side also two rooms, two front door closed.

Jiang Yi shoves open a door vision to sweep, inside sees the medicinal herbs, should be west fields medicine herbs collection. His look to draw back, enters another room, just opened gate the nostrils filled with fragrant of medicine.

“Many compounded drugs

The dwelling place of depositing compounded drug is very spacious, inside has two three big counters, has chocked up bottles and cans filled completely, with compounded drugs.

“Yuan soul Dan, Spirit ShenDan, Black ShenDan, Yuan Force Dan, Huang ShenDan

Jiang Yi looks with excitement, this Liu elder said take as many as you like, that did not indicate how many compounded drugs he can take, but can also mean other ranks and high-grade goods of the compounded drugs?

“Ok, In cultivation the behaviour cannot be greedy

Is suppressing the innermost feelings , Jiang Yi took the most preliminary Yuan force Dan honestly, three preliminarily healing Huang Shendan hastily left to his dwelling place, to meet the steward in charge of the medicine fields.

“Um, this Jiang juniors natural dispositions is good, not too greedy!”

Opens after Jiang Yi escape, the Liu elder with that full grey hair actually suddenly went out of the leaning hall to enter in the dwelling place to examine, after coming out, very satisfied nodded twittering, entered the leaning hall to study the place Earth Rank compounded drug that he “accidentally refined” once more

.....

Jiang east court, effective room.

Steward noticed that Jiang Yi walked in, facial colour bad coldly asked: "Jiang Yi, Did you bring No. 5 medicine fields medicinal herbs inventory?"

Jiang Yi cups one hand in the other across the chest to say honestly: "Returns to Steward in charge, did not have"

"Waste!"

The Steward in charge shouts angrily, interrupts his words directly: "Has not brought inventory, why did you come? Is this a place that you can come to? why hasn't gone to go to field to check inventory?"

Jiang Yi touches the nose , said embarrassedly: "Steward, is not that I do not want to take inventory, actually Liu Elders asked me go to his help"

"Scoundrel!"

Steward sees Jiang Yi not to exit, instead quibbled to get angry immediately, has not waited for Jiang Yi to complete pounded on the table to stand up in the preparation to reprove him . However he is startled suddenly, eye opens suddenly, asks: "What did you say? Who makes you help? Liu elder? Refinement Liu Elder's in dwelling place?"

"Yes!"

Jiang Yi somewhat speechless, Jiang Family elder surnamed Liu only is one

"oh ?"

Steward's complexion has changed, squeezes a smiling face quickly, collects to ask: "Good, Jiang Yi, you boy actually very fierce, had a liking for by Liu Elder unexpectedly? To be honestDo you have the talent in refining the pill of immortality? That Liu Elder's took a liking for you? But Liu elder old-fashioned and very much tenacious, Jiang Song father strove for very long, before Liu Elder accepted him."

“Talent that I have.”

Jiang Yi thinks secretly that forced smile shakes the head saying: “I do not know how Liu Elder has taken a liking for me.”

“Good, you go, from today to work in Dan Pharmacy, the family will not treat you unjustly, I will report the big Elder, to enhance your monthly Pay one time.”

Steward has patted Jiang Yi’s shoulder kindly, the manner of now and before has difference of sky and ground. Liu Elder has special status in the Jiang, thus Jiang Yi status also enhanced much, this young steward does not dare to offend Jiang Yi now, otherwise he said to the Liu elder, his current position will be gone

.....

Jiang Yi nodded, turns around to leave preparing to go home to recuperate, unexpectedly that Steward in charge opens the mouth to say suddenly: “Right, Jiang Yi, you, since are going to work in Dan Pharmacy, hand over the Token that I gave, later should not have to visit west medicine field again.”

“Token!”

Jiang Yi complexion changes, The Token given by the steward he has given to the Fengyue building as mortgage, How can he deliver it at this moment ?

Chapter 11

Chapter 9 : Plan To Earn A Fortune

The Jiang Clan regulations are very strict , the juniors who break the clan rules can also be killed which is not a new matter,Jiang Yi Was thinking about the Dan Pharmacy matter so he completely forgot about the Token,but now can only be calm at this moment,turns the head to say slyly :"Steward ,Excuse me,I have kept it in my house,forgot to bring....."

Contrary to Jiang Yi's surprise, it was very generous of steward,waved and said:"Nothing, remember to send over within two days,you go faster Jiang Yi, Liu elders must be waiting in alchemy room Do not mess with Liu elders,remember do not upset him !"

Jiang Yi quickly said yes,leaving the steward's room walked towards his own small courtyard,heart is secretly worried that if within these two days steward asked for a token again, or simply went to his place ,everything will be immediately exposed ah

"Manage him,first to wait,can only tow for day after day!"

When Jiang Yi returns to his yard stressfully,Jiang Xiaonu has prepared the breakfast, is sitting on the stair holding chin waiting for him to come back, on fine small face is the worried look. Saw that Jiang Yi came, anxiously saying: "Young master, where did you go?I was worried,Chunya listened to the other saying that very early in the morning Jiang Ruhu and group had gone to medicine field to find you, you did not go to the medicine field"

"Oh? Sure enough!"

Jiang Yi face sank, thought in mind if had Dao Boundary Double with coordination of Black Yuan Force, can beat the living daylights out of that group, What a pity this black Yuan force has only mysterious function , cannot assist in practice

“Mysterious function, right, eats meal quickly ,must continue to attempt ,yesterday tried one ability of increasing Drug efficacy, perhaps this black Yuan force also has other functions.”

Jiang Yi is secretly excited, comforted Xiaonu, and told he has no need to go to medicine field, works now at Dan Pharmacy. For these days as long as did not leave Jiang Family Courtyard, Jiang Ruhu *et al.* do not have the means to get him. Jiang Yi always tolerates other juniors in “comparing notes”, but he now works at Dan Pharmacy, some scruples as Jiang Ruhu and others, don’t dare to ask for trouble in Jiang Family Courtyard visibly?

After finishing breakfast, Jiang Yi examined the injury of Xiaonu, discovered after applying medicine, she was better, did not go to manage her. Returns to his room, took out Huang Shendan swallowed it, when the efficiency has manifested suddenly then the revolution black Yuan force to assist in healing.

All day, he did not go out at home healing by power of Black yuan, the results made him feel depressed. Although the black yuan force reappears two new capabilities – allow enhanced hearing and smell, but the study of the day, regardless of how he wanted to approach, only ten threads of Black Yuan can be refined !

Hearing and smell enhancement, both are side ability and not much action, and black Yuan force moves to ear, his ear immediately noisy, a roar let him be abnormally uncomfortable. Sense of smell becomes strong, odour from the inside of waste pit can clearly smell, so he was very sick, he is not concerned about these two new capabilities.

Besides, he never found the other features of black Yuan power, he analysed it, this black yuan force should be a very Special Energy Law Which-can increase his blue Yuan force power, increase his Senses acuity, increase the efficiency of the Dan.

“Why can not increase my practice speed? Practice speed is slow as a snail,only ten threads of black Yuan force can be extracted amount is too small, even if the black Yuan force is fused, I can only deal with later Dao Boundary triple Warrior,Such a waste.....”

Studying till midnight, Jiang Yi injuries almost good,can not determine rest of the function ,he fell asleep with deep regret,no sleep last night also,he finally could not stay up.

The second day before dawn, Jiang Yi woke up, an hour of practising River Law, after breakfast he asked Xiaonu to stay with Chunya for some days,to avoid trouble from Jiang Ruhu he hurried towards Dan Pharmacy.

Thinking that he can refine high-grade compounded drugs in Dan Pharmacy with help of Black Yuan force secretly, and sell it for money to repay the debt of Fengyue building, he was immediately happy. As long as makes fast money, he can also go outside to purchase all very high-quality Dan to assist his practice,to promote to Dao boundary double as soon as possible ,then he should not have to fear Jiang Ruhu et al.!

Dan Pharmacy was quiet,Liu elder was unexpectedly not in? Jiang Yi was secretly happy, immediately wants to start the refinement of Dan secretly,if in any case Liu Elder came back,he can say that he was studying how to refine Dan,Since trying to study Liu elder should not be offended?

If you seek riches and danger is unavoidable!

Which day the Steward will again ask for the token,Jiang Yi time is low,did not think so much, started to consider inside which Dan to refine .

Suddenly,he remembers something,taps the head to say annoyingly: “Which Dan to refine,I do not know how to refine,Stupid

Refining tools readily available,many large or small Dan stoves are in great hall,refinement materials also readily available,in a room has greatly amount of raw materials,but Jiang Yi does not know,How difficult it is prepare the

mixture, which raw materials to put in the Dan stove to prepare it?

"It seems like next few days must carefully observe Liu elder While refining Dan, first must learn the technique of refinement"

Jiang Yi decides secretly, brings the broom to clean, entire built up inside and outside the dwelling place was clean, saw that a big form half step flushes in, grey hair is scattered in disorder like the weed, he walks in also talked on endlessly muttered: "Is unreasonable, unreasonable, what is this Earth Rank Dan's that inexplicable ingredient? What is? Is Bai Zhifen? Is turmeric yellow"

"What?"

Jiang Yi looking down cleaning, suddenly looked up, startled by this man, a closer look before quickly hands over to salute: "Seen the Liu elders"

"Oh ? Is you!"

The Liu elder was also awakened by Jiang Yi, the vision sweeps, nods the head slightly said: "Good, is more diligent than Jiang Song that waste, right What are you called?"

Jiang Yi said: "Liu elder, my name is Jiang Yi."

" Jiang Yi !" Liu Elder nodded, waves saying: "You immediately prepare 20 Qian Fuling, 30 Qian Baifan, 15 Qian Checao, 40 Qian The old man wants to refine the pill of immortality immediately, today must refine the Earth Rank Dan!"

(Note : Above names I have used direct chinese names, if you have other suggestions you can tell me)

Saying Liu elder entered the learning hall, Jiang Yi was scared, because he does not know what is Fuling? What is Baifan? He does not dare to ask that, can only enter in the room of medicinal herbs embarrassedly.

Looking at the piled up medicinal herbs of entire room,Jiang Yi helpless draws back, enters in the learning hall to inquire Liu elder how to differentiate medicinal herbs,Liu elder was seeing disposition medicinal powder attentively,he came in stood some little time had not looked at others eye

“Well? Here are some books?”

His vision sweeps in the learning hall, sees near the left wall on the book shelf to have many books, walks to examine hastily. Quick he had found books about medicinal herbs synopsis, inside also has the simple drawing unexpectedly, immediately with great happiness holds the books to walk towards the raw material in medicine room, prepares to take out the medicinal herbs that Liu elder needs.

“Is a promising young man, this Jiang juniors is really more intelligent than Jiang Song

Liu Elder disregarded Jiang Yi a moment ago, at this moment waits for him to walk away to turn head actually,secretly nodded muttered, continued to dispose the medicinal powder.

“Um, this is Fuling, 20 Qian

Other side Jiang Yi looking in the books,careful identification,was looking for the less than half hour time to find the plants,the medicinal herbs fully that Liu elder needed, with a small steelyard accurate scale.

“Fuhhh...,This should be right?”

After Preparing all medicinal herbs,Jiang Yi wiped the sweat on forehead , stands up to walk outward,saw that an old man of having dishevelled hair is standing before him looking at him with a death stare,this feeling like is like you were sleeping soundly to discovers the evil spirit in your side,absolute terror

The people are scary, can be extremely scary!

Jiang Yi body trembles, has not waited for him to speak, does not know When Liu Elder actually came puts on a serious face saying:"Can medicinal herbs preparation take that long time? Didn't take? AhemWaste!"

Jiang Yi face turned pale, changes mind thinks, since Liu elder looked from behind, raw material for medicine that I collected is however right.

"Idiot, take the black stone quickly, light a fire!"

"Fool, black stone were many..."

"Injects the Yuan force quickly, remelt it"

"Idiot! Because of you, this compounded drug in stove was wasted, take the same raw material for medicine quickly, continued to refine"

"Waste, Fool!"

"Has destroyed a stove, stupid pig because of you"

The entire morning, Jiang Yi was busy under the Liu elder's direction, but also was scolded the entire morning. This Liu elder obviously night has not slept, but to refine the pill of gets up overstating, in afternoon, Jiang Yi was shortly hungry, meaning that the belly wauls have not stopped.

Moreover has remelted repeatedly, the Yuan force in his public region also left 1/10, but he does not dare to use the black yuan force actually, for fear that will be seen by this Liu Elder

After a morning of observation, Actually Jiang Yi understood the steps of this refinement of Dan, the refinement of the pill is divided into the smelting, Materialization of Dan, remelting three steps, what makes him desperate is, this refining the Dan first step smelting raw material for medicine and third step remelts Dan was actually easy to do, second step Materialization of Dan he was actually completely unable to understand.

Materialization of Dan Liu elder will personally begin each time, with the formidable flame Yuan force,splits up to build up medicinal quality inside of the compounded drug.He noticed that Liu elder with so powerful strength while refining to be sweating profusely, does not want not to think about this strength temporarily

Cannot refine the Dan,How can he pour his black yuan force into the Dan?

The getting rich Plan has maligned shortly, belly was also hungry , the Jiang Yi innermost feelings depressed to the extreme.

“Quality is not right, has destroyed a stove, can not refine itWhere issue does his mother is left with? Aren’t the medicament increases right? What medicament didn’t I carefully increase to build up the Earth Rank Dan yesterday?”

Last stove compounded drug draws a charge, the Liu elder took one look, on the face immediately was the disappointed and exhausted colours, he was foul-mouthed several strides walks towards outside of the building, gets to the entrance to awaken, turned head to sweep Jiang Yi in one eye, confessed saying:”JiangWhat? You throw all these waste Dan, first go back to eat meal, in the afternoon earnestly look at several medicinal herbs synopsis, do not take quite a while to look for the medicinal herbs next timeAlso, some people come to get the compounded drug, do not giveDid his mother,What problem does it have?”

“Issue left is My this black Yuan force! Ahem,If I do not inject the black Yuan force,can not refine Earth Rank Dan for a lifetime!”

Jiang Yi muttered one secretly,tiredly start to collect the waste Dan he refined a moment ago,prepare to discard it.

“Waste Dan?”

Looking at all the white decadent Dans in the Dan stove,Jiang Yi pupil bright,currently indeed he cannot suddenly refine the Dan, but at present isn’t there ready-made Dan? Although has been abandoned, but if he remelts and

inject the Black Yuan Force again, can perhaps turn this waste Dan into Dan

Chapter 12

Chapter 10 : Treasure Pavilion

Waste Dan, As the name says was refined up from the wrong process or ingredients.

The Liu elder does not know that yesterday that two Earth Rank Dan were created when Jiang Yi had injected two wisps of black Yuan forces, he thinks that he did not add other material carefully, let the original remedy change, made a mistake to refine Earth Rank Dan.

Last night had studied for whole night, he has investigated every ingredient present in that Dan inexplicably, therefore attempts to increase various ingredients today, hopes to refine Earth Rank Dan the same way like yesterday.

The refining of the Dan is a very rigorous matter, the ingredients in the remedy are not few, each ingredient costs money, the smelting time, materialization technique accurately, remelts to be accurate, otherwise very easy turns to waste Dan.

Compounded drug like yesterday's Spirit Shen Dan which formula Liu Elder refines today, added one medicament each time, the result was needless saying that – naturally all Dan discarded, completely was not Spirit Shen Dan which is Human Rank high-grade goods used for practise, definitely was not the Earth Rank Dan.

The Refinement Teachers often regard importance to own work very much, therefore this waste Dan Which has vigorous efficiency , he can not allow to remain because it will absolutely ruins his prestige.

The waste Dan efficiency is unclear, if have some problems, that may be a Refinement Teacher's stain of a lifetime.

Jiang Yi does not understand these, he cannot learn how to refine a Dan in a short time, the Dan in Pharmacy he does not dare to move, only had to hit this waste Dan's attention.

He has hesitated, finally sets firm resolve to make a lane, mortgage in FengYue building that token, such as a sharp sword pressing on his head making him unable to breath

.....

He could not attend to lunch, first collected several waste Dan, because in the morning was the experiment, the Liu elder did not have many waste medicinal herbs actually, therefore each stove Only consists 3-4.

He feigns to clean up Dan Pharmacy, waited to see if Liu Elder comes back, then began. Takes out three Dans to throw into a small Dan stove to study, then wait to slowly inject the blue elementary force, and induced the Yuan force into the Dan stove in same situation.

“Um, Similar Situation, Lets try!”

Jiang Yi observed and emulated one in the morning, not to understand, induces Yuan Force into steaming hot Dan stove, the two waste Dan absorbs blue colour yuan force, revolved a wisp of black yuan force to pour into Dan stove immediately.

“Bang!”

The entire Dan stove trembles, Jiang Yi was instead shaken to be thrust away from the place, in his eyes is the happy expression, yesterday wasn't after exploding Dan stove two Earth Rank Dans were created?

He hurries to crawl, removed the lid to see actually smiles bitterly, inside two waste DanAll exploded!

“Huh ! What Happened ?”

Jiang Yi was confused, he had heard the compounded drug can remelted to reconstruct, but concrete does not know how to operate, only looking at a morning refining of Dan if he would be able to remelted it to reconstruct, he will be considered a refinement division Genius

Has pondered for a while, he throws three Dans once more, continues to inject the blue Yuan force with the black stone warming, result this time has not exploded Dan Stove, but he removed the lid to look, actually discovery original Dan no difference.

“Or should casual add Jiadian Yao powder try?”

Jiang Yi sits on the ground, had pondered very long, finally decides to try casually, this waste Dan is not in any case valuable, the black Yuan force if consumed can also practice again.

He took some medicinal powder to sprinkle casually from the raw material in medicine room, then threw three waste Dan, after the warming was enough, injected the blue Yuan force again, final injected two wisps of black Yuan forces cruel-heartedly.

“Bang!”

The entire Dan stove sways once again fiercely, when he opens lid to look the whole face was black, inside the three Dans added after the original two all exploded, turned into residues ,did not remain

“Shit!Why?What?How to make?”

Jiang Yi sitting cross-legged on ground ponders over,actually has thought very much for a long time about what to but no idea completely. Suddenly, his eye

one bright, tapped the head to stand got up to walk toward the learning hall.

On the bookshelf in learning hall has lot of books about Refining Dan, can perhaps find the the method that remelts to reconstruct the Dan.

“Found it!”

After having read 5-6 books again, he finally found hermetic art Jan Lu, read several pages to find the method that can remelt the Dan.

“Originally to remelt the Dan needs constantly the neutral medicament DiHuang powder, only then restores the neutrality to be able to remelt the Dan to make once more

Jiang Yi was suddenly enlightened, to find that medicinal herbs went to the medicine thatched roof hut to seek for the DiHuang powder hurriedly, quickly he found the DiHuang powder in a pottery jar, started to remelt once more.

“Bang!”

When he Throws in three Dans, injects a wisp of black Yuan force, in Dan stove hears a sad explosive sound again, when he removed the bung, actually discovers that inside three Dans all exploded

“Cannot Refine ?, try one last time, then should go home to eat meal.”

Jiang Yi, threw all remaining seven waste Dan, brings some DiHuang powders, last time remelts to reconstruct, moreover this time the remaining three wisps of black Yuan forces in Dantian has been poured in completely.

“Bang!”

Does not make Jiang Yi surprise, Dan stove is one crack, when he has not hold any hope and removed the bung, actually to his surprise discovered that three Dans Had not exploded unexpectedly, peaceful lying down in Dan stove. Above

them a black light circulation, has the trace faintly, looks like remarkably pretty.

“Ha, Made it?”

Jiang Yi is wild with joy,takes out three Dans in Dan stove,smelling the quiet fragrance inside, his excited body shivers , looks at three Dans is like looking at three beautiful women in Black clothes during eclipse very attractive.

“Same,Same, looked like yesterday’s two Earth Rank Dan very much! Dan, this how much money? PerhapsI have sold these three Dan, can make 12 Golds?”

Jiang Yi palpates with excitement, took a small porcelain hastily put three Dans inside and bottled,reorganized and cleaned up the Dan Pharmacy,walked toward his own yard.

.....

“Young master,Chunya said that side Street has a large-scale restaurant to need person to wash dishes, I want Jiang Yi to go home to dig up the meal with her”, Jiang Xiaonu sitting in side said at the same time suddenly in a low voice.

“It is not good! It is absolutely not good!”

Jiang Yi interrupts his words directly, the calm face warned: “Xiaonu,you remember, starting today you cannot leave Jiang Family Courtyard again, otherwise do not recognize me as your young master.”

Jiang Xiaonu the eyes is anxious, clenches teeth saying:”But, one month later, if does not hand over money, the person in FengYue building visits to ask for money, punishment hall will definitely punish the young master, if Xiaonu was killed all right, but young master

Jiang Yi puts down the chopsticks, touches the head of Xiaonu, said with a smile: “Xiaonu, do not worry, believe the young master, we will soon be very

rich!"

Thinks about that three Dans in bosom, Jiang Yi grinned to smile, the speed of eating was faster several points. Has finished eating meal like a whirlwind that sweeps away scattered clouds, had addressed Jiang Xiaonu several things went out of the courtyard.

This time he does not walk towards Dan Pharmacy, but turned the western Fields to walk toward the city quiet fast, he must go to the city the biggest business, the treasure pavilion!

The Treasure pavilion is business of city main government office lord Ji Family, inside has the innumerable precious treasures, was known as, treasures only you can think but cannot buy. Simultaneously Treasure pavilion has also become the best place to sell the treasure, treats both the young and old honestly.

Jiang Yi does not dare to look for the place To sell Dan casually, if got suspicious greedily troubles. The Entire Tianyu city is under Ji house, in the Treasure pavilion what treasure hasn't been seen? Naturally will not come pit with this grade of important person.

Arrives at the halfway, his footsteps stopped suddenly, turned in nearby clothes gown shop, quick wore a black robe to walk, but also covered the head in the cape completely.

He is the Jiang junior, if someone sees him to pass in and out the Treasure pavilion,to sell Dan! This very easy to the human to suspect that he builds up the Dan in Pharmacy to come out to sell secretly, therefore he has to be more careful.

After burning a joss stick time, he went to the city plaza of Tianyu city,square is crowded, very lively,Jiang Yi the whole body covered in the black robe, caused some people to pay attention, but the city was noisy, anybody has not cared actually.

Jiang Yi lowers the head walks fast,arrived at south square before a broad style three lofts building, quickly.

“Treasure pavilion!”

Jiang Yi looked at entrance giant signboard, three flying dragons and dancing of phoenixes golden large characters, the pursing his lips, clenched teeth to raise legs to walked toward inside.

Treasure pavilion is very spacious, sweeps off most little has dozens ten feet width, inside is chocked up with various types of counters, on each counter the sales clerk stands , countless men and women in luxurious robes milling around, this inside looks like small down town streets.

Jiang Yi first time comes to this big place, so does not know what to do. Fortunately, he stood for a moment, a middle-aged man wearing a robe and came asked: “? Will the guests need help with anything.”

“Treasure pavilion is really uncommon!”

Jiang Yi nods secretly, the black robe that his outside buys is also the bargain-priced goods, this steward has not made people drive him out, but also the politeness, the Tianyu city first big Business is really so uncommon.

Jiang Yi cups one hand in the other across the chest, lowers sound saying: “I want to sell several Dans, do you buy it?”

“High-quality Dan we can buy.”

The stewards nodded, inquired: “What grade is the Dan of guest? If Human Rank low-grade goods

“Should not be Human Rank low-grade goods, continue? Should not say that is Earth Rank, least should also be Human Rank high-grade goods?” Jiang Yi has pondered over secretly, returns saying: “It is not the Human Rank low-grade goods.”

The stewards nodded, neither cold nor hot saying: “Good, please come with

me."

Jiang Yi with this steward into a nearby Accord, that steward asked Jiang Yi to sit down, then lifts the hand saying:"Please show the compounded drug, if good Dan, we will give the reasonable price."

Jiang Yi took out the small porcelain bottle from bosom to hand over, that steward poured one, carefully watches one to smell, finally frowns saying:"Your this compounded drug, I have not looked, therefore is unable to appraise, please wait a bit, I will invite Refinement Teacher of our Treasure pavilion to appraise."

The steward put down the compounded drug to walk, soon will lead a hoary-headed old man to walk, this old man wore a lunar white long gown, the impatient look on whole face.

The old men walk, saw that the Jiang Yi whole person covered in the cape black robe has not been feeling well, took up the compounded drug on table to pour one with smell in the hand conveniently,saying with disdain: "This was waste Dan from refining Spirit ShenDan, remelted to reconstruct? Moreover increased some assorted medicinal powder, the drug efficiency estimated that must discount, this compounded drug value is not high, Liu Guanshi you look at the office!"

"This Refinement Teacher is quite fierce!"

Jiang Yi heart secretly startled, innermost feelings are very disappointed and puzzled, how doesn't the black Yuan force have increased drug efficiency? It seems like this Dan was unworthy of high price, perhaps the opposite party will not want

"what?"

The Refinement teacher prepares to throw Dan into the porcelain bottle, his pupil shone suddenly, the complexion also becomes serious, the eye stares in a big way, carefully watches the Dan once more.

“Yes, yes, this is indeed

Looked at again, the old man body shivers unexpectedly slightly, his vision scalding hot sweeping to Jiang Yi, unexpectedly holds the fist in the other hand to cup one hand in the other across the chest to say suddenly: “This honoured guest, did You refine this Dan?”

Jiang Yi was frightened, has stood hastily, shakes the head saying: “It is not, is not! I help others sell Dan...”

Is it a joke!

Since this refinement Teacher is in the Treasure pavilion, the Rank will definitely not be low. Liu Elder is a 1st Rank Refinement Teacher and in Jiang Family he became an elder, obviously higher rank Refinement Teacher has higher status, does he dare to withstand this ritual?

“oh.....”

On that Refinement Teacher face reveals a disappointed colour, looked at the Dan once more, turns around outward to walk quickly, simultaneously confesses the steward: “Entertain this guest, I am going to consult Second Young Miss first.”

In charge is startled, on the face shows the bright smile immediately, beckons saying: “Come Sir, Please have some tea!”

Chapter 13

Chapter 11 : Ji TingYu

Treasure pavilion top layer is very spacious, but here has a small Accord, other bulk places are full of unknown yellow flowers, at this moment under shine of sunlight, a golden shine, the place was as a dream such as imaginary place.

Entire staff in Treasure pavilion is restricted to enter this area, only five people can enter the top layer .

Second Division Refinement Teacher, "He Grandmaster" is included among those five people.

He Grandmaster walks in a hurry through the staircase, on the roof of Accord a yellow clothes young girl, in one eye reveals spoil and other colour of respect immediately.

A pretty young lady, age looks like, only 16 or 17-year-old, delicate facial features look even a fine by several points compared with Xiaonu, a faint yellow long skirt the tender body wraps she has exquisite curves, she sits among all the flowers in Accord and holds a book to read, nearby one cup of hot tea steam circle floating, gives people a feeling of elegance simply by looking, like a king among the flowers, like all the flowers lost their colour in her presence.

She has a pair of beautiful Red Phoenix eyes, the pupil sparkles as pearl and clear as water, she discovered that some people walk in a hurry, a willow eyebrows gathered, put down the book to look slightly, said with a smile: "He grandfather, Why do you walk so hurriedly ? Did something happen ?"

The He grandmaster enters Accord not to speak, black Dan that he brought

from Jiang yi gave to the attractive young girl. Extending the hand girls white fingers holding immortality looked carefully for a while, also leans on her nose and sniffed, it is nice eyebrows cling tighter, some puzzled and asked: "This is only very ordinary compounded drug, remelts to reconstruct, inside should mix some medicinal powder, this compounded drug mostly the rank should be Human Rank ?"

The He Grandmaster stroked his white beard, with a very satisfied nod said : "Young lady is intelligent, says right, but you took a look again carefully."

The yellow clothes young girl beautiful small face is serious, she is very clear this Refinement teacher temperament is how strange, will be all right will not accompany her to chat, her pair of phoenix eye has narrowed , eyes will be watching the sunlight falling on the Dan carefully.

Quickly she had discovered something not right, on the calm indifferent small face presents surprise and changes countenance, her pair of phoenix eyes also shone, the cherry small mouth sends out one startled voice to talk ask: "What? This compounded drug outside has trace of something strange, is this the legendary"

The He Grandmaster with an affirmative nod said: "Right, this is legendary Dan Lines! The young miss really well-read, intelligent excellent, About this Dan Lines the general preliminary Refinement teachers do not know."

Pretty young lady beautiful pupil stared at that several light traces on the black compounded drug looked several more times, then chuckled shook the head saying: "He grandfather, I am not the Refinement teacher, if this is the legendary Dan Lines , it is said The Refinement Teacher who can refine Dan lines should be extraordinary? What special effect does this Dan Lines have?"

"Dan Line is useless, not any addition to compounded drug efficiency ."

He Grandmaster inhaled deeply, his face solemn deeply said: "But the Heaven Xing mainland with more than 10,000 years history has presented 107 Dan kings, nine Dan Saints, but only 102 compounded drug refined by those people Had Dan Lines!"

“What?”

The yellow clothes young lady tender body trembles, beautiful face changing colors, her beautiful pupil shines immediately scary, anxious saying: “Does He grandfather Know this Dan came from where?”

The He Grandmaster puts out a hand to point out towards below: “This Was brought by a youth for sell.”

“Youth?”

Yellow clothes young lady small mouth astonished opening, asked quickly: “Youth what kind of strength?”

The He Grandmaster shakes the head saying:”This youth strength is very weak, Dao Boundary single layer, this is not refined, by him, to refine such a compounded drug at least to be Dao Boundary fifth Layer strength. I come up to ask for instructions the young lady, What to do with this matter? Or send someone to track this youth, to find this Refinement Teacher?”

“No!”

The yellow clothes young lady hesitates, complexion quickly restored calmly, pair of black eyes are sparkling a inexplicable ray, suddenly sets out to walk towards below: “I have to look personally.”

.....

Treasure pavilion was a lot noisy, many respected family son and young ladies like coming here shopping, This is Tianyu city biggest Shop, passing in and out here frequently itself is also the symbol of status.

“Whish!”

But from the above staircase comes down a yellow clothes young girl, entire Treasure pavilion shortly was in an uproar, immediately became peaceful, falling the needle may hear. In many brocade gown son eyes reveals the scalding hot ray, just wants to walk toward the yellow clothes young girl in a hurry, actually saw that she disregarded the people to enter in a Chamber directly.

The Jiang Yi mood in Chamber is very disturbed, the first time in such big place, is waiting at this moment still for the opposite party to decide, heart is tensed. Is good his whole face was covered in the cape, many years of constraint life also made his disposition calmer.

However!

The calmness of his attire, quickly vanished after the yellow clothes young lady walks in , after he has swept this young girl, the vision cannot move immediately. Jiang also has pretty young ladies, the young ladies compare to this second young Miss are also long way to go, this yellow clothes young lady at this moment felt like fresh flower with green leaf, with No comparison.

“Cough, cough!”

Fortunately, the He Grandmaster came along behind the girl, awakened Jiang Yi, he quickly looked down pretending to cough did not dare to look. He came to the sale Dans, which the girl is obviously rich, so if will stare at others perhaps to enrage the opposite party rashly.

After the yellow clothes young girl walks, a beautiful pupil moves, swept over Jiang Yi, lifted the hand to prevent saluting of Liu Steward and maid servant, this looked Jiang Yi said: “Ji Tingyu, may I ask Sir your surname?”

“Ji Family? This Treasure pavilion is really the shop of Ji, this seemed like the young Miss of City Host family.”

Listens the young girl voice such as the oriole was singing, Jiang Yi mind swings, but then with a calm mind said: “Miss Ji is good, this one is Yi Jiang.”

At this moment he does not dare to use real name, since he is very clear this compounded drug has alarmed the young lady of Ji, definitely was the opposite party had realized the specialness of black Yuan force, the ordinary man was innocent,in truth talent can arouse jealousy he understood that.

“This place is not suitable to stay for a long time.”

This young miss of Ji is an outstandingly beautiful spirit, moreover her pair of beautiful Phoenix eyes twinkle, making him feel that they can understand all clearly, he fears that stayed in here for a long time, all his secrets will be out.

Therefore he, did not wait for the opposite party to open the mouth saying:”Miss Ji, Do you receive this compounded drugs or do not receive? Do not receive Then I say goodbye!”

“Uh.....”

The He Grandmaster and Liu Steward, good-looking maidservants show the stunned expression. They are very clear of man’s attraction for this young lady ,Anyone saw her will be captivated by her and try to get her? This youth’s strength in the city is not very sophisticated ,but has such strong determination unexpectedly?

Ji Tingyu is also slightly startled, but quickly smiled, nods the head slightly said: “Compounded drug naturally will receive, Yi Young, how much money you need for it?”

“Human Rank high-grade goods compounded drug are 12 silver, my this compounded drug listens to this Refinement Teacher is not very high, but their young miss was alarmed, obviously saw this compounded drug is unusual? Is the value higher than Human Rank high-grade Dan?”The Jiang Yi mind moves fast, clenches teeth to say quickly: “Two, 22 Silver.”

Ji Tingyu and He Grandmaster have looked at each other one,two people eyes flashed they were stunned,Dan refined with up Dan Lines to sell for 22 Silver unexpectedly? Will Refinement Teacher who can refine such compounded drug care about this amount of money? Has this youth stolen others compounded

drug?

Ji Tingyu the Treasure pavilion status is obviously high, she hesitates, others do not dare to open the mouth, a moment later she asked again: "Yi Young, Ji Tingyu wants to ask rashly, the master who refined this compounded drug you know him then come out to sell the compounded drug right?"

The compounded drug was refined by Jiang Yi, with a nod Jiang Yi naturally did not care said: "of course I know, or do you think I stole it?"

"Ji Tingyu alarmed, this is only some of our rules, Yi Young should not feel offended"

Ji Tingyu no longer asked that turns the head to ask Liu steward: "You bring 12 gold, these three compounded drugs our Treasure pavilion received."

"12 Gold?"

Jiang Yi is stunned, these 12 Golds are same as 100 silver, this Miss Ji not only has not pressed his price, instead rose?

Steward exits to bring a piece of small gold-foil to give Jiang Yi quickly, Ji Tingyu smiles saying: "Yi Young, if later has such compounded drug, you come to our Treasure pavilion freely, we want all! Moreover all three we buy for 12 Gold , we can also pay more high price , certainly You must make the master who refines this compounded drug to agree."

"Is this Gold?"

Jiang Yi mind was attracted to one purple gold-foils completely, this whole life has not seen Gold. His breathe becomes rapid, has not cared about this young lady's words completely, beckons with the hand to say at will: "Ok , later has such compounded drug, certainly will sell to your Treasure pavilion, had some matter first to say goodbye"

Jiang Yi had Gold, with all politeness cups one hand in the other across the

chest hurriedly to walk toward outside. That He Grandmaster also wants to ask several, actually blocked by the hand of Ji Tingyu.

Jiang Yi goes out of Chamber, discovers innumerable vision locked on him unexpectedly, some sons reveal the colour of envy hatred. He does not know this is because of Ji Tingyu, some creepy feeling, looked down and tightened the cloak enveloped his head walked out of Treasure pavilion, vanishes in outside boundless huge crowd

.....

After Jiang Yi left for a while, the He Grandmaster had drawn back Liu Steward and maidservant, asked the Ji Tingyu: "Young lady, this compounded drug does not have the value besides Dan Lines . Moreover the drug efficiency is unclear, cannot sell, Why do you receive all?Should we send someone for tracking him?"

"Ha-ha."

Ji Tingyu smiles gracefully, is beautiful dazzling, in her beautiful pupil the light wave circulation, looks at the He Grandmaster to say with a smile: "He grandfather, in Tianyu city, in refining Dan nobody compares favourably with you, but in the theory of businessActually nobody compares with me. Depending on this Dan lines, feared to sare this youth, I meet 12 Golds to purchase. If with a change, can be on good terms withDan King or Dan Saint Refinement Teacher, this business was too cost-effective. Right! The He grandfather do not send for tracking, otherwise has enraged that mystical Refinement Teacher will only equal to loss. Quickly relax, this youth will visit again"

The He Grandmaster was suddenly en lighted, strokes to white beard, heartfelt saying: "Young Miss thoughts are agile, the vision is long-term, the old man admires. YesTianyu city several million people, doing business also really nobody compared favourably with young lady, otherwise Treasure pavilion in short two years can become Tianyu city first big Shop? Right! The young lady took over control of the shop was only 14 years old? If young lady continues to manage, feared that do not need ten years, the Treasure pavilion will become our Shen Wu Country's first big Shop."

Ji Tingyu smiled, shook her head, disregarded, her vision through the window slit of Accord, looks to the sky of distant place, sighed to mutter slightly: "What meaning does the Shen Wu country's first big company has? I Ji Tingyu must become the woman of The Emperor in the future, in order to do business how can walk a correct path in this world full of ruthless people ?"

Chapter 14

Chapter 12 : Crawling Back

“Gold, 12 Gold, have I earned 12 Gold unexpectedly?”

Returns to the Jiang south Field to Refine in the Pharmacy, Jiang Yi felt like having a dream, he once again takes out the purple gold-foil in bosom to take a look secretly, careful to touch a few times , then hides in the bosom, the whole body is full of joy.

In two days of time, he unexpectedly has gained 12 Gold, what is most important was that Ji Tingyu said, from now she will receive all the compound drugs. He Refines up 27 black compounded drugs again, he can earn 12 Purple golds,to redeemed the token?

(Note : Money is divided into Silver , Gold ,Purple Gold ,but the author keeps keeping on changing the names & exchange rate of the different coins so it is very difficult to translate that part.So if some guys are having confusion sorry about it, I will try to make it clear in further chapter)

Later must refine massive amount of Dan to sell to the Treasure pavilion, to gain money,Jiang Yi whole body trembles easily. Even if he is a waste at practice, he can become a wealthy man by this black Yuan force, can live with Xiaonu an easy and comfortable life.

Liu Elder's also will definitely continue to experiment to refine the Dan for these days, so long as does not inject the black Yuan force, he can never build up the Earth Rank Dan , will then have many waste Dan

“Ah Right, the black Yuan force all consumed, I must hurry to refine some,

moment can not spare. In Remelting yesterday the blue Yuan force consumption was a lot, must make up.”

Jiang Yi suppresses the innermost feelings of joy, removes the distracting thoughts to sit cross-legged in a place to sit in meditation. He prepares to practice half an hour the nameless merit law, then runs the River Destroy Law to restore the blue Yuan force again , wait it is getting dark must bring “Medicinal herbs Jan Record” and read it all night at home, he may think for a long time now will be in the Pharmacy of family , if dares to neglect the order of that Liu Elder , fate is like yesterday’s Jiang Song

Just had practised for time, Jiang Yi actually sobered, he was awakened by the slight sound of footsteps together.

Looks Towards the entrance of the Dan Pharmacy, saw a figure moving, after then Jiang Yi relaxed, being soundless walked.

“Jiang Song? What Does he come to do?”

Jiang Song starts to move forward to meet Jiang Yi, Jiang Song has actually made the movement of hiss, collects some doubts to ask in a low voice: “Jiang Yi,What are you doing in Dan Pharmacy ? Is the elder inside?”

He Occupied another person’s place Dan Pharmacy’s disciple, although did not he intend, Jiang Yi somewhat awkward said: “Liu elder is not inside, um Yesterday after you walked, I just wanted to leave,I was stopped by calling out by Liu Elder,then letting me, work here to help.”

“What?”

Jiang Song complexion changes instantaneously, in pupil is terrified and spunk. Yesterday he had been swept a palm of the hand by the Liu elder, went home to his father saying, maliciously had been hit actually, making him come to apologize to Liu Elder today immediately, obtains forgiving of Liu elder, to continue to keep working in this Dan pharmacy.

Jiang Song is the collateral branch young master, the natural talent is not good is also lazy , now is to Dao boundary double. His father asked the Liu elder to repeatedly for him, the original intention wants to make him study some hermetic arts, in the future will make a living well.

Jiang Song had been hit by his father yesterday, reproved for very long, somewhat regretted, at leastHere works, he can make some compounded drugs to exit to sell for money frequently. Therefore today he ponders over, decides to thick the facial skin to apologize, even if kneels down also to keep working for Liu Elder.

Has not thought , actually hears such desperate news, since this Liu elder made Jiang Yi stay behind, he again did not have the opportunity

Thinks, does not have the opportunity to make the compounded drug again, did not have the spending money, thinks that his father heard this news definitely to have violent anger ,will he not die by peeling of skin, the Jiang Song whole body shivers, was flustered by the gas of anger does not know what to do.

Jiang Yi sees Jiang Song like this,somewhat guilty comfortingly said: “Jiang Song, sorry, I did not intend

“Didn’t intend?”

Jiang Song looked at Jiang Yi one eyes to get angry immediately, pointed at Jiang Yi the nose to scold: “You clearly Were intentional,right! Yesterday When I came back here, certainly was you complaining to Liu Elder, he had violent anger. Jiang Yi you are quite poisonous, cannot think that usually you looked overly cautious and prudent, but is actually a full sinister villain .”

“.....”

Jiang Yi was speechless, this Jiang Song is a loaf, was not treated well by Liu elder , Just like a trifling thing. This position of Dan Pharmacy disciple was not gained by him, others will also go against it, he was also disinclined to argue with this Jiang Song, turned around to walk toward inside, said: “Jiang Song, you go back, I do not want to struggle with you, if you think that I am a sinister person,

you completely may go to punishment hall to report me.”

“Good! Work in Dan Pharmacy for a day, did you get conceited?”

The Jiang Song the whole body to shiver, on face the muscle twists, in his eyes flashes through a ruthless colour suddenly, explodes shouts to clear the way: “Looked today I hit you disabled, then what use would Liu Elder have for you? Ahem, when the time comes I will make my father to ask Liu elder, this position is mine.”

Saying that, Jiang Song on the eye shows ominous light, the mouth shouted that “Black Sand Palm”, the double palm looked fearful black, maliciously racket to back of Jiang Yi.

Jiang Yi hears the back wind to turn head to look suddenly, immediately is angry. In the past his perception was astonishing, honourable Status, therefore has looked at many Jiang feats of arms, the feat of arms that Jiang Song used at this moment his eyes can recognize.

Red Skill the Black Sand Palm !

To learn this Red Skill must take drugs with snake poison, disciplines, then practise the hands in hot sand to circulate blood, the heart arteries solidifies due to violent poison in the black sand hands strong as iron, after passing through this vigorous process, it can become Human Rank Middle Grade Skills.

Because this palm law very evil and cruel, if not treated promptly, then turns opponent into a disabled person, heavily lethal. Even if intensive, but most the respected family juniors being conceited disdain to practice, but this Jiang Song because of a minor matter, unexpectedly uses it fully, this was to disable him, or wanted his life directly?

“Black Yuan Force!”

Jiang Yi assembles a black Yuan force instantaneously, moves it toward the left eye to watch Jiang Song Dao Double Layer boy, he disdains to assemble the black

Yuan force to increase the range of offensive force. Certainly he does not want too many to know, that his strength can be surged, compared with the feat of arms? This Jiang Song also missed by far!

“Buzz!”

Jiang Yi the left eye quick black light dodges, his present world changes once more, the speed of the palm of Jiang Song which would have been fairly good also slows up.

“Coiling Hand!”

He turns around fast, does not draw back instead moves forward, the both legs slide toward the front, after then body suddenly spins, both hands such as two dragons entangle toward the both hands of Jiang Song. With help of this black Yuan force, he can judge the attacking track and speed of opposite party with ease, thus judges ahead of time, avoidance, counter-attack.

“!”

Jiang Song two palms just patted, because Jiang Yi body suddenly spin to dodge, his two palms can only clap empty air. When he prepares to change direction for next punch ,Jiang Yi two hands such as two Dragons have coiled his two hands.

“Hmm!”

Jiang Song one startled but not panicked, in his opinion Jiang Yi only Dao boundary single layer, even if feat of arms again ingenious skilful, is not his match. His boundary compared with Jiang Yi more by a single layer, the reaction , the attack speed and strength differs greatly, will he lose? He sneered not to go with hands, on the right knee the elementary force integration, was going suddenly to Jiang Yi lower region..

Jiang Song idea theoretically right, but he does not know that Jiang Yi this moment left eye vision has becomes a terror, his every action and every

movement all looked in the eye by Jiang Yi, he has not moved Jiang Yi to judge his attacking track ahead of time, strength and attack speed, although has the disparity, butThe Jiang Yi reaction rate was faster than him.

“Serpent Whip legs!”

Jiang Yi the right leg early has flung, such as a poisonous snake toward the top of Jiang Song the small thigh.

“Smack!” “Pop!” “Pop!”

Clear sounds resound, Jiang Yi the right leg such as the poisonous snake attacks the bone unceasingly on the calf of Jiang Song. Jiang Song Did not expect that such rapidness with which Jiang Yi responded? Before could react the thigh had taken three kicks, a fierce pain transmits, his secret passage is not wonderful while withdrawing right leg, hastily he prepared to withdraw at this point to evade then counter-attack .

However!

He had forgotten a point, his both hands had bee tied down by Jiang Yi's Coiling Hand at this moment, his footsteps draw back both hands tied down, the body centre of gravity is not naturally steady, the body almost throws down in a flash, then completely panicked.

“Pop, pop!”

Jiang Yi look is solemn, both hands tie down Jiang Song as before, but also with slight effort lets him completely control the body centre of gravity, both legs like electricity toward the right leg of Jiang Song, moreover is in the end and hitting hard to a single place alone

“Click!”

“what—”

When Jiang Yi leaves the sixth leg, Jiang Song the right leg thigh transmits the bone to crash finally together, Jiang Song also cried out pitifully, is unable to support the body centre of gravity again, and fell down, held the right leg pain to be howling.

Jiang Yi this time has not beaten severely doesn't hit a person when he's down, he let loose both hands of Jiang Song, looked at him indifferently screaming endlessly, without a trace of compassion inside. Today, if he did not have black Yuan force, now lying on the ground screaming will be him, this world is brutal, no strength, only can be insulted!

Jiang Song kept on howling in pain for a while, cold sweat on his forehead, his face twisted hard climb up, horrified face colour confusion within the eye, it seems to be still can not believe that he Dao Boundary Double Strength, how was so easily injured by Jiang Yi who is Dao boundary Single?

However he is actually very intelligent, knows that this place is not suitable to stay for a long time, otherwise wound will be more serious. He is concerned that with a broken leg to run away is difficult, arrives outside to see right Jiang Yi did not to pursue, clenching jaws of eyeful hatred said: "Jiang Yi, you dare to injure me unexpectedly? You are dead, I will certainly make the Hu Ge(elder brother) to kill you, if you want to live do not leave Jiang Family Courtyard for a lifetime, hissing"

"I will count till three if does not leave, you're ready to leave crawling back!"

Jiang Yi body is motionless, looked at Jiang Song said coldly. Finally Jiang Song complexion changes, Jiang Yi has not started to count hurries to lean on the wall, hopping along fast runs away toward the distant place by the left leg, but several rest time disappear

Jiang Yi has not gone to pursue actually, said that here is Jiang Family Courtyard, if were known by punishment hall, he and Jiang Song must be punish. Jiang's family secretly convenes children who fight, but in the surface must maintain the dignity of clan regulations.

When the Jiang Song vanished thoroughly, the Jiang Yi complexion is gentle, in the pupil actually flashes a worried look.

Hu elder brother who Jiang Song said that naturally is the eldest child in family second-rate juniors, Jiang Ruhu! Jiang Ruhu the father Jiang Yunshe is Family affairs hall Chief ,elder brother Jiang Ru long the strength in the family younger generation places second, only under Jiang eldest son Jiang Henshui. With the cover of father and elder brother , in addition the itself strength achieved Dao boundary fourth layer, Jiang Ruhu naturally does not care of water or the wind, many collateral branch young masters and second-rate juniors of Jiang, followed his lead like Jiang Bao Jiang Song *et al.*

Couple of days ago he had hit Jiang Bao, at this moment has hit Jiang Song, feared that if Jiang Ruhu knows, definitely will be grinding his teeth with anger?

“Jiang Ruhu

Jiang Yi with big desire, after this matter, his innermost feelings longs for having the formidable strength,so as not to be bullied, not be humiliated.

Swayed the head, Jiang Yi sat cross-legged, hesitated secretly: “UmFirst practices the River Destroy Law, these days to be more careful, not to be caught by Jiang Ruhu et al.Must Wait to accumulate to sufficient money, then exit again outside to purchase high-quality compounded drug, to speed up practising! Ahem, so long as I have Dao boundary double strength coordinated with black Yuan force, If Jiang Ruhu dares to look for trouble, I will beat him until he is labelled as a bloody pig?”

Chapter 15

Chapter 13 : Dawn Of Hope

Early in the morning,Jiang Yi ready to practice the River Destroy law for two hours to replenish the Blue Yuan force.By Itself his practising speed was slow, remelting absorbs too much of his Yuan force,if he does not replenish ,fear is that if continue this way in two weeks, all the force he has accumulated in so many years will be consumed

“The Liu elder is also ,really, I have consumed so much yuan forces,can he not give me 1-2 high-level Spirit Shen-Dan to supplement the Yuan force

Jiang Yi complained secretly then changed his mind to think, probably if had the most preliminary elementary force Dan result will be same? Doesn't he have the black Yuan force?With its he can definitely increase Yuan Force Dan's drug efficiency? So that can practise fast?

He pulls out a green small porcelain bottle from the bosom hastily, pours a green Yuan force Dan to swallow, immediately sits cross-legged to meditate.

This Yuan force Dan is the most preliminary Dan to assist practice,the efficiency of this and Huang Shendan is similar, very loose speed to be slow like a snail. Jiang Yi practised the River Destroy Law for half hour, the Yuan force Dan's efficiency proliferated to the outer side of the Dantian,completely covered the Dantian, started to increase the refinement speed of Yuan force in the Dantian.

Human body to practice,depends on revolving the Qi by cultivating the Law, absorb the divine Qi from the world into the body, gather it into the Dantian, circulate it internally to turn into Yuan force again. Therefore the Dantian and passages through which vital energy circulates are so important to Practitioners, once a particular persons pubic region is destroyed, if does not

have the Holy Grade Dan almost impossible to repair,a formidable martial Artist can only turn into a disabled person.

The Dantian of human body like a Dan Furnace for refinement Dan, world divine Qi in medicinal herbs, whether or not can refine a Dan fast, could depend on if Dan stove is good enough,the technique of Refining Dan varies person wise.

The stove has advantages and disadvantages,also good and evil intermingled in human body, the speed of Dantian refining Yuan force naturally can be fast or slow. The technique of refining Dan has weak and strong,like that the merit law of Martial Art practice also has the high-level and preliminary division, the practice speed naturally also has the difference, this is also the reason Shen Wu country first stage of cultivation is called Dao. And the Dantian is most important, without a good Dantian, the natural martial talent is limited, the achievement of whole life can only be naturally limited.

Who does not know Jiang Yi Dantian is good or bad!

Because of his sealed Dantian, the speed that he practices is continuously slow like a snail. Although he has the black Yuan force used with Dan for auxiliary practice,can make the practice speed increase in a short time, but more he practices the Yuan force needs are getting more and more heavy, only if he takes High Grade Goods daily,then the sugar cracks the teeth, otherwise Jiang Yi this whole life is doomed as achievement is limited!

“Who in the end sealed my Dantian? How to break this seal ?”

Jiang Yi thought of the seal clenched his jaws, according to the big elder's estimate,Jiang Yi's natural talent may be compared with the top talents of a supernatural mighty country, at least can be compared with Jiang first talent Jiang Henshui. Although does not know why the big elder was so confident on him, but every time Jiang Yi thinks of this,will be as depressed as he spits blood.

“UmThe efficiency surrounded the pubic region,a bit faster using the black yuan force increased range efficiency, otherwise this instilled strength to dissipate quickly.”

In regards outside of the Dantian to be surrounded by the faint green light, Jiang regains the mood, revolved a wisp of black Yuan force to leave the Dantian, towards the green light surrounding the Dantian went through the circulation of passages through which vital energy circulates.

“Seal!”

The black Yuan force just arrived beside the pubic region, In Jiang Yi mind a red dragon shape seal outside the Dantian was attracted. If the Dantian was like a walnut, this moment the outer shell of walnut was carved with a red dragon-shaped sculpture.

This red dragon-shaped sculpture is exceptionally vivid, lifelike, like a living Dragon moving on his Dantian, the entire Blazing Dragon shape seal comprised of Tiny Flame runes, the big elder studied it for a long time not being able to Break, let alone Jiang Yi.

(Note : Runes are like Signs or small characters written in Talismans)

Regarding this, Jiang Yi fears that the Yuan force Dan's efficiency has started to disperse, does not dare to look, hastily fusing the black Yuan force with the green efficiency wrapped the entire Dantian, and then recovered the mind and wholeheartedly started refining the Blue Yuan force.

“Really effective!”

Jiang Yi was not surprised, after the black yuan force fused with the Dan yuan force, his River Destroy Law refining speed definitely several fold faster. Feels the blue Yuan force in the Dantian to continuously increase, Jiang Yi is secretly excited. If he has massive amount of Dans, depending upon the black Yuan force increased efficiency, even if there is this seal, he can practice fast. Although his future achievement is limited, but to reach Dao boundary 4-5 layer is not that difficult matter.

What a pity

Black Yuan force consumption was too quick,in only a moment,Jiang Yi remaining two wisps of black Yuan forces were cleanly consumed, practice speed slowed down.

Practising for a while, Jiang Yi felt that the speed of River Destroy Law was too slow so stopped, decided to practise nameless law. The efficiency of Dan has not completely worn out,can increase practise speed once more, although he increased the speed merely a moment ago, the blue Yuan force that he refined can be two times compared with the past

However!

He spent more than half an hour to extract a wisp of black Yuan force, ready to go to increase the Dan efficiency,but found that the green light enveloping the Dantian has been consumed clean.

“Was this Yuan Force Dan strength too weak? Well" Jiang Yi was speechless,was preparing to withdraw the black Yuan force ,actually discovered something was not right.

And so on, after he carefully examined the body for a moment,actually the entire body suddenly trembled, the eye opened suddenly,unbelievable expression.

“Impossible, thisHow is this possible?”

He does not dare to believe , closed in the eye to examine again and again repeatedly, his body trembling was getting more and more fierce, the tears started to silently drip from corner of his eye, has slid by his delicate small face, moistened his clothes

Men do not cry easily!

Jiang Yi little bursts into tears ,from childhood to maturity that night big Elder went missing he did not cry,Jiang Xiaonu was beaten he did not cry,even if he was beaten till vomiting blood, bones were broken, beaten black and blue even

fainted he did not cry, but the tears are like now – like the river burst its banks, rampant no sign of stopping.

“Mother, grandfather, the seal broke open “Finally He opened his eyes and softly muttered, the whole face was wild with joy and desolate!

Why he is wild with joy ? When he examined the seal outside Dantian a moment ago, discovered Runes of that Dragon Shape Seal decreased!

He was familiar with this seal more than others, since achieving Dao boundary single layer he examined the Dragon shaped seal tens of thousands of time, he remembers clearly this dragon shape seal altogether comprised of 18000 Runes, but at this moment has been short of one

Why he is desolate, at this time can not see his mother ,even cannot see the big elder is also uncertain of fate, if they can see with there own eyes that he has hope to break his seal should be good.

This dragon shape seal exceptionally strange, at that time big elder had already achieved the Zifu boundary Eight layer, with so powerful strength studied for two years actually unable to find a way out. Has thought of lot of ways to break the seal or weaken it all in vain, but at this moment obviously has actually been short of a rune. What did this indicate? Explained that he has the possibility to explain this seal very much thoroughly.

“Black Yuan force, certainly is the black yuan force!”

The Jiang Yi completely sure, the reason this seal fluctuates absolutely because of black yuan forces! This Yuan force Dan he had swallowed a lot, but never had such a mutation. The only explanation is that – black elementary force can erase the runes, and can help him break the seal.

He suppresses the innermost feelings of excitement intensely, revolves a wisp of black Yuan force encircling the Dantian with the dragon shape seal. What made him wild with joy is that – black Yuan force starts to vanish slowly, Runes on dragon shape seal also slowly melts, finally after the black Yuan force consumed completely, Runes has been short of one once more!

“Again again!”

A wisp of black Yuan force was refined in the Dantian,Jiang Yi assembles immediately , to continue to start attacking the seal. Finally he successfully made another Rune on seal melt

“Ha ha ha ha, Heaven has eyes ah! The God, you opened an eye finally!”

He opened his eyes and laughed, smiled and smiled and started to cry, the whole person was totally like a lunatic.Years of oppression,years of depression, at this moment seems completely vent out.

A full half stick of incense time, Jiang Yi calmed down, he wiped the tear stains of corner of the eye, he then sat in meditation, careful examined the seal outside Dantian, determined that runes on that dragon shape seal has indeed been short of three, he relaxed thoroughly.

“Practice! Must practice, I must bring forth the black Yuan force unceasingly, breaks this seal completely!”

Weather already near Dawn, Jiang Yi completely has actually forgotten the time,completely focused on starting refinement of black Yuan force , at this moment he wishes that he could practice 18,000 wisps of black Yuan forces directly, and break this seal completely, and then look at his practice speed. Whether Has original speed of the waste ?

“Practice speed?”

Thought of this, Jiang Yi gawks, decided to stop revolving the nameless law and to revolve the River Destroy Law , he wants to confirm a matter, since this seal started to break slowly, then how much has his practice speed increased?

The moment, Jiang Yi body shakes once more, the eye opened suddenly, this time he has not burst into tears, but has stood up straight, face upwards a long and loud cry, the long howl is loud and clear, inside which is pleasure and

excitements !

The seal just started to break merely, the River Destroy Law practise speed definitely has promoted two times unexpectedly, although still very slow, but he has seen a ray of light, within Dawn Of Hope

Chapter 16

Chapter 14 : Jiang Henshui

“Young master, where are you?”

Hearing the anxious call, made Jiang Yi wake up from practice, he raised eyes to look, discovered that all around surrounded by a dark sky completely black. He tapped his head, blamed himself to practice so wholeheartedly that forgot the time unexpectedly, hastily coming out through the front door of Dan Pharmacy, walked quickly towards the source of the sound.

“Xiaonu, I am right here!”

In the dim dim light of night, Jiang Yi noticed that in the front a gaunt figure searching and shouting together, his heart suddenly feels guilty and distressed, moving the Yuan Force under foot dashes out to go towards Jiang Xiaonu.

Jiang Xiaonu wears a spacious white maid servant gown, her body appears weak, heard the voice of Jiang Yi, saw that a form soared towards her, suddenly overjoyed and said: “Young master, Finally found you, I was worried to Death.”

“What are you worried about? Silly girl, young master was in practice so forgot the time!”

Jiang Yi arrived, draws near Jiang Xiaonu to hold the hand, her whole face was flushed, immediately remembers something, cracks into a smile: “Xiaonu, Lets go home, I have something to tell you, a huge good news.”

“Good!”Xiaonu never suspects Jiang Yi’s words,kept laughing and walked with Jiang Yi towards there yard quickly.

.....

“Young master, is this really Purple Gold? Am I not having a dream ?Can young master’s seal really break?”

In a ruined small courtyard,Jiang Yi digs up the food in gulps, Jiang Xiaonu was actually sitting next to him laughing foolishly,in the hand holding one sparkling purple gold-foils, felt as if it is not real.

Jiang Yi digs up the last amount of food,comfortably, turned around to pinch the nose of Jiang Xiaonu said with a smile: “Silly girl, later we will have many Purple golds,when the young master becomes strong,other people will never try to bully us.”

“Um,the young master is fiercest,young master come on!”

Jiang Xiaonu awakens, sweet smiles,eyes full of worship, she gave back the purple gold to Jiang Yi: “Young master,you keep this Purple gold,If I take I fear that can not fall asleep, right...How does young master’s seal break?”

“That you leave alone, these matters could not be said with before outsiders you wait for the auspicious day.”

Jiang Yi takes back Purple Gold did not explain that Jiang Xiaonu did not understand these matters about practice so she said did not say anything, just kept giggling,Jiang Yi got up and went inside the room, sat cross-legged in meditation directly .

He wishes he could practice all the time, so that he could untie that seal within one day, and have a look at his practice speed if it is as the big elder estimated?If it is quicker than eldest son Jiang Henshui?If it is not quicker than Jiang Henshui, even if slower than him, Jiang Yi also has the confidence that by the help of black Yuan force, his strength can rise suddenly.

“Ahem! Three months, as long as I have three months, I will make certain that entire Jiang Family holds me in high esteem! What a pity Grandfather will be unable to see!”

Jiang Yi sighed, no longer thought about that concentrated to start the revolution of nameless Law to refine the black Yuan force .

At Midnight, he fully refined ten wisps of black Yuan forces them move it immediately to outside of the Dantian, ten runes on the Blazing Dragon Seal melted with ease. What makes him pleasantly surprised is that, along with runes unceasing disappearance, his practice speed for River Destroy Law will definitely increase once more quickly, reaching three times the original speed.

(Note : Red Dragon Shape Seal – Blazing Dragon Seal)

He did not sleep all night, dawn ate two steamed bread runs towards the Dan Pharmacy in a hurry, yesterday he forgot to look at “Medicinal herbs Jan Record”, if the Liu elder builds up other compounded drugs today, must need other medicinal herbs, if he collects medicinal herbs slowly, will definitely be reprimanded.

Although has not rested all night, but Jiang Yi still spirited, spent half hour time to go through this “Medicinal herbs Jan Record”, but also by help of inside portrait, he has identified all the herbal medicines in pharmacy.

Late in the morning, Liu elder did not appear, regardless of this Jiang Yi very excited started refining black Yuan force, to erase the runes on seal.

Finally a full day passed, Liu elder did not appear. Jiang Yi wondered, Liu elder should continue to experiment reasonably, how didn't appear a whole day? However without the Liu elder, Jiang Yi is much happier, after practising all day 20 Runes on seal were erased, the practice speed definitely continued to promote.

Next day, Jiang Yi again practices entire day, did not see the shadow of Liu elder, Jiang Yi had some unlucky premonitions, but he does not dare to go alone to

look for Liu Elder in the courtyard that he lived, only can go home depressed.

If Liu elder does not refine Dan, he may not have waste Dan, without it he can not refine the compounded drug to sell for money, only by himself to refine Dan that radically is a impossible matter.

Third day, Liu Elder has not appeared, Dan Pharmacy has to welcome two special guests.

A white clothing youth with snow white face, facial features sharp, back like double edged sword, the corners of the mouth has the light happy expression, the elegant bearing, this is one handsome youth who can make all young girls scream!

“Jiang Henshui!”

Jiang Yi eyes locked on the forefront white clothed youth, showing a touch of sadness within the eye, this person in the past was same as him the child with heavenly talent, was the Leader in Jiang younger generation. Ten years passed by, this person as before is the eminent of Jiang younger generation, but also became a Genius whose name moves Tianyu city, attracts much attention, but he actually reduced to this Dan Pharmacy to do odd jobs

The young handsome youth saw Jiang Yi complex vision, has swept face of Jiang Yi twice, with some hesitation he asked: “You areJiang Yi?”

Jiang smile is bitter and astringent, remember the scene when young they learn the martial art together, at that time Jiang Henshui was not friendly to him, competes with him frequently, there relation not good. However afterwards found out the Dantian of Jiang Yi was sealed, with big elder missing, two talented people alienated more and more, the last time they met 2-3 years back, Jiang Henshui would not recognize him will also be normal.

In the past if he met Jiang Henshui, he will avoided awkwardly, since this moment already met, can only say with a smile reluctantly: “Henshui, long time no see.”

“Ahem!”

The deadly destruction atmosphere resounds together, then a sound that makes Jiang Yi very awkward transmits: “Jiang Yi, what are you? You dare to call the eldest son’s name? Runs into the eldest son you do not to salute, but also dares to call by name? Do you have this qualifications? Waste!”

The Jiang Yi attention was captured by Jiang Henshui from the beginning, therefore has not paid attention to the person following him, at this moment heard the sound actually looked back to find who that person was.

Jiang Ruhu!

He thought, the innermost feelings had guessed several points correctly, it is estimated that for these days he did not leave Jiang Family Courtyard, therefore Jiang Ruhu does not have the means to harm him, so he instigates Jiang Henshui to Dan Pharmacy. With Jiang Henshui here, even if he fought, punishment hall will Jiang Henshui face and not punish Jiang Ruhu.....

Since guessed Jiang Ruhu the wishful thinking, Jiang Yi can’t allow him to prevail? Although these day he has been practising, but the majority of time refining black Yuan force to erase runes on seal, did not practise River Destroy Law, the strength is also at Dao boundary single layer, at this moment if fought with Jiang Ruhu , confirmed that only takes a beating.

“Oh

He hated to see Jiang Henshui, although facial colour fluctuated slightly, has not actually made noise to stop, let alone reprimand, the innermost feelings were more dejected. With the trace of friendship that he had also vanish into thin air, with a deprecating smile, stooped to cup one hand in the other across the chest saying: “Jiang Yi pays a visit the eldest son.”

“Well.”

Jiang Henshui has not thought that the Jiang Yi’s manner will transform with

such rapidness? Some do not adapt, but looked back to Jiang Ruhu and then beckoned with the hand saying: "Jiang Yi, are you working at Dan Pharmacy now? Then go and bring me 100 Spirit Shen Dan, I must go to Wu Palace for close door practise, to break the Dao boundary ninth Layer."

"Wu Palace? Dao boundary ninth Layer?"

Jiang Yi is once more with bitter and astringent smile, Jiang Henshui really worthy to be God's favoured one, retreat in to Wu palace? Only three months older than me, has Dao boundary ninth Layer. At such age, any one who can achieve Dao boundary 8th Layer are genius, in the whole city Tianyu there are no more than five such people.

Wu Palace is not property of Jiang, that is Tianyu city a very mystical place, it is said that inside the practise speed doubles, moreover inside also has a heavy pressure chamber, the martial arts room, the specialized trainer and so on, is heaven for military practice. Jiang Yi had heard very much about Wu Palace a long time ago, actually can only look at it from far, because if you want to enter Wu Palace to practice, the basic expense is 12 Purple Golds.....,

"What are you stunned about? can you delay eldest son's to go to Wu Palace to practice, you waste, Do you have the qualifications?"

Jiang Yi froze for a moment, back Jiang Ruhu shouted again, today he followed Jiang Henshui to come, he wants to find an opportunity to tidy up Jiang Yi. A moment ago he tried making him act crazy, and at this moment naturally wants to stir up Jiang Yi again.

Jiang Yi smiles lightly, shot a look at Jiang Ruhu one eyes lightly, looks at his puffy fat face, an innermost feelings loathing, his said with a smile: "Liu elder has two days before confessed that not to give compounded drugs to any body, Jiang Ruhu you want to take the compounded drugs, take yourself, I do not dare to help you take."

The age Ruhu and Jiang Yi are similar, Jiang Ruhu build is actually compared with Jiang Yi fat several times, the facial colour is awkward, the temperament of this Liu elder very clear, if he dares to take the compounded drug secretly, Liu

Elder acted crazy, his father cannot withstand

Jiang Henshui has swept Jiang Ruhu, said indifferently: "I Will get it, Jiang Yi, you can ask Liu Elder about me, I must hurry to Wu Palace!"

Then, Jiang Henshui entered the Dan Pharmacy to take several big bottle of compounded drugs to leave Dan Pharmacy directly, after going out of the Pharmacy, has not looked back at Jiang Yi again, let alone say goodbye, just like two strangers.

Jiang Ruhu whole face ugly and ferocious, lowers the sound to sneer saying: "Ahem, Jiang Yi! You have to stay in Dan Pharmacy forever like a turtle for a lifetime, you dare to leave Jiang Family Courtyard, I ensure I will makes you come back crawling."

Jiang Yi smiles lightly, returned to one superficially: "After ten days, three in noon, I will leave the Jiang west gate, nearby the alley, I will be waiting for you, hopes that should not be late."

"....."

Looking at him with calm face, Jiang Yi turns around and easily walks toward the Pharmacy, Jiang Ruhu completely confused. This is the waste beaten by them frequently like a dog ? A moment ago that Jiang Yi gave him a feeling that can also go beyond Jiang Henshui?

"Illusion, Must be illusion, this waste is certainly putting on airs."

Jiang Ruhu sneers quickly, is giving a loud shout in The Pharmacy: "Good, said it and then mean it, after ten day, who did not go will be the grandson of other." Said that rushed towards outside in a hurry, pursues Jiang Henshui.

"Ten days!"

After Jiang Ruhu walks, Jiang Yi walks from the Pharmacy, his complexion is very indifferent, eyes self-confident. Ten days of time he can definitely practice

to Dao boundary double with ease , when the time comes Jiang Ruhu dares to come, who will return crawling to Jiang Family Courtyard is uncertain

Took the inventory of compounded drug in Pharmacy, to determined that Jiang Henshui only took 100 Spirit Shen Dan,then Jiang Yi continued to practice idly.

However!

After half time, his practice was broken, in Jiang Family Courtyard resounds a sad ding, unexpectedly is the death bell that can only resound only when family great people passed away .

The quick news has spread over the entire Jiang Family Courtyard together, one of the family ten big elders, the Jiang only Refinement teacher Liu elder passed away,does not know the reason suddenly dies in his own courtyard.

“Bang!”

Hears this news,Jiang Yi whole person was ignorant, on the face is guilt and Panic.

Only then he understands why Liu Elder suddenly dies, this Liu Elder is paranoid, Refining Dan like madman! Definitely to investigate the ingredients in that Earth Rank Dan for these days researched day and night,caught up in an accident and died

“Crap

Quickly Jiang Yi remembers a matter, the innermost feelings at a loss and more restless, Liu Elder died,then later I will not have any waste Dan again, what Dan will I refine? How to make money to repay the debt?

Chapter 17

Chapter 15 : Wu Palace Sparring Partner

The cause of death of Liu elder was looked up quickly, what made Jiang Yi relieved was that, Liu elder had a solid illness, three years ago, once was nearly dead because of relapse, in these few days studied day and night which forced him to death.....

Regarding the Liu elder, Jiang Yi does not have any sentiment, but its excellent that it was not a murder, actually did not die because of him, these day he felt very restless and guilty. Also before midnight went to the grave of Liu elder, has knocked several heads, has sprinkled two glasses of yellow wines.

But because of Death of Liu elder, Jiang Yi did not have the opportunity to refine Dan any more, entire Pharmacy was sealed. The family's only Refinement Teacher was gone, can only buy Dan from outside, the Dan in that Pharmacy was stored up and archived.

Liu elders have been dead for three days, Jiang Yi hides in his own backyard to practice every day, making Jiang Xiaonu defend in the front courtyard. His heart kind of deeply concerned, now that he is not working in Dan Pharmacy, the family might arrange the new odd jobs for him, but the Steward in charge may also visit, to collect the token for west medicine field.

“Time, as long as I have time, any problem was not a issue!”

Jiang Yi sits cross-legged in the backyard, clenches teeth secretly, in these time of few days dozens of Runes on his seal has been erased, the practice speed also gradually increases and has achieved 7-8 times of original speed.

Although this speed is also far from compared with the outstanding juniors of family,his practise for one month is comparable to one day of others,the practice speed of outstanding juniors is 30 times Of Jiang Yi. But he believes that once Runes on his seal are erased, his practice speed will sooner or later overtake the majority of family juniors, evenGoing far beyond.

The black Yuan force refining has a upper limit, each time only ten wisps, but has the abnormal ability to increase efficiency, so long as his practice speed can promote to the level of family outstanding juniors, his strength has possibly to overtake them in a short time .

In fact,he has also thought about informing the family of breaking the seal, the matter of nameless merit law,causing the family to attach great importance to him,which can easily solve all issue.But thinking that these several years in Jiang nobody treats him well,in addition the matter of Liu elder, he fears that Jiang Family will vent anger on him,therefore he decided that once the strengths progressed by leaps and bounds and unable to conceal the truth then he will say.

“Jiang Yi, Get out!”

The front courtyard comes a shout,Jiang Yi collects all his train of thought as soon as he listens to the sound secretly thought in his mind not good,the Steward came finally.His body shrinks, immediately hides in the backyard pile of bushes, in this atmosphere does not dare to go out.

Vaguely, he heard the sound of Jiang Xiaonu’s low voice explaining ,the reproving sound of that Steward blazed with anger,after some time Jiang Xiaonu ran into the backyard and said: “Young master, The steward gone, but he said that early morning tomorrow you must go meet him,at the western Medicine field inventory.”

“Sure enough

The Jiang Yi complexion sank, his pupil rotates several times,thought for a moment clenches teeth saying:”Xiaonu,you obediently stay at home, I must leave first.”

He enters in the room to take out the black robe that he previously purchased, then hurriedly left the courtyard, just walked dozens of feet, his footsteps stops and turns head suddenly, saw a form hiding in distant corner, immediately sneers.

“Jiang Ruhu has really send someone to keep an eye on me!”

His both legs infused with Yuan force, rushes toward the west gate, simultaneously fuses Yuan force with the ears to listen, that person in back quickly pursues. Jiang Yi dashes about wildly to enter into a nearby alley to hide suddenly, until that person behind rushes towards the front, he comes out fast turned the head to dash about wildly to go toward the Jiang south Field.

Walked out of the Jiang Family Courtyard, Jiang Yi determined that nobody tracks him, puts on the cape to directly go towards the city square. After less than half an hour time, he arrived in the east square very big Immortality Drugs shop.

He walks in, takes out a Purple Gold, moves to the counter, said: “Shop owner, give me ten Spirit Shen Dan!”

“Good, Bring Ten Spirit Shen Dan.”

The shop boss is a fat middle-aged person, looked at the Purple Gold face full of smiles to flatter immediately, while puts out a hand towards the gold-foil on counter to grasp with a smile: “Hey This customer, a Spirit Shen Dan is 12 silvers, amount to 12 Purple Gold.”

“Ahem!”

Jiang Yi coughed but, the hand actually does not loosen, that fat storekeeper facial colour changes, said with a smile hastily awkwardly: “It seems like the customer is a frequent guest, Altogether it comes to 92 Silvers.”

Jiang Yi then slightly nods the head, clenching teeth with pain loosens the

hand, helplessly looks that at that painfully obtained purple Gold entering others' purse.

He also has no choice, without the high-quality Dan depending upon his practice speed,to enter Dao Second layer in a short time is impossible, if dares to fight,to only crawl back home. On that day he and Jiang Ruhu agreed to meet ten days later outside the west gate,so he decided to practice with the aid of the high-quality Dan coordinated With black Yuan force.....

Bought 10 Spirit Shen Dan, he held remaining 12 Silvers to leave hastily, actually directly walked towards the Treasure pavilion in south Square.

Liu Steward Received him like previous time , Liu Steward politely takes Jiang Yi into Accord, after calling a maidservant to offer scented tea, smiles to ask: "Son, you this time come to sell Dan? do you have good stuff?"

Jiang Yi smiles bitterly,actually he has ten Spirit Shen Dan only,just bought by himIs good That the whole piece face was covered in cape, Liu Steward cannot see his facial expression, he sets out to cup one hand in the other across the chest saying:"Liu Steward,I wants to see your young Miss, I have something to Request!"

Liu steward looked embarrassed, shaking his head and said:"Son,really sorry! The young lady went to Wu Palace to practice the day before yesterday. If you have important matter,I can ask chief in charge?"

"Wu Palace?"

Jiang Yi is startled ,thought he was unlucky, the innermost feelings are somewhat surprised, what important matter had happened in Tianyu city recently? Why these young Master ladies all go to Wu Palace to practice?

He actually does not have any special matter to see Ji Tingyu, on that day he felt that Ji Tingyu regard him as somewhat important ? Therefore coming rashly,he wants to ask her to go to the FengYue building to redeem the token first! He thought, as the young lady of Ji, the Treasure pavilion is so rich, 12 Purple golds for her definitely is a drop in the bucket, has not actually thought

she is unexpectedly not present.

“No Thanks, I Will Come Again.”

Jiang Yi sets out, if lord is not present, do these servants dare to lend money arbitrarily? If asked the Chief Manager, and the opposite party doesn't lend him, then will he not be awkward?

Going out of Treasure pavilion embarrassedly, Jiang Yi stands in the square in a loss, looks at the heavy traffic continuously, innermost feelings worried. With Spirit Shen Dan, he did not fear Jiang Ruhu *et al.* actually, the issue was Dan Pharmacy is sealed, Without waste Dan, he did not know how to make money fast?

His vision swept the square, suddenly in north square a grand main hall attracted him, at this moment main hall was filled with people, was very lively, making him somewhat curious.

Wu Palace!

Jiang Yi knows about this grand main hall, in fact in the entire Xing mainland there is no one who does not know about Wu Palace, because all city centres will have such a black Grand main hall. Moreover the history that Wu Palace has is too glorious, such as from the starting of Human era, this Wu Palace existed.

Wu Palace is not an influence, never participates in the mainland dispute, strict speaking, it should be the mainland's biggest business! The objective however is to serve high-level martial artist and rich and honoured young master and young ladies, does not have the strength of Zifu boundary, to enter Wu Palace, While crossing the Gate must pay 12 Purple Golds.

Jiang Yi small time ago has heard, this Wu Palace simply is heaven for martial art practise, inside has formidable Ju Ling Array, in inside can speed up practise by two times, inside also has many good things to assist practice various ways, can make the Martial strength to progress by leaps and bounds. However this Wu palace was an extremely remote place for him, he did not have to desire for it.

After seeing Wu palace periphery filled with human,Jiang Henshui and Ji Tingyu going to practice, Jiang Yi somewhat curious for a while, walked towards the front of Wu palace.

The Wu palace front door was shut tightly, but the side gate was actually open, but guarded by two black protect guards, the Jiang Yi vision followed the people and saw a notice outside Wu palace.

Swept through the notice, Jiang Yi mind dull, this Wu Palace is recruiting Sparring Partner. The treatment is actually very attractive,to spar with the bronze medal as the opponent for a day will be given 12 silvers,to spar with the Silver medal as the opponent for a day will be given 12 Golds, even to spar with the Gold medal as the opponent for a day will be given 12 Purple-Golds.

The so-called trainer, naturally accompanies others to practice martial arts, helping the opposite party enhance the actual combat experience. In other words, others can hit you casually, you can also hit back, but actually cannot injure the opposite party, this means on own initiative to take a beating.

The Jiang Yi strength is not high, even to go to take a beating, feared that mostly can be a bronze medal trainer,a day 12 Silvers is no help for his huge debt of 12 Purple Coins,he naturally is disinclined to waste the time.

Hearing the near by peoples discussion,has untied Jiang Yi's actually doubts – several months later, it is said that a Great Sect will come to the Tianyu city to recruit students, therefore top young Master and ladies in city, all entered the Wu palace to practice, wants to win in the recruitment of students competition to get a chance to enter that Sect . So many top young Master and Miss entered Wu Palace to practice, inside trainers were naturally short

“Must go back to practice!”

Jiang Yi is not least bit interested in that very famous Sect, because is out of reach for him.He is not curious about the gossips of top young Master and Miss,So he turns around to walk towards Jiang Family Courtyard.

However!

Just turned around, he was actually attracted by two young Martial Artist talks.

“12 Purple for a Day days! 12 Purple with that we can play for ten days and Nights in FengYue building, my Martial Art is not good, otherwise must go and work as gold medal trainer.”

“You are right, although during the spar time both sides Yuan force are sealed, but in that group of Young Master and Miss, Which of them is not above Dao Boundary 5-6 Layer ?Even without the use of Yuan force, by virtue of the reaction rate and the martial art can easily beat you into pulp. Yesterday my Dao boundary 3rd layer cousin to play as the opponent in order to give others practice for a day, finally was actually crawling back home, at this moment also at home healing from his wound. That group of Young Master and young ladies are ruthless, this money was as good as gain

“Seal Yuan force to train?”

The Jiang Yi mind moves, if both sides do not use the Yuan force, only relies on the reaction rate and Martial arts. He can rely on black Yuan force ability, and can make the reaction rate enhance several fold, and can perhaps work as gold medal trainer in inside?

Does not have Yuan force to back them, even if that group of Young Master and young ladies reaction rate is fast, How fast can they become? In Regards to the Martial arts, who will fear them?

“12 Purple coins a Day? Must fight, Lets try!”

Jiang Yi heart grew more and more excited, it doe not feel good being punched ,hesitated for a while, clenched his teeth to walk towards the Wu palace side gate, cupping one hand in the other across the chest to say to the two black protect guards: “I want to register as Sparring Partner!”

Chapter 18

Chapter 16 : Gold Medal Trainer

After a while,Jiang Yi somewhat regretted,he has forgotten a matter, Jiang Henshui is probably in the Wu palace? If he meets with Jiang Henshui to, his status will expose immediately? A Jiang juniors is trainer in Wu Palace, this is not a glorious Thing

Looking at him hesitate, an entrance guard holds his arm immediately, warmly leads him to walk towards inside,while walking also comfortingly says:"Do not be worried inside Wu Palace killing is absolutely not allowed,when you act as the opponent in order to give others practice and if get injured, Wu Palace will offer medicine to cure you"

The Jiang Yi mood is not good,this moment inside Wu palace how many Masters and misses have come to Practice? Therefore lacks trainer.So eats whatever is offered unexpectedly(IDIOM),he who has Dao boundary single layer as trainer,fear that opposite party will not fight Him.

Enters Wu Palace,obviously Jiang yi does not feel right,here air was fresher than outside with a nice-smell,he does not need to sit in meditation he knows that here world divine Qi is much richer,in here practise speed to be absolutely quicker than outside.

This Slightly made him feel at ease, he followed after the protect guard to come in, what he sees is a spacious main hall,a single person is not inside,he drew the cape down,secretly prays to not run into Jiang Henshui.

The main hall has several corridors, the black protect guard leads Jiang Yi to arrive at the left corridor, confesses:"You walk towards inside following this corridor and at the end,look for Yang Steward, he will arrange everything for

you.”

Jiang Yi paused, hesitated and asked: “Can I leave at any time?”

“Certainly!”

Black protect guard affirmatively replied: “You can leave any time, but if does not act as opponent in order to give others practice until darkness, can not ask for money.”

“Al right!”

Jiang Yi nodded, mind calms down, usually does not have the opportunity to enter such an high-end place that this rich and honoured juniors play, now can have a look of this world is not bad.

When Jiang Yi strides to go towards the corridor, that black protect guard loosened, feels relieved to sigh: “Finally hired one, oh As soon as This Spirit Beast Mountain Sect recruitment of students news flashed, young master and ladies in Tianyu city were generally insane, practising day and night. Even 100 trainers are insufficient to spar with them, this boy is only Dao boundary single layer, does not know how long can he insist? Half hours time should come crawling back”

.....

Across the corridor, Jiang Yi arrives in a main hall quickly, this main hall in the centre are sitting cross-legged 7-8 people, all wearing a bronze beast mask unexpectedly, many person arms has injury, some tattered robes. There are many small rooms around the hall, you can hear the faint sound of fighting from within the dozen rooms.

“It seems like here was the place of sparring, is this small room the martial arts room? There is at least twenty, right? No wonder sparring partner are not enough.”

Jiang Yi hesitates secretly, a black robed Old steward walked to him, swept his eyes all over him, gives him a bronze Wolf mask, said indifferently: "Take the mask, your code number is the dark green wolf, will wait for my call then go to stage. You are a bronze medal trainer, acts as opponent in order to give others practice till the darkness, will be given 12 Silver, withdraws in middle, does not get money."

Jiang Yi curiously receiving mask, secretly thinking no need to wear the cape, puts on the bronze mask with the rope belt hastily tied up. Is thinking in heart actually the trainers must put on the wild animal mask, should not be to stimulate that group of young son's and ladies' fighting spirit, well, to think of them as wild animal, Severely beat them?

He was just about to inquire about the customs of trainers, when from behind corridor hears the sound of footsteps, that steward leaves him and moves forward to meet that somebody immediately with a smile.

A young girl wearing flame colour warrior gown comes out, face rises an air of pride, the beauty is medium, also to miss a grade compared with Ji Tingyu, because wears the tight-fitting warrior gown, which reveals the curved stature that looks very hot.

The young girl vision swept over Jiang Yi et al., somewhat discontented saying: "Yang Steward, does not have any silver medal trainer? All are bronze medal?"

The old man in charge compensates to say with a smile hastily: "Miss Yi, all of those trainers are sparring, You have to wait"

"Can not wait, must fight with several others casually, your this Wu Palace takes 12 Purples for a day, I come here to fight, right." Young girls coldly said, and then turns around to enter in a martial arts room, Yang Steward shouts toward the crowd hastily: "Wild boar! Go to battle, get on the stage."

Martial artist wearing wild boar mask, immediately sets out to walk towards the martial arts room, the door quickly closed, once again the fighting sound resounds from inside of the room, as well as that tender young girl's sound.

“Ah ah!”

The result came in only a moment, the door of martial arts room opened, that trainer stumbled out, the wild boar mask hung on the neck, revealed a face full of blood. Miss Yi's form appears in the entrance, facing Yang Steward said: “Yang Steward, why is this bronze medal trainer strength so bad? Change him.”

“Uh.....”

Jiang Yi somewhat pitiful looks at this poor man who was labelled as pig,, this person Dao boundary double, Miss Yi's strength is obviously at least Dao boundary four layers, even if both sides Yuan forces sealed, are not on same level.

“Red bear, Go to the battle!” But Yang Steward sighed, can only beckon to make another trainer go on stage, this moment all silver trainers in other martial arts rooms, he only can ask the bronze trainer to go start first.

“Bang!”

Meeting room , door opened once more, that red bear mask martial artist was kicked out of the room, Miss Yi's voice indifferently conveys: “Change players!”

“Oh This Sparring really lives up to its name, no wonder such a high price, or lack of people, this group of young masters and ladies are not even considering the trainers as human beings.”

Jiang Yi sighed secretly then actually suddenly hears one piece the sound, he turns head to look and discovered that the remaining trainers have drawn back several feet behind completely, does not want to go on stage to look obviously afraid

Yang Steward has a headache looks at the crowd to be scarred completely , also looks at other martial arts rooms in all directions, looked that no silver trainer has come out, can do nothing but pointing to Jiang Yi said: “Dark green wolf, go to battle.”

“I?”

Jiang Yi is startled, immediately awakens, gets up with dark green wolf mask? Sets out to walk towards the martial arts room hastily, actually subconsciously turns head to sweep the entrance, actually sees a colour of silent tribute in the vision of all trainers.....

“Bang!”

Jiang Yi walked, front door automatically has been closed, he raised eyes to look, saw that this martial arts room was spacious, all around was hanging legendary luminous pearl, good place to train actually.

“Buzz!”

Suddenly, a ray appears on the entire martial arts room wall, Jiang Yi inexplicable feeling a strength has imprisoned him, he moves the body actually to discover that does not have the least bit effect, the subconscious stimulates the Yuan force to discovery cannot use a blue Yuan force again.

“Really can seal Yuan force, quite mysterious!”

Jiang Yi exclaimed in surprise secretly, it seems like in this martial arts room has some strange strategy, can seal the Yuan forces of all martial artist inside.

Without Yuan force, martial artists can only completely depend upon the instinct and reaction speed to the fight, as well as Martial Skills. In this way of training will be able to enhance reaction Speed, and Martial Skills largely.

“It is not right!”

Jiang Yi remembers a matter suddenly, the mood is not wonderful, his black Yuan force is probably also Yuan force? Also in Dantian? Since the Yuan force is sealed, this black Yuan force is also naturally sealed? Without the black Yuan force, his fate can only be the same as the two others before him, who were

beaten half dead and then kicked out while alive

“Ahem! The rainstorm fist,Coming!”

Miss Yi standing on the opposite side, without thinking much, both legs moved rushed towards Jiang Yi, two fists pound like storm.

“Awful!”

Although this Miss Yi fist does not have the Yuan force infused, but inside strength is actually full, Jiang Yi at this moment completely sure this person is Dao boundary absolutely four Layer, for many years Yuan force raises her strength equivalent to the strength of **horses (It was written like this in original novel), the attack speed is also fast may compared with Dao boundary double , he does not have Yuan force his fate is absolutely miserable.

“Black Yuan force, come out!”

His innermost feelings sinks, subconscious tries to assemble the black Yuan force, what makes him shake is surprise, that a wisp of black Yuan force revolves instantaneously from the Dantian, moves in the passages through which vital energy circulates.

Jiang Yi overjoyed, while rapidly receding back, controls the black Yuan force to move up towards the left eye. In his left eye quickly a black shines, the fist of the opposite party becomes clear and slow.

“Ah it is unreal!”

Jiang Yi a moment ago saw everywhere fist shade, but this moment one can actually lock two real fists with ease, his footsteps slid, Jiang Yi uses Illusion Steps to retreated towards the side.

“What?”

Miss Yi did a round rainstorm fist pound to empty unexpectedly? Her fine small face is stunned, immediately becomes angry out of shame to start again, everywhere around Jiang Yi is covered once more with the fist shade .

“!”

The Jiang Yi vision locks that two real fist shades stubbornly, in the mind to judge the the attacking track and speed of opposite party fast ahead of time, first retreat to avoid,let the other side hit the empty air again.

“Weird, Must try again

Miss Yi grasped crazily, half step came toward Jiang Yi body, has traded several feats of arms, pursued Jiang Yi to pursue to the end and hit hard. But regardless of how she attacks, Jiang Yi can avoid ahead of time, the step is relaxed, like calmly strolling in own backyard.

“Shouted, shoutsDoes not hit!”

After half hour fragrant time, Miss Yi stopped panting, the whole body sweats profusely, the tight fitting red warrior gown stuck to her exquisite tender body completely, showing her perfect curves on the body.

Does not have Yuan force to hold, she attacked a moment ago twice, at this moment the continuous attack was also long, is commendable, each fist each move of she puts forth with full power, the physical exertion was too big.

She angrily walks toward the front door, puts out a hand to pat nearby prominent stone brick in the gate , in the martial arts room the ray shines immediately, the front door opened.

Jiang Yi cleaned cold sweat on the forehead quietly, discovered that can assemble the blue elementary force in Dantian, secretly surprised. Isn’t the black Yuan force a Yuan force? Why blue Yuan force cannot be used a moment ago, but this black Yuan force can be used?

Checked, out of ten wisps of black Yuan force only remaining one wisp remained in the Dantian, Jiang Yi shook the head to sigh, looks like this trainer work does not suit him. If that Miss Yi insists on meeting again, when his black Yuan force consumption is clean, he can only wait to take a beating

He goes out of the martial arts room, actually saw that all trainers looked at him as looking at a monster, seems very surprised that he could walk out unscathed.

But that Miss Yi is feeling well on whole face, is preaching Yang Steward: "Yang Steward, you are very good! Looked that I Yi Ling Xue isn't feeling well Arranged a gold medal trainer to pretend to be the bronze medal trainerPlaying jokes like this upon this young lady is interestingly really?"

"Gold medal trainer?"

Yang Steward was scared, he also looks at Jiang Yi with one damn expression. Can this Dao boundary single layer Martial artist possibly be a gold medal trainer? If anybody can be a gold medal trainer, then Wu Palace would not be urgent to hire people.....

Chapter 19

Chapter 17 : Dao Boundary Second Layer

Miss Yi walked away angrily, at this moment her warrior gown has soaked, completely revealing the beautiful curves of the body, naturally impossible to stay here, otherwise can only be pleasure for eyes of cheap people.

Jiang Yi also prepared to go, only one wisp of black Yuan force left, if he went on stage again, let alone martial artist of Miss Yi's rank, even if matched with Dao boundary second layer can only be oppressively beaten. His original thinking was also naive to act as a gold medal trainer, to make money to repay a debt, at this moment it looks like this money is as good as vain

“Dark green wolf, where do you go?”

Jiang Yi just started to leave, Yang Steward has immediately blocked him, Jiang Yi hastily loosens the mask, and said: “Steward, Acting as trainer in order to give others practice I Can not do, don't want the money, return this mask to you.”

“Hold on!”

Yang Steward was anxious, with great difficulty found a great trainer in order to give others practice, how can he helplessly let Jiang Yi walk? These day he was chewed down by this group of Young Masters and Misses. Quickly came over to Jiang Yi and Said:” Dark green wolf, You are not leaving because of less money, right? This You continue to work as silver medal and spar with the opponent ? 12 Purple coins a day, how?”

[Note : Money divided into Silver Coins, Gold Coins, Purple Gold Coins]

Jiang Yi puts on the cloak Smiling , said :"Steward, I remember an urgent matter suddenly,I will come back again."

Having said that Jiang Yi does not listen to Yang Steward's words, walks toward outside of the Wu palace directly,under the surprised vision of that black protect guard in the entrance he walked towards the east Jiang Family Courtyard quickly.

“Yang Steward, Yang Steward!”

After stick incense time Jiang Yi left, in the martial arts room corridor a red beautiful figure rushed in, arrived in the main hall swept over the masks on all trainer faces immediately,urgently asked: “Yang Steward,where is the gold medal trainer who fought with me a moment ago?”

“Left.”

Young steward blinked with puzzle, inquired: “Why? Did Miss Yi have any issue during the sparring ?”

“Left? Shit!”

Hearing that Miss Yi the whole face some pity: “Next time,if he comes again, must inform me first,that was amazing sparring , I have practised rainstorm fist for eight years, has been stuck in Jing Tong stage for last three years,unexpectedly broke through due to him

[Jing Tong Stage-Proficient Stage, other stages of arts will appear later]

“What?”

Yang Steward complexion immediately changed, eyes full of regret. This martial arts training room, main purpose is to train the reaction rate, the fighting instinct, hone martial skills. These three are very difficult to promote, needs a long time of fighting and disciplining, this is also the reason of sealing Yuan force in the martial arts room .

Degree of mastery of martial arts is divided into Rumen (Beginner) , JingTong (Proficient) , Dacheng (Master) three stages, this Miss Yi's rainstorm fist for last three years did not have any accomplishment, but now sparring with Jiang Yi directly advanced?

Is this coincidence? Is this boy playing the role of the pig to eat the tiger? Is he actually a formidable Master? Came here to pretend to be a trainer? Guided Miss Yi to advance the martial skill?

Yang Steward cannot think through, but he knows, if Jiang Yi comes next as Training Partner, must do everything possible to retain him. If he really can help Miss Wu in advancement of martial Skill, then his value is inestimable

.....

After Jiang Yi returns to own yard , is already noon, thinking that early tomorrow morning to meet west field Steward, he ate food hurriedly, enters in the room to practice, prepares to attack to Dao boundary Second Layer.

“Spirit Shen Dan!”

He takes out a white bottle, the whole body is excited, because this Spirit Shen Dan is Human Rank high-grade Dan, can highly assist the practice of Yuan force . But his black Yuan force can the increase the efficiency, after fusing the efficiency of this Spirit Shen Dan can be absolutely compared with the Earth Rank Dan, must refine these ten Spirit Shen Dan completely, will be enough to reach Dao boundary Double Layer.

“Must refine black yuan force!”

He puts down Spirit Shen Dan to sit cross-legged in meditation, after more than three hours time, wakes up, immediately swallowed a Spirit Shen Dan, starts to run the River Destroy Law.

“Good compounded drug!”

Feels a heat flow to well up fast towards the Dantian from chest, Jiang Yi sighs with emotion secretly, with compounded drug to assist in practice is good, as Jiang Ruhu who lacks natural talent can also practice to Dao boundary fourth Layer, is not that he had Spirit Shen Dan to eat frequently.

“Black Yuan force, fusion!”

And another Spirit Shen Dan’s spiritual gas to cover the Dantian, Jiang Yi assembles a black yuan force to fuse with the spiritual gas immediately, then decides to run the River Destroy Law.

“This speed

Feeling the blue Yuan force in pubic region to emit gas after a bang, Jiang Yi is excited, this compounded drug coordination with black Yuan force at least made his practice speed dozens of times quicker compared to original

After several rest time, black yuan force consumed, Jiang Yi can only decide to stop the revolution of river destroy Law, refine black yuan force to continue to increase the efficiency. Again and again, after ten wisps of black Yuan force had been consumed , he stopped practising.

“UhHow long have I practised, can be compared with the accumulation of former practice for half a month.”

Jiang Yi thought, for fear of excessive consumption of the drug, did not take too much , began to start refining the black Yuan force. This time while refining he felt differently, under this Spirit Shen Dan’s increased efficiency, his refining speed of the black Yuan also quickly increases three times, merely in half hour time, refined six wisps.

“Crisp!”

Has practised these many years, but Jiang Yi has never been more happy than this moment, he quietly concentrates to practice, even did not go to eat dinner, has sat cross-legged in the practice, if the black Yuan force consumed them

refined black Yuan force, the Spirit Shen Dan strength finished swallowed another Spirit Shen Dan.

Until the break of dawn the next day, Jiang Yi finally stopped practising!

Nine of the Ten Spirit Shen Dan have been used , but heAlso finally reached Dao boundary double!after examining his body he found his Dantian is a size bigger than before,,also the colour of blue yuan force was also deeper , Jiang Yi wished if he could to face upward and make a long and loud cry, release the innermost feelings of pleasure.

At Seven years old he started to practice the River Destroy Law, now he is 15 years old but still Dao boundary single layer, at this moment spent less than ten days to break through to Dao boundary double, although there is assistance of compounded drug, but also enough to make Jiang Yi excited. What is most important, his seal can be broken, then the practice speed can increase unceasingly, this made him see the hope, the hopeful life full of the fighting spirit.

“What?”

A moment later, when he returns to normal mood and started surging the Dantian again, suddenly discovered some thing was not right! Blue Yuan force colour slightly deep? But this black Yuan force colour was lighter?

After breaking through a layer, Yuan force becomes more condensed, and the might will increase! This is general knowledge well-known in the mainland , his strength achieves to Dao boundary double, the blue Yuan force changes this is very normal, but why will this black Yuan force also slightly change in colour, or fade in colour?

“Was The ability of this black Yuan force once more increased with boundary promotion ?”

Jiang Yi thinks for a while, assembles a wisp of black Yuan force in Dantian, revolves it to the passages through which vital energy circulates of corner of the left eye, actually discovers it is not different than the original, although the vision

still becomes terrorist but actually no further increased range.

“How can the colour of black Yuan force fade?”

Jiang Yi wondered, closed eye to examine the Dantian, observes the remaining only wisp of black Yuan force, but after observing for a long time has failed to achieve anything.

After half a stick of incense time, he reluctantly opened his eyes, but soon his whole face full of surprise. Because he discovered that the world is still so clear, in this half a stick incense time, this black Yuan force was unexpectedly not consumed?

“It seems like when I achieved Dao boundary double, the blue elementary force became more condensed and this black Yuan force also condensed, therefore the speed of consumption slowed down.”

Jiang Yi closes the eye, probes inside the eye to find a trace of black Yuan force really left, was not consumed completely clean. After a while, in Jiang Yi's eye black light shines, the vision blurs gradually and the black yuan force consumed completely clean.

“Must Try again!”

Jiang Yi moves the remaining wisp of black Yuan force, to assemble in the eye, this time his vision strengthen grew even longer than before, almost can insist for full incense stick time.

“A Wisp for full incense stick time, then ten wisps can hold on for a whole hour!”

Jiang Yi calculates and is very happy, although if he fights with a master, he can quickly decide the victory and loss, but if surrounded in a group war, his long vision strength can play a very large roll.

Saw that outside the sky has shone, Jiang Yi does not dare to Practise, must go

to the Steward in charge to report to the west field inventory, he had to refine some black Yuan force in reserve, to avoid being cut up Jiang RuHu and group .

Two hours practice, has refined six wisps of black Yuan forces, the time is late in the morning. He crawled hastily, ate two steamed bread in a hurry, walks toward the Jiang east court effective room.

Heard a stream of abuse in the steward room from Rong Steward, then Jiang Yi quickly went out of the west gate medicinal Field, feeling good because this time he must do odd jobs in medicine field, Rong steward has not mentioned the matter of token. Moreover in West field, the family protect guards under mountain know him, did not ask him to show the token.

In half an hour time, Jiang Yi finished the inventory of No. 7 medicine field, when he is preparing to descend the mountain to go home and practice, actually hears in the left small woods a xi xi su su sound.

“Who?”

His vision cold, sweeps off towards the left small woods, was secretly thinking if Jiang Ruhu and all have come for him?

After a glance, Jiang Yi dumbfounded, from the woods an ugly and ferocious-looking fat youth comes out slowly, the whole face shows ominous light , it was Jiang Ruhu. Behind him continue to emerge numbers of people, dense and numerous, most little has 20 people!

20 People ?

Jiang Yi swallowed , his strength has risen sharply right, he has the black Yuan force right, but how does he fight with so many people of the opposite party? Moreover in this group There is Jiang Ruhu Who is Dao boundary fourth Layer, and 5-6 Dao boundary third Layer

Seeing the bi change in Jiang Yi's complexion , Jiang Ruhu smiles: “Ha, Jiang Yi, aren't you very crazy? Today if I do not break your both legs , then I Jiang Ruhu's

name must be written backwards!" (Note: Last line means something like that not sure..)

Chapter 20

Chapter 18 : Do You Dare To Fight ?

Jiang Yi has been clear, he and Jiang Ruhu must have a fight, he must ask Jiang Ruhu to pay all these years gratitude and grudges . So as long as there is opportunity Jiang Ruhu also on own initiative looks for him, to maintain his authority of eldest child in the Jiang second-rate juniors.

Last night after breaking through to Dao boundary double, Jiang Yi no longer feared Jiang Ruhu, instead climbed mountain staggeringly and hoped opposite party triggers to stop him so that he could leave a foul odour maliciously.

But this moment when Jiang Ruhu came his innermost feelings do not have an excitement, instead the bitterness and astringency on whole face, and thought was too negligent.

20 people!

The lowest strength is Dao boundary double, Jiang Bao Jiang Song and all in the row are Dao boundary triple and so many people of Dao boundary fourth layer, feared that to go down western field safe and sound is very difficult. Let alone he just broke through to Dao boundary double, the black Yuan force in pubic region has only six wisps

What can six wisps of black Yuan forces do? Perhaps he can cause heavy losses to several people, but once the black Yuan force is consumed, he can only be beaten by the angry people pain , the good luck is several broken bones, the bad luck is to be killed in the confusion. He understands this group of playboys, once impelled, they will not care about the consequence.

ButDoes he have the escape route?

20 people early disperse, encircles him in the middle, the Yuan forces of all people quietly revolve, regardless of which direction he runs they will tie him down, subsequently will fall into inexhaustible besieging.

Cool! Cool!

Jiang Yi back is bending slightly, such as a wild animal stares at Jiang Ruhu, the split vision takes a fast look around in all directions, two ear listen attentively to all around all sounds, in the mind the crazy rotation, seek for a way to break through here.

He cannot die, cannot be injure, otherwise lies down for the first half month on the bed, the FengYue building walks, Xiaonu will be in danger. Therefore today he must win, at least wants to go down Western field without a loss.

“What’s wrong? Feared?”

Jiang Ruhu noticed that Jiang Yi is anxious the whole body to tighten, felt at heart inexplicably pleased, such as one flock of tigers play jokes upon a monkey find it to be interesting. The Yuan force in his Dantian revolves quietly, a face shows an ugly and ferocious look, threateningly walk toward Jiang Yi slowly, explodes to shout: “You should have feared earlier before beating my people, now too Late! However, Ruhu master ,today’s mood is good so give you an opportunity, so long as you crawl over all our crotches, today we put you on a horse, how?”

“Ruhu elder brother!”

Jiang Bao and Jiang Song listened anxiously, but saw Jiang Ruhu’s inexplicable meaningful vision, they understood immediately, they smiled. When Jiang Yi climbs down over their crotches , isn’t it the best sneak attack opportunity? Jiang Ruhu has not planned to let Jiang Yi leave, but wants to humiliate him

Jiang Yi has not spoken , continue to remain silent, when Jiang Ruhu does not

wait any more and prepares to let the patiently waiting people to attack, he actually suddenly opens the mouth saying: "Good! I crawl, only hopes The Ruhu elder brother you mean what You says."

"What?"

Many people look at each other one in surprise, reveals the stunned colour, 20 people on the scene have bullied Jiang Yi over and over again. Never hit Jiang Yi lightly, several times he has spat blood, but they have not seen Jiang Yi beg for mercy, let alone Recognizes on own initiative instigate to climb over their crotches.

Jiang Ruhu is not an idiot, will otherwise not become the eldest child of this group of people, his corners of the mouth will reveal wile of meaningful smile, looks to the Dao boundary triple collateral branch juniors and they look at each other, gave a wink, then turns the head to Jiang Yi nods to say: "That is natural, my Jiang Ruhu words effective and influential, you, so long as climbs over our crotches one by one and ensure later when sees us to make a detour, I put you on horse."

Dao boundary Triple collateral branch juniors looked at Jiang Ruhu then face forward immediately took two steps, squatted down, putting out mocking face pointing at the hip evil ways said: "Come! Drills."

"Ha!"

"Drill! Drills!"

All around resounds a laughter immediately, completely excited looking at Jiang Yi, waits to look how Jiang Yi will withstand the shame of good play of crotch.

"Good! I drill"

Jiang Yi clenches teeth, then strides to walk toward Jiang Ruhu, his face shows colour of anger and humiliation, body constantly trembled with anger. However

on him does not have the sign of least bit Yuan force, the step also to stagger, looks like it does not have slightest meaning to revolt against them.

“Ha -”

Some family juniors relax the security to laugh and think secretly, in their opinion Jiang Yi this waste dares to revolt, even if revolts What can he do against them ? With his Dao boundary single layer strength what can he do? Regarding the matter of Jiang Bao and Jiang Song beaten by Jiang Yi , the people have not been believed it and after this moment they do not believe it thoroughly.

One step, two steps, three steps!

Jiang Yi lowers the head to clench teeth, walks toward Jiang Ruhu step by step, when arrived near him stooped slowly, prepares to kneel in the place to have an audience with the crotch of emperor Jiang Ruhu

“Drinks!” [Note :To shout loudly]

At this moment, the atmosphere changes suddenly!

Originally looking at the squatting Jiang Yi ,Ruhu’s eyes shine with a cold light, both legs with a towering body leaps towards the front, on the right leg has Yellow Yuan force encirclement such as a sharp axe, attacks maliciously on the back of kneeling Jiang Yi.

Human Rank high-grade Martial Arts, Splitting Hill Leg.

Some Jiang juniors were frightened,to cope with a small fry like Jiang Yi ,also needs so high-level feat of arms? Jiang Ruhu strikes with Dao boundary triple power fully, determined to make Jiang Yi die while still alive? Some even have closed the eye, to avoid seeing scene that is covered with blood and internal organs flying horizontally.

“Ahem!”

The numerous cold sounds resound together, Jiang Yi at this moment bending the waist as if already expected, has lifted the head suddenly, has hidden a fist in sleeves with the blue Yuan force circulation, with no fear pounds to that heavy leg of Jiang Ruhu which came out of the blue.

“Bang!””!”

With the bone breaking sound and the Yuan force explosion sound came together, the Yuan force clashes to cause the all around air to shake, blows the mist and dust of ground, has confused the eyes of people. But at this moment all people have forgotten to close one's eyes, the eye pupil completely opened perfectly round, does not dare to believe what they saw ,the body of Jiang Ruying fly towards a distant place such as broken kite

“Bang!”

Jiang Ruhu the body roll several times before crashing down, on the right leg gown blasts open completely, the calf is full of blood, the dense bones visible faintly, his whole piece face twisted, a rending pain makes him hold the right leg and wail continuous.

“What is this situation?”

All people were ignorant, only then in the Jiang Bao's eyes reveals panic, his situation of that day and current Jiang Ruhu is exactly the same, blown away by a fist of Jiang Yi

“Jiang Ruhu, I know that you will not let me off, fortunately young master Also had not expected that you will spare me and not punish me too severely.”

The ice-cold sound awakened people at once, Jiang Yi body such as an arrow has shot from the ground and directly attacked Jiang Ruhu.

Capture the ringleader first!

Jiang Yi goal is actually very clear, since it is not possible to run away, only can

fight! But today if wants to return safely, only way isto beat Jiang Ruhu.

Therefore from the beginning he feigns the compromise, making most people relax vigilantly, then relies on the black Yuan force to increase the power, then with a fist to make Jiang Ruhu fly away, the moment while the people were still surprised, he prepares to take the lower reaches of the Jiang Ruhu at one fell swoop like tiger.

“Ahem! What are you all stunned about? All come here to me !”

Jiang Yi the scheme is good, but he has miscalculated a point, Jiang Ruhu sees Jiang Yi to come up, has not been angry to move forward to meet with him unexpectedly, instead the body draws back fast, simultaneously shouts at group of stunned people to go toward and seige Jiang Yi.

“On!”

Three people on the side of Jiang Ruhu awaken immediately, since continuously they were used to obey Jiang Ruhu order, at this moment did not have many hesitations, the Yuan force revolves crazy rushed towards Jiang Yi.

“Bad, this Jiang Ruhu inherits the essence of his father unexpectedly, discrete like mouse, sinister like snake, ohOnly can fight, black Yuan force!”

Jiang Yi complained secretly, he has not thought that Jiang Ruhu with Dao boundary fourth layer strengths, was unexpectedly so careful? Thought of his father Jiang Yunshun who has “Shaoxing wine” nickname, sinister deceitful has became famous in Tianyu city, he also secretly felt relaxed. At this moment does not have other means revolves a wisp of black Yuan force in the eye, clenches teeth to rush away toward the front.

“Illusion step!”

His both eyes like the electricity, lock stubbornly towards three people that rushed to him, according to the movement of opposite party, and the style with which the opposite party rushed, he tracked the path and speed with which they

attack in advance, with a strange footwork, circles towards the left.

“Um?”

left side Dao tripod boundary tertiary juniors, he has not thought that Jiang Yi Without Dao boundary double martial art could break through from other two and unexpectedly rush towards him on own initiative? Just thinking how Jiang Ruying was flown by his fist a moment ago, his innermost feelings somewhat anxious, subconsciously moved back.

“!”

Who knows Jiang Yi’s body flash, actually turned halfway towards the right side , and the two on the right of the Jiang Yi saw him rush to the left , there body has begun to shift, and now Jiang Yi was rushing straight towards them? Panic of the moment can only attack towards Jiang Yi.

“Coiling Hand!”

Jiang Yi both hands such as two dragons entangle separately toward them, ties down the two arm in flurry with ease, leaning toward the next turn, took advantage of the opportunity with both hands and rushed toward the front of two, and the Serpent Leg attack swept towards both of them.

“Bang!”

Without any accident, their body was thrown away of the place, but Jiang Yi the body explodes once more , rushes away towards the front Jiang Ruhu, eyes cold and shouts: “Jiang Ruhu, do you dare to fight?”

“Be careful! Meteor fist!”

Jiang Yi relaxed after taking care of two, actually forgot there is one more person? That Dao boundary triple martial artist to rush towards Jiang Yi, at this moment awakened to become angry out of shame immediately,stride towards Jiang Yi, to raise the fist to pound maliciously at his back.

“Bang!”

Jiang Yi in this moment incomparably strange has not avoided, the body flushes away toward the front as before, that Dao boundary Triple to hit his back with ease, a great strength welled up from the back, his body flew instantaneously.

“Ha! Jiang Yi on your this strength, but also wants to fight with me?”

The front Jiang Ruhu wants to shunt , to continue humiliate him, finds out this was all plan of Jiang Yi again, at this moment actually stops laughing, in the eye the ominous light rises suddenly, the body Yuan force revolves,two fists like iron hammer fly towards Jiang Yi .

“Puff!”

Jiang Yi in the mid air, face was calm has no panic, instead in the eye has the inexplicable happy expression,when Jiang Ruhu was two feet away from his body, he opens the big mouth suddenly, a mouthful of blood spurts crazily, sprayed over whole face of Jiang Ruhu

Soon, Jiang Yi’s cold voice that makes Jiang Ruhu whole body tremble resounds: “Jiang Ruhu,You are going to pay for everything! Today if I does not break your four legs, Then I Jiang Yi will write my name in reverse.....”

“Not Good!”

Jiang Ruhu face was covered by a blood, the eyes suddenly blinded, and his heart sank, does not dare to attack both hands protecting the forehead alternately,draws back, while hysterical shouting: “Everyone “are you all dead? Quick? Kill that bastard Jiang Yi for me!”

Chapter 21

Chapter 19 : Terrible And Fierce

The eye of human body is one of the most important organs, the nerves in eye are exceptionally crowded, once the eye is injured strength falls greatly, even resulting in completely losing the battle efficiency.

Blood is hot, generally alkaline, once enters in the eye it corrodes the nerves in eye, will make opposite party temporarily blind, even the ocular region will be damaged.

Jiang Yi withstands that Dao boundary tertiary martial artists fist, closes quickly to Jiang Ruhu, only at this moment sprays his face with blood. It was a gamble, after all he has achieved the strength of Dao boundary tertiary equal to three horses, if at the point of impact he did not increase speed by a point, and counter-balanced some strength, then this moment Jiang Yi back bone must have been broken. Other people were still in mid air, if he did not rush towards Jiang Ruhu rashly, and continued to avoid that attack, he must have wasted all previous efforts.

“Good opportunity!”

Jiang Yi spits out a mouthful of blood, controls his appearance in the mid air forcefully, Yuan force circulation on the fist, pounds toward the head of Jiang Ruhu. It's such a good opportunity, if he can not make use of it then he will be an idiot.

“Phantom fist!”

He called out, his fist transforms into three fist shades and move towards Jiang

Ruhu's head, the left shoulder, the lower abdomen separately.

Jiang Ruhu's both eyes dazzle, eyes still burning, hearing the shout of Phantom Fist his heart sank .He also wanted to resist, so he started to attack randomly with both his hands,while protecting his head.

For Jiang Yi, Jiang Ruhu's movements are all clearly discernible,he judges the path and attacks with ease.Fusing the fist with black Yuan force directly pounded on Jiang Ruhu's left shoulder.

“Bang!”

Jiang Ruhu's extremely fat body flies upside down , hits a young tree 30-40 feet's away, was rebounded and tumbles several times on the ground.

“!”

Jiang Yi's body also tumbles down, but as a cheetah he immediately ejected from the ground and rushes towards Jiang Ruhu.

He is very clear that today if he wants to get safe and sound down the mountain,then only way is to quickly finish Jiang Ruhu and others,three wisps of his black yuan force are already used , once consumed completely he can only wait for death.

“!”

All around people also responded, all people crazily rushed towards them, in there eye was an ominous light, the eldest child was sneak attacked, how could they they sit by and do nothing? If this was known to Jiang Ruhu afterwards, does not have any good results for them.

“Serpent Whip Leg!”

Jiang Yi's both legs such as a poisonous snake enclosed Jiang Ruhu's body, then

a storm of continuous kicks fell down. Moreover the place those kicks fell were Jiang Ruhu's four limbs, each foot has not been fused with black Yuan force, but is also powerful, so when crashed with the bone, Jiang Ruhu's both hands and legs were broken instantaneously, resulting him to be painful howling while miserably tumbling in the ground.

“Jiang Yi, you dares!”

“Jiang Yi, How do you dare to break Hu elder brother's hands and feet? You are dead!”

“Small bastard

The people who pursued Jiang Yi when saw him use so cruel methods, for a while were mad and anger, all accelerate to dash wildly, there hands covered with Yuan force, three attacks went towards Jiang Yi.

“Ahem!”

Jiang Yi sneers, does not draw back to avoid, the backhand holds on Jiang Ruhu's remaining good legs, he brandished the extremely fat body of Jiang Ruhu as a shield and went towards the people.

“Oh!”

“Draw back can not injure Hu elder brother!”

“Small bastard, you, you dare to use Hu elder brother as weapon?”

Everyone when saw that Jiang Yi was using Jiang Ruhu body to sweep crazily, all people frightened there facial colour turned pale, they stop there attack and pull back hastily, they fear that with there attack Jiang Yi will not be injured, but Jiang Ruhu would be pounded into muddy flesh.

“Jiang Yi, you are finished, you are dead! You should kill me, otherwise I

pledged that I will tear you into shreds!"

Jiang Ruhu both eyes lost sight, both hands and a leg were broken, at this moment when he felt that his whole body was brandished by Jiang Yi and treated as a wooden club to sweep randomly, the head also twice grazed the ground ,he was wild with rage immediately, so embarrassed in front of so many younger juniors, from now on how will he act as there boss?

"Bang!"

Jiang Yi facial expression was ice-cold,hearing the threats of Jiang Ruhu his complexion did not change,his both hands maliciously hold Jiang Ruhu sweep him in a circle then numerous pounded him on ground

"Do you want your Hu elder brother to die, immediately draw back!"

Disregarding Jiang Ruhu who was calling out pitifully, the people encircled Jiang Yi,his mouth at the moment there is congestion, with his indifferent look,looked like a person who has no care for world.

"Jiang Yi, Put down Hu elder brother, We will let you live!"

"Right! Jiang Yi Put down Hu elder brother immediately, otherwise if Hu elder brother has any accident, you are absolutely dead !"

"Jiang Yi put down Hu elder brother, otherwise this will turn into a major problem"

How will be the people willing to retreat? Who will dare to draw back now if he is later caught by Jiang Ruhu, Will he not die? Moreover all people noticed that Jiang Ruhu current appearance is somewhat horrible to look, they fear this will turn into a major event.

"Bang!"

Listening to everyone's reply – Jiang Ruhu's body was picked up high, then pounded down heavily towards the ground. On Jiang Yi's corners of mouth was a smile, seemed ready to do any thing, and coldly said: "Draw back?"

Everyone hesitated, it's embarrassing to retreat, Jiang Yi moved his both hands, Jiang Ruhu's body was again picked above the ground to the mid air and pounded heavily on the ground.

"Draw back?"

"Draw back?"

"Draw back?"

He kept threatening continuously, every time he asked, he pounded Jiang Ruhu's body on the ground, under these rounds of pounding, Jiang Ruhu was badly beaten, head has been knocked unconscious, the pitiful yelling sound stopped,.....

"Draw back, draw back! Draw back!"

Everyone was scared of Jiang Yi's craziness, they feared if Jiang Yi really went crazy, he will really pound Jiang Ruhu to death. Even if Jiang Yi can not escape death, they will also be punished severely by the family. One person starts to draw back, other people also followed him, completely panic-stricken they were looking at the fierce face of Jiang Yi, at this moment their heart has a thought that was this the same person that overly cautious and prudent waste Jiang Yi? How can he become so fearful when angry?

"Shouted"

When the people withdrew, Jiang Yi relaxed, he was truly frightened today, but now he was safe, otherwise it would have been difficult for him to run away if they ganged up on him..

Looks at Jiang Ruhu lying in the ground as an insect, Jiang Yi was thoroughly

pleased, he had been insulted these many years in Jiang by this group of people, today finally he gets back some interest.

He hesitates a moment, puts down Jiang Ruhu , raises legs to step on to Jiang Ruhu's head covered with blood, lowered his voice and said:"Jiang Ruhu, you should know that what boundary I am now? You may know why I can beat Jiang Ruying in a single punch? Do you know why I dare to beat you? The truth is, I want this to turn into a big matter,to make the entire Jiang family knowI Jiang Yi Am not the waste! You are the waste!"

After Saying that Jiang Yi raises his leg once more to step maliciously on Jiang Ruhu's remaining good leg,suddenly kicked Jiang Ruhu's body numerously, then his vision swept over the people, said in a clear way: "Within half hour time, treat Jiang Ruhu's injury , otherwise heWill die without doubt! All of you remember my words, later saw if you see me must take a detour, if any one dares to provoke me once again ,then take Jiang Ruhu to be your example."

Seeing Jiang Yi's body explode towards western medicine field outside, all Jiang juniors were absorbed by Jiang Yi's power and character, unexpectedly no one dares to intercept, instead many people look at the back of Jiang Yi reveal a trace of fear.

"What are you all stunned about?Quickly carry Hu elder brother down the mountain for treatment, if Hu elder brother died, we will die too! Oh, Jiang Yi, I must tear you to shreds"

The crowd was watching Jiang Yi leave,when an immense furious roar sounded , unexpectedly is from Jiang Ruying who was beaten Jiang Yi by a single punch in the beginning.

"Quick, quick! Carry Hu elder brother!"

"Report family punishment hall quickly, Report it to Chief Elder!"

"RightReport it to Chief Elder, Report family punishment hall, Must execute Jiang Yi"

While carrying Jiang Ruhu and Jiang Ruying, all the people are thrown into confusion walking down the mountain, all indignant clamour stop, some people wish that they could cut Jiang Yi to pieces so that they could dispel anger.

“No Cannot Cannot tell my father Cannot tell the family!”

Arrives at the halfway down the mountainside, Jiang Ruhu recovered consciousness, he opens the mouth to say with difficulty: “Jiang Yi strength can not progress so fast Cannot When my brother comes back I want him to die All people remember, this matter of today Is like sacrificing a horse to win a war”

Listening to Jiang Ruhu’s words, the whole crowd’s face was confused, they all thought that, this Jiang Ruhu did he injure his head? They have been labelled into such a state, they can not retaliate but also have to help in concealing Jiang Yi !

“Right! Right! Cannot tell the family!”

Jiang Ruying actually quickly awakens, loudly shouted to clear the way: “Jiang Yi strength progressed so much, if the family knew, not only will not blame him, instead will take serious care of him! Also perhaps will grant the status of core juniors, when the time comes we can only be bullied by him for a lifetime, will not have any means to report this enmity. Hu elder brother said right, this matter we must conceal completely, Must sacrifice a horse to win war, in any case this was not for long time, when RuLong elder brother comes back from Wu Palace, We will ask Long elder brother for help Get rid of Jiang Yi!”

“Long elder brother?”

All people innermost feelings cold, secret nodded, this Long elder brother is Jiang Ruhu’s blood brother Jiang Rulong, the strength places second in the family younger generation, has achieved to Dao boundary sevenfold, recently went to Wu Palace to close up with eldest son Jiang Henshui. If he comes out to hear that Jiang Ruhu turned into this, definitely will become violently angry and kill Jiang Yi.

Jiang Ruying pupil contracts and confessed his idea to the group. People talked in a low voice, while went out of the medicine field and rushed towards Jiang

Family Courtyard.

“Shouted

Waits for all people to vanish in Medicine field, in the halfway down the mountainside comes out an weak figure,he vaguely heard the words of Jiang Ruying,so his face has a relaxed colour.

Finally the few words that he spoke by Jiang Ruhu's ear , really had the effect!

Jiang Yi has not thought about making this matter a major event, he does not want all the people in family to know that his strength progressed by leaps and bounds, he intentionally “reminded” Jiang Ruhu about this,so that this matter will not spread.

In his mind currently there is only Nameless merit law , practising the abnormal black Yuan force, he does not think that all people should know all these strange matters . What is most important is the death of Liu elder, so he is kind of anxious,fears that the family will implicate a heavy fine on him,as a Refinement Teacher for a small family, is very important.

“Jiang Rulong? Ahem! Now I most lack is the time, if Jiang Rulong closes up for 1-2 months in the Wu palace,then when the time comes for the fight, who wins and who loses is uncertain!”

Thinking about that the black Yuan force that can release the runes on his seal , which can promote his practice speed, Jiang Yi both eyes light up, takes a break and moves down the mountain fast.

Chapter 20 : Different Innate Talent

After Informing Rong Steward about the inventory of medicine field, Jiang Yi returned to his yard and asked Jiang Xiaonu to look for Chunya and inquiry any news within the family. Half Hour later Jiang Xiaonu came back, and told Jiang Ruhu all the news.

Jiang Ruhu was beaten badly and carried back by others, this caused an uproar in entire Jiang Family, but when heard that it was done by Ma juniors any body did not care at all, instead criticized Jiang Ruhu and all as waste, lost the face of Jiang Family.

Tianyu city Ji Clan is the head, under them are Liu, Ma, Jiang and Leng four respected families. There are Yi family and other small families, for example Yi, Ling, Xue, Yang and so on, but they cannot compare with five respected families at all.

Shen Wu country was established on basis of Martial Art, to supervise each city completely a strong martial artist was placed there, if there is a military commander with remarkable military exploit was granted a manor in a small town to supervise it. Tianyu city was run by Ji Tian, 14 years ago in six countries fights his meritorious military service was splendid, so he was granted the post of imperial guards assistant general, in the Tianyu city.

In the Tianyu city, Ji clan is Tyrant lord, no family dares to provoke Ji. The Ji juniors are also very self disciplined, actually they don't fight other family juniors. However, Other families were different, for the benefits various families struggle frequently, in the process of several hundred years the accumulated grievances between four respected family is quite deep, in Tianyu City the family juniors fight is a common thing.

Heaven's Xing mainland is a good place for Martial arts, thus the family does not manage the fights between family juniors, leaves them alone as long as they fight outside, so long as they do not kill, everything will be ignored, if you win outside you will also be praised.

Therefore when heard that Jiang Ruhu was beaten by a person of Ma, Jiang Family did not pay any attention, but chief Elder Jiang Yunshe is actually full of anger, although Jiang Ruhu was beaten until unable to recognize, maliciously cursed angrily, and ordered all the Jiang collateral branch juniors to be shut tightly completely at home, if they dare to exit again and disgrace the family, there will be heavy punishment.

After Jiang Yi hears the news, whole body is relaxed, he knows that at least before Jiang Rulong has not come out of the Wu palace, he is safe. He can practice calmly, release the seal unceasingly and strives to enhance the repair in a short time.

The black Yuan force can increase strength two times, he is Dao boundary double Layer at this moment, after fusing with the black Yuan force, he can achieve the strength of Dao boundary fourth Layer. With enhanced vision, his strength can be absolutely compared with ordinary Dao boundary fourth Layer Practitioners.

Jiang Rulong is Dao boundary seventh Layer, if he can promote to Dao boundary triple or four layer, before Jiang Rulong leaves the Wu palace, then Jiang Rulong might not be able to beat him.

"Practice, must continue to release the seal! Tomorrow after taking the inventory of medicine field have to go to the city to search again, how to make money to repay debt."

Jiang Yi hesitated, then no longer thought about it and starts the fast refinement of black Yuan force, to release the seal. He can release about ten runes on seal every day, other time are used to practice, the practice speed is also gradually promoting, at this moment he has achieved about 7-8 times of original speed, although as before this speed is also very slow, but Jiang Yi was satisfied.

Next day before dawn, Jiang Yi wakes up and went to take inventory of medicine field, Jiang Xiaonu actually wanted to go out to work but was heavily reproved and she did not dare to say any thing any more.

After Coming back from Western field he reports to Rong steward and after carrying out all his orders, Jiang Yi slipped away Jiang Family Courtyard. He starts to search the city , seeking for means to make money.

After roaming for whole morning, Jiang Yi is sitting dejectedly on a square centre stone, he does not understand how he can earn money,unless he becomes a coolie for a human, but even then he can only earn several copper coins a day, futile attempt.

[NOTE:Copper coins also exist,not only silver,gold and purple gold]

A month's agreement with Fengyue Building, but now only 18 days left. Jiang Yi at this moment has only 12 silvers, he has tried to find many solutions, but discovered finally besides confessing everything to Jiang Family, and ask money from Jiang Family or he can only ask Ji Tingyu to lend money.

Jiang Family all these years disliked him, also Jiang Yi's bone has arrogance inside it, he does not want to depend upon Jiang. And because of the matter of Liu elders final moment and he really does not want Jiang Family to know that he has black Yuan force.

“Look for Ji Tingyu?”

In his mind reappears that beautiful and breathtaking figure of a yellow clothed young girl, but quickly shook his head, With the sect recruitment for disciple right around the corner, both Ji Tingyu and Jiang Henshui closed up inside Wu Palace to train, so definitely will not come out in a short time.

“RightWu Palace! Must go to the Wu Palace and work as a sparring Partner! This way not only can make some silver money, but perhaps can also meet Miss Ji!”

Jiang Yi shakes with excitement, suddenly stands looks up and moves toward Wu Palace. He then remembers a matter, his strength has achieved Dao boundary double, the black Yuan force was also more condensed, with ten wisps of black Yuan forces each can support sight for an hour of time, if he as trainer in Wu Palace does not need to go every time on the stage and only sparred several times a day, this black Yuan force is more than enough to spare.

Moreover in Jiang Family, only Jiang Henshui and Jiang Rulong entered Wu Palace to practice, even if he acts a sparring partner he wears a mask, they can not recognize him, Their strength so high, sparring partner can only be a gold medal trainer, how can a Dao boundary double martial artist be there opponent?

Lets do it Then!

Jiang Yi has no time to eat lunch, puts on the cape and walks toward Wu Palace.

Wu palace is still recruiting trainer, but the person who gathered has become less, Jiang Yi just approached the side gate, that big black protect guard greeted him to say warmly: "Hey, the little brother, you came, Yang Steward asked for you several times."

Jiang Yi smiles embarrassedly, he does not need this black protect guard to guide him. He enters and walks directly to the side of Wu Palace martial arts room.

"Shua! Shua! Shua!"

Jiang Yi just appeared in the martial arts room main hall, all crowd vision swept over him immediately, Yang steward old wrinkled face full of smiles to blossom shamelessly, far away called out: "Dark green wolf, you have come! What do you say? Stay behind and act as sparring partner a afternoon? I calculate your wages for the day, 12 silvers how?"

Jiang Yi touches the nose, nodded and said: "Good!"

Yang Steward hastily gave the dark green wolf mask to Jiang Yi to wear, and shot a meaningful glance towards a nearby servant, that person departs immediately in a hurry.

Rush!

Jiang Yi just sat cross-legged in the main hall, in the corridor resounds an urgent sound of footsteps quickly, the flame red figure appears, her big eyes lock Jiang Yi, excitedly saying: "Yang Steward, I want dark green wolf as sparring partner."

Jiang Yi scratches the head, secretly thought about the stature of irritable little girl who oppressively attacked him last time, that day attacks him for so long, but could not even touch his clothes, such sparring is really interesting?

"Dark green wolf, go battle!" Yang Steward cracks into a smile, waved toward Jiang Yi, this Yi Ling girl was informed by him, otherwise how will she come that quickly?

Since some people asked for him, Jiang Yi can only smile bitterly and go to battle, he followed Yi Ling Xue into martial arts room, then door was closed quickly, room wall shines brightly, their yuan forces were sealed.

What surprised Jiang Yi was that, that hot body Miss Yi did not attack immediately, instead grateful smiled towards him, saluted him and said: "Are you called the dark green wolf? Many thanks for your training! I hope that you whole-heartedly spar with me today."

Respect and gratitude is very pleasant thing, especially from a beautiful lady. Jiang Yi never received such treatment inside Jiang, instead received Miss Ji and this Miss Yi's high treatment standard, the mood nature is excellent, waved his hand saying: "Young lady is polite, I will certainly spar whole-heartedly."

This Miss Yi's strength, only Dao boundary four layer, day before yesterday he was Dao boundary single layer, but with the help of black yuan Force she could not move a piece of cloth of him, today his strength risen sharply, naturally no further was needless to say.

Really!

After Yi Lingxue launches the attack, Jiang Yi's personal appearance starts elegantly moving in the martial arts room, regardless of how Miss Yi attacks, could not bump into a piece of cloth on Jiang Yi. Jiang Yi will have premonition of the attack each time, the moment Yi Ling Xue starts to attack him, he will start to avoid it. Their Yuan forces were sealed, attack speed completely different, how could Yi Ling Xue attack hit Jiang Yi?

"Drinks! Looks at my improved Rainstorm fist, dark green wolf you Be careful!"

Has fought for a burning joss stick time, Yi Ling Xue whole body sweats profusely, the perfect curves are completely unmasked once more, she actually unaware of it, tenderly drinks one, then both fists comes like a rainstorm, in an instant everywhere is covered with ten fist shades.

"Well? This little girl progress is great, this rainstorm fist is obviously far better than that day."

Jiang Yi sighs with praise secretly, but these many fist shades are completely ineffective on him, because he can see the real fist opposite party clearly, even if the opposite party uses 100 imaginary fist shades result will also be same.

Jiang Family also has a martial art Phantom fist, whose essence is similar to this rainstorm fist, Jiang Yi has already mastered Phantom Fist to Dacheng Stage, his fist shade is more real than this Yi Ling Xue, the how will Yi Ling can Xue injure him?

He was moving with illusion step, he did not draw back instead rushed three feet towards the front, the knees suddenly curved, the body leaned, slid toward the left and evaded Yi Ling Xue attack with ease.

"What...., does not hit, you are too abnormal"

They do not have Yuan force to support, thus use feat of arms consumes the

physical strength fully, as Yi Ling Xue round rainstorm fist pounds, the whole person is tired immediately pants, looked at Jiang Yi, then she sat on the ground.

Jiang Yi patted the gown, said with a smile lightly: "Young lady is very fierce, at such age is Dao boundary four layer, if not the Yuan force sealed, I will be down in a single move by you."

Yi Ling Xue whole body gown has soaked, at this moment gasps for breath in gulps, the chest that sticks out slightly high and low fluctuates, is very attractive. Hears Jiang Yi the words, on her smart face revealed a blush lightly, looks at Jiang Yi to say with a smile: "You speak very good! Today I am happy, tomorrow I will look for you again, but Tomorrow can you hit back? Always to avoid, that is very boring."

"....."

Jiang Yi shakes his head embarrassedly, if he hits back with this Miss Yi's Yuan force sealed, he feared that with one move can knock her down, but what can he say at this moment? Only can nod and say: "Good!"

Miss Yi reorganized the clothes strides to walk, Jiang Yi also followed. Sitting in the crowd, he looked in all directions but did not discover Yang Steward. Whatever he did not care, and sits in meditation to restore the consumed black Yuan force.

Yang Steward was indeed not in martial arts room, but in a nearby small room, he was not alone in the room, in the small room there is also an white haired old man wearing a magnificent and expensive gown, both of them with total concentration were watching the picture on wall.

The picture is mobile, if Jiang Yi and Yi Ling Xue see the picture, they will definitely be shocked. Because Picture played on wall is their scene of war, but the picture is somewhat fuzzy, it seems as if with some mysterious matrix method, the battle has been thoroughly retained.

"Unreasonable, look at the speed of that boy is he really Dao boundary double, how to have that abnormal reaction capacity?"

Yang Steward old face is puzzled and confused, he looked at the picture for a long time alarmed, then finally saluted towards the white-haired old man and said: "Fei Elder, how do you see?"

The white hair old man stroked his beard, opens the mouth saying: "Do not need to look, this boy is Dao boundary double, However innate talent different, reaction capacity is too abnormal. Yang Steward, train and take care of him well, promote his strength to Dao boundary triple or four layer, then he can absolutely become an outstanding gold medal trainer and continuously earn money for Wu palace!"
